Outturn of crops.—

The outturn of paddy is reported to be on the average 5 annas in the Anekal Taluk, 4 annas in the Devanhalli Taluk and 3 annas in Closepet.
Ragi in the Anekal Taluk, yield 12 annas.
„ in Closepet do 9 „
Dry crops other than ragi in the Anekal Taluk, yield 3 annas.

Damage to crops.—Bengal gram in the Magadi Taluk and avare in the Devanhalli Taluk are being damaged by insects.

10. Prospects of the season are reported to be not very promising in the taluks of Magadi and Channapatna and in Closepet; they are fairly good in other parts. Stock of grains available sufficiently for the present, but their prices are very high.

11. Except for small-pox prevailing in the Kankanhalli town, public health generally good.

12. Except for "Dod Roga" prevailing in Attikoppa in the Kankanhalli Taluk, and in Bidadi, cattle are healthy. Fodder available for the present. Insufficiency of the same is reported from the Channapatna Taluk, and cattle are being taken from Neralur and Nannur in the same taluk to the Madaktore Forest for grazing. Water is obtained from wells in the Channapatna Taluk and in Closepet.

KOLAR.

8. Market fairly well supplied.
9. *Standing crops.*—The recent rains have done some good to these.

Crops harvested.—Ragi in Kolar, Bowringpet and Mulbagal; same in Mulbagal; sugar-cane in Sidlaghatta, Chikballapur, Bagepalli, Goribidnur and Srinivaspur; and ground-nut in Goribidnur.

Outturn of crops.—

Ragi in Kolar, yield from 2 to 8 annas.
Do Bowringpet do
Do Mulbagal, yield 4 annas.
Sugar-cane in Sidlaghatta, yield from 4 to 8 annas.
Do Chikballapur do 2 to 8 do
Do Bagepalli do 8 to 12 do
Do Goribidnur do do
Ground-nut in Goribidnur do 4 to 8 do

10. Prospects of the season have slightly improved by the recent rains. Food stuffs available, but their prices continue to be very high.

11. Except for plague in parts of the Malur Taluk and small-pox in parts of Mulbagal, public health generally good.

12. It is reported that rinderpest is still prevailing in parts of the Mulbagal, Sidlaghatta, and Bagepalli Taluks. Water and fodder sufficient for the present. The recent rains have done some good in reviving the withering pasture.

TUMKUR.

8. Supply in market is moderate.

9. *Standing crops.*—Dry crops, such as avare, togari and horse gram are reported to be withering for want of rain. Wet crops under wells in the Maddagiri Taluk, nati ragi in the Sira Taluk and sugar-cane in Gubbi are in fair condition.

Crops sown.—Paddy in the Maddagiri, Chiknayakanhalli and Pavagada Taluks and the Koratagere Sub-Taluk; cholum in the Maddagiri, Gubbi and Pavagada Taluks and the Koratagere Sub-Taluk; and Bengal gram in the Gubbi Taluk.

Crops harvested.—Ragi in the Tumkur, Maddagiri, Sira, Gubbi and Tiptur Taluks and the Turuvekere Sub-Taluk; togari, avare, horse gram and castor in certain portions of the Tumkur, Maddagiri, Chiknayakanhalli, Sira and Gubbi Taluks and the Koratagere and Turuvekere Sub-Taluks; and horse gram in the Pavagada Taluk.

10. Prospects of the season not satisfactory. Food stuffs are available for the present, but their prices continue to be high.

11. Except for small-pox in certain villages of the Maddagiri and Chiknayakanhalli Taluks and plague at Goravipur and Hosakere village in the Gubbi Taluk, public health generally good.

12. "Dod Roga" among cattle is still prevailing in the Tumkur, Chiknayakanhalli, Sira, Gubbi and Tiptur Taluks and the Koratagere Sub-Taluk. Owing to ragi and other crops having been harvested, fodder is procurable in limited quantities in all the taluks, except certain portions of the Tumkur, Tiptur, Pavagada and Kunigal Taluks and the Turuvekere Sub-Taluk. Water scarcity is being felt in several villages of the Tumkur, Chiknayakanhalli, Gubbi, Tiptur, Pavagada and Kunigal Taluks and the Turuvekere Sub-Taluk.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands in parts of the Gundlupet Taluk are being ploughed and made ready for sowing kar seeds. Lands in parts of the Seringapatam and T.-Narsipur Taluks are being ploughed. Tank beds in parts of the Mandya Taluk are being ploughed and made ready for cultivation.

Standing crops.—Horse gram in parts of the Hunsur Taluk is reported to have been spoiled. Coriander and Bengal gram in parts of the Hunsur Taluk, and mulberry, Bengal gram and cotton in parts of the Nanjangud Taluk are reported to be not good. Dry crops in parts of the Mandya and Krishnarajpete Taluks are reported to be withering for want of rain. For want of water in the Sulekere and Karigaval tanks in the Malvalli Taluk, crops under them are reported to be withering. For want of timely rains in parts of the Mandya Taluk, the outturn of crops there is estimated to be a less than 4 annas.

Crops harvested.—Paddy in parts of the Mysore, Hunsur, Yedatore, Nanjangud, T.-Narsipur and Malvalli Taluks; togari in parts of the Mysore, Hunsur, Yedatore and Nanjangud Taluks; horse gram in parts of the Mysore, Yedatore, Nanjangud and T.-Narsipur, Malvalli and Nagamangala Taluks; Ragi in parts of the Nanjangud, T.-Narsipur and Nagamangala Taluks; avare in parts of the Mysore and T.-Narsipur Taluks; castor in parts of the Mysore Taluk; mulberry in parts of the T.-Narsipur Taluk and hutchellu in parts of the Nagamangala Taluk.

Estimated outturn of crops:—

Seringapatam Taluk—Paddy, yield from 8 to 16 annas; ragi, yield 4 annas.

Nanjangud Taluk— Do 8 to 12 annas; ragi yield from 2 to 8 annas; horse gram and togari, yield from 3 to 8 annas.

T.-Narsipur Taluk—Ragi, yield from 4 to 6 annas; paddy, yield from 12 to 14 annas; mulberry, yield from 8 to 12 annas; avare, yield from 6 to 8 annas; horse gram, yield from 6 to 8 annas.

Krishnarajpete Taluk—Paddy, yield from 4 to 12 annas; ragi, yield 4 annas.

10. Prospects of the season indifferent in some parts and not good in others. Food grains are now available with raiyats and merchants, but their prices are still high.

11. Except for plague in a few places in the district, public health generally good.

12. Cattle are suffering from "Dod Roga" in parts of the Mysore, Hunsur Heggaddevankote and Gundlupet Taluks. Water scarcity is being felt in parts of the Mandya Taluk, where wells are being sunk in tank beds. In other parts, it is available for the present. Drinking water wells are being sanctioned, wherever necessary. Fodder scarce in parts of the Krishnarajpete, Nagamangala and Mandya Taluks. It is diminishing in parts of the Nanjangud Taluk. In other parts, it is available for the present. It is reported that about 300 head of cattle have come from the Tiptur Taluk for grazing in the forest in the Heggaddevankote Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Wet and paddy lands are being ploughed in parts of the Manjarabad and Channarayapatna Taluks.

Standing crops.—Avarè, horse gram, togari and Bengal gram in the Arsikere Taluk are reported to be withering for want of rain. Horse gram, avaré, black gram, etc., in the Hassan, Arkalgud, Hole-Narsipur and Belur Taluks require rain. Bengal gram sown in beds of tanks in the Channarayapatna Taluk is reported to be withering for want of moisture in them.

Damage to crops.—Castor plants in parts of the Javagal Hobli of the Arsikere Taluk are reported to be infected with "Kondlihula."

Crops harvested.—Paddy and transplanted ragi in the Manjarabad Taluk; sugar-cane in the Arsikere Taluk and the Alur Sub-Taluk; togari in the Arkalgud, Belur and Hole-Narsipur Taluks, the Alur Sub-Taluk; and horse gram in the Hole-Narsipur Taluk and the Alur Sub-Taluk, are being harvested.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, parts of Dodkadnur Hobli of the Hole-Narsipur Taluk and parts of Madihalli and Halebid Hoblis in the Belur Taluk, where they are not encouraging.

11. Except for plague in parts of the Hassan Taluk, public health generally good.

12. Cattle are generally in fair condition. But "Dod Roga" is prevalent in parts of the Manjarabad, Arkalgud and Channarayapatna Taluks. It is subsiding in the Arsikere and Hassan Taluks. Fodder is generally available. In parts of the Channarayapatna Taluk, dug-up grass and jola and avare stalks are being used as fodder. It is reported that many cart-loads of paddy and ragi straw are being taken to Arsikere from the Hassan and Manjarabad Taluks and the Alur Sub-Taluk. Difficulty for water having been felt in the taluks of Arsikere, Channarayapatna and the Alur Sub-Taluk, steps are being taken to sink new wells and deepen old ones wherever necessary.

SHIMOGA.

8. Market moderately supplied.

9. *Standing crops.*—Avarè in the Shimoga Taluk; Bengal gram, avaré and cotton in the Channagiri Taluk, and Bengal gram, wheat and white jola in the Honnali Taluk, are reported to be in moderately good condition. Some rain is still wanted for them. Outturn of these crops is not likely to be fair. Sugar-cane in the Sorab, Sagar and Tirthahalli Taluks is reported to be in fair condition. Their condition is not satisfactory in the taluks of Shimoga, Shikarpur and Honnali, for want of rains.

Probable outturn of crops.—

Shimoga—Paddy, yield from 4 to 8 annas.
Channagiri—Paddy, yield from 4 to 8 annas.
Ragi, yield from 4 to 8 annas.
Other dry crops, yield 8 annas.
Honnali—Paddy, yield from 4 to 8 annas.
Shikarpur—Paddy, yield 8 annas.
Sugar-cane, yield 8 annas.
Dry crops, yield 2 annas.
Sorab—Paddy, yield 10 annas.
Ragi, yield 2 annas.
Sugar-cane, yield 10 annas.
Areca, yield 12 annas.
Sagar—Paddy, yield from 8 to 12 annas.
Nagar—Paddy, yield 14 annas.
Tirthahalli—Paddy, yield 10 annas.
Kumsi Sub-Taluk—Paddy, yield 14 annas.
Horse gram, yield 8 annas.
Ragi, yield 10 annas.

10. Prospects of the season not fair for want of timely rains. Food stuffs are available in limited quantities. Their prices still continue to be very high. It is reported that some slight showers fell in some places in the district and that the weather was cloudy during the past 3 days.

11. Public health generally good. Plague is subsiding in the Shimoga Taluk and the Kumsi Sub-Taluk. Fever and cold are reported to be prevailing in the malnad taluks.

12. Murrain is still prevailing in the Sagar and Nagar Taluks and it is reported that it is subsiding in the Sorab Taluk and the Kumsi Sub-Taluk. Water and fodder are available for the present. Their want is felt in some parts of the Shimoga and Channagiri Taluks.

KADUR.

8. Market well supplied

9. *Standing crops.*—

In Chikmagalur—Paddy, ragi, castor, avare, gingelly, kulthi, coriander, Bengal gram, sugar-cane, wheat, jola and coffee.

In Kadur—Paddy, ragi, jola, avare, sugar-cane, coriander, Bengal gram, chillies, wheat and kulthi.

In Tarikere—Paddy, ragi, kulthi, avare, jola, togari, navane, Bengal gram, coriander, gingelly and sugar-cane.

In Koppa—Paddy, areca, sugar-cane, pepper and coffee.

In Yedahalli—Paddy, sugar-cane, areca and coffee.

In Sringeri—Paddy and areca.

These are withering for want of rain. The recent rainfall in the Chikmagalur and Kadur Taluks is reported to have damaged togari, avare, Bengal gram and coriander although beneficial to jola.

Crops harvested and their yield.—

In Chikmagalur—Paddy, sugar-cane, ragi and coffee, yield not given.

In Kadur—Paddy and sugar-cane, yield 8 annas.
Chillies, yield 4 annas.
Ragi and jola, yield 4 annas.

In Tarikere—Kulthi, not given.

In Koppa—Coffee, paddy and areca, yield 8 annas.

In Yedahalli—Paddy and areca, yield from 4 to 8 annas and from 8 to 10 annas, respectively.

In Sringeri—Paddy and areca, yield 12 annas.

10. Prospects of the season not satisfactory. Rain is needed throughout the district. Food stuffs are available, but their prices continue to be high.

11. Public health generally good. But plague prevails still in certain villages of the Kadur and Tarikere Taluks.

12. Cattle are generally healthy. Water and fodder are available in the malnad; but difficulty is felt for procuring them in the maidan portions of the district. In some parts of the Kadur Taluk, date leaves are being used as fodder for cattle.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops*, such as jola, navane, chillies, horse gram, castor, togari, wheat, Bengal gram, avare, cotton, paddy and sugar-cane are withering for want of rain, except those under *kapile* wells and channels which are in fairly good condition.

Crops sown.—Navane, jola and wheat under *kapile* wells in the Challakere Taluk; and paddy under channels in the Hiriyur Taluk.

Crops harvested and their yield.—Ragi and navane in the Challakere, Holalkere and Molakalmuru Taluks, yield from 1 to 4 annas; paddy, sajje and same in the Challakere Taluk, yield from 1 to 8 annas; horse gram in the Holalkere Taluk, yield 4 annas; and avare, togari, castor, jola, cotton and chillies in the Holalkere Taluk, yield from 2 to 12 annas.

10. Prospects of the season fair, except in parts of the Hiriyur, Challakere, Molakalmuru, Chitaldrug, Davangere, Hosdurga and Jagalur Taluks. Food stuffs available.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug and Holalkere Taluks, where rinderpest prevails. Water and fodder available except in parts of the Hiriyur, Challakere, Hosdurga, Chitaldrug and Molakalmuru Taluks.

9. *Agricultural operations.*—Wet lands are being ploughed in parts of the Manjarabad Taluk.

Standing crops.—Avare, Bengal gram, togari, castor, haraka, etc., in the Arsikere and Channarayapatna Taluks are reported to be withering for want of rain. Black-gram, castor avare, etc., in the Hassan, Arkalgud, Hole-Narsipur and Belur Taluks and the Alur Sub-Taluk urgently require rain.

Crops sown.—Bengal gram in the Channarayapatna and Belur Taluks in beds of tanks in which there is no water.

Damage to crops.—Castor plants in parts of the Javagal Hobli, Arsikere Taluk. are infested with "Kondli Hula."

Crops harvested.—Paddy in the Manjarabad and Channarayapatna Taluks and the Alur Sub-Taluk. Sugar-cane in the Channarayapatna Taluk and the Alur Sub-Taluk and togari and horse-gram in the Hole-Narsipur Taluk and the Alur Sub-Taluk; these are being harvested.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, parts of the Dodda Kadnur Hobli in the Hole-Narsipur Taluk and parts of the Madihalli and Halebidu Hoblis, in the Belur Taluk, where they are not encouraging.

11. Except for plague in parts of the Hassan and Channarayapatna Taluks, public health generally good.

12. Cattle are generally in fair condition. "Dod Roga" is prevalent in parts of the Manjarabad, Arkalgud and Arsikere Taluks. Difficulty for water having been felt in the Taluks of Arsikere and Channarayapatna and parts of Belur, steps are being taken to sink new wells and deepen old ones, wherever necessary. Fodder is generally available. In parts of the Arsikere and Channarayapatna Taluks, dry up grass is being used as also jola and avare stalks in the Channarayapatna Taluk. It is reported that many cart loads of ragi and paddy straw are being taken to Arsikere for sale there from the Hassan Taluk. It is also reported that during the week, 40 head of cattle to the Belur Taluk and 470 to the Manjarabad Taluk were brought for grazing from the taluks of Arsikere and Channarayapatna of the Hassan District from the Gubbi, Kunigal and Tumkur Taluks of the Tumkur District and from the Nagamangala Taluk of the Mysore District. The total number of cattle thus brought is 971 to the Manjarabad Taluk and 1,461 to the Belur Taluk.

SHIMOGA.

8. Supply in markets moderate.

9. *Standing crops, viz.,* Bengal gram, cotton and white jola are in fair condition in the Channagiri Taluk; sugar-cane is reported to be in good condition in the Tirthahalli Taluk and in unsatisfactory condition for want of rain in the Honnali and Shikarpur Taluks.

Programme Committees.

4. The Executive Committee will appoint special Committees which will attend to the organization and classification of the articles to be exhibited, thus forming the general Programme of the Exhibition. The above Committees will occupy themselves with the study and proposals concerning the various exhibits grouped according to their uniformity of origin or of destination. These proposals will be submitted for approval to the Executive Committee. Each Committee, duly completed, will be afterwards reconstituted in an organizing Committee.

Temporary Shows and Competitions.

5. There will also be held temporary Exhibitions and Competitions for: Zootechnics, Culture of vegetables and flowers and other cultivations, as well as for alimentary substances which cannot be preserved long: Special Exhibitions for Anthropology and Ethnography: Competitions with awards for agricultural engines and machines for aerial Navigation, for new applications of electric Energy. Finally a great Competition between the Italian towns will be held for the purpose of demonstrating the progress made from 1861 upwards in the hygienical conditions of dwellings, in the development of their systems and plans as well as in Municipal organizations in its various departments.

There will also be Congresses, Lectures and grand popular Entertainments.

LOCAL AND DISTRICT COMMITTEES IN ITALY AND ABROAD.

6. Chambers of Commerce, Agrarian Committees and Societies will be invited by the Executive to appoint Committees in their respective localities from among representatives of the Municipality and such citizens as are considered most fit the purpose:—

(*a*) of promoting meetings of Exhibitors; of diffusing in their district the details of the conditions of the Exhibition, of distributing forms, of dealing with the enquiries of the exhibitors, of helping and directing them in the choice of Exhibits;

(*b*) of deciding about the quality and quantity of the articles to be submitted to the approval of the Executive Committee for admission, taking care to avoid any superfluity of products of the same kind, and to provide for their being duly and suitably represented in all their varieties; also to see that the prescriptions of the regulations and the directions of the Executive Committee are complied with;

(*c*) of transmitting, at least every fortnight, to the Executive the applications for admission together with a list of the same, in conformity with Form E, and with the information collected and opinions given by the local Committee as to the qualities of the products, and the qualifications of the Exhibitor. Applications must reach the Executive Committee not later than June 30th 1910;

(*d*) of communicating to the Exhibitors the decisions of the Executive Committee in regard to the applications for admission, the distribution of space, the serial number, the class to which their products belong, the rules and regulations and all other information that may be of interest, to facilitate the transport of the exhibits and the control of the bills of lading;

(*e*) of taking care that the articles be exhibited in the true productor's name.

7. Special Committees and Representatives will also be appointed abroad for the same purpose, by the Chambers of Commerce or by the Consular Agents or any other appropriate Institutions and Associations.

Other local Committees may be appointed in the most important localities of the Districts of the Chambers of Commerce, with the object of aiding the District Committees and of fulfilling such duties as may be entrusted to them by the Executive or by the District Committee

Members of the local Committees may only be elected by the Executive, and the District Committee may nominate the persons most fit for such a charge.

8. It will further be the duty of the District and local Committees to complete the necessary arrangements for making known and appreciated the importance of each industry, whether carried on in manufactories or in the home, such as for instance collecting information on the special nature of the products, the wages of workmen, the exportation and consumption and all improvements and innovations introduced in the methods of manufacture.

This information must reach the Executive not later than January 1910.

EXHIBITORS.

Applications for Admission.

9. All persons who desire to exhibit must forward to the local Committee the applications for admission (Form A) in duplicate copy, duly filed in, with the required information together with all notices tending to illustrate their products and the relative industry. The said applications must be sent in before March 31st, 1910, and by his application the exhibitor engages himself to comply with the regulations and all rules that may be further established by the Executive.

Each separate application must relate only to such exhibits as appertain to the same class.

10. Italian as well as foreign Exhibitors will be admitted to the Exhibition Halls where they will occupy the spaces allotted them by the Executive in accordance with the classification of articles and in such a manner that each stand shall be, as far as possible, disposed in conformity with the Programme.

Collective Shows.

11. The Executive Committee is however empowered to grant under special conditions to the more important exhibitors, and especially those who exercise several industries or several branches of an individual industry, and who may desire to give the visitors an idea of the extent of their entire output, the faculty to exhibit the whole of their products in separate kiosks. Of course the judgment on such products will take place in competition with the exhibits of the same class.

Special Kiosks.

12. Should the Executive grant some Firm or group of Productors of the same kind the faculty of exhibiting their products in a particular kiosk, the application for any such separate building must reach the Executive not later than March 31st, 1910.

With the said applications it will be necessary to send a drawing representing the particular building, for the approval of the Committee; which building must be constructed and paid for by the exhibitor himself.

Requests of Motive Power, etc.

13. The Exhibitor who desires to send machines or other objects which will require special constructions, ground work or the use of water, gas, steam, or electric power to set the machines in motion, or to represent any operation of manufacture, must forward a special application not later than December 31st, 1909, giving all necessary information.

14. Producers are requested to state in their applications the prizes they have already obtained in other national or foreign Exhibitions, and all other information asked for in the Form.

15. All communications between Exhibitors and the Executive Committee, prior to the opening of the Exhibition, must be made through the Provincial Committee.

16. To the Executive Committee shall appertain the sole right of:

(*a*) Accepting definitively, complete or partial, the articles, and refusing those having no industrial value;

(*b*) Granting the allotment to each exhibitor of the space within the precincts of the Exhibition. No complaint in this respect will be entertained.

The Executive Committee will assign to each exhibitor a serial number which must be mentioned in every action or complaint.

Admission Fee and Space Tax.

17. Every admitted exhibitor will have to pay an inscription fee of 20 Fcs. and a special tax in proportion to the surface they occupy (see the special Tariff annexed to this Regulation).

The whole inscription fee and a half of the proportional tax for each unit of surface must be sent in within thirty days from the date of the certificate of admission (Form B), and the other half before December 31st, 1910.

If, however, the total amount does not exceed 100 Frs. the payment must be made in full.

The exhibitor who does not send in the balance within the prescribed term, cannot claim the reimbursement of the 1st payment which will go to the benefit of the Exhibition, without intimation or resorting to legal proceedings.

Should the inscription fee not have been paid in full by the exhibitor within the time prescribed, he will lose his right to exhibit, and the Executive can dispose of his place after January 15th, 1911.

Carriage Expenses.

18. All expenses for transportation, delivery and expedition, packing, removal, storage of the chests and implements, as well as for the provision of duly prepared counters, show-cases, platforms, etc., and for the care of the objects in the Exhibition, in conformity with the regulations set forth by the Executive, will be at the total charge of the Exhibitors.

Counters and show cases.

To exhibitors will be let on hire counters, show-cases, dressers, etc., if so requested in the application for admission.

Invoice directions.

19. Every article must be sent free of any charge to the Exhibition, and—

(a) In the least possible number of packages;

(b) With the indication of the number of packages forming the total invoice; if this is of a single package, it must be marked No. 1, if of more than one, each of them must be marked visibly and clearly with a fraction, the denominator of which will be the total number of the packages, and the numerator the progressive number: for instance, if there be three packages, each must bear the sign, 1/3, 2/3, 3/3, respectively;

(c) Should many packages be sent in a single box a special notice to that effect must be written on the address label;

(d) The address ought to be securely attached and written in conformity with Form D. The indication of the class, serial number of the exhibitor, and the said fraction must be written on three sides of the box.

Way-bills.

20. The Exhibitors must at the same time with the articles, fill up the bill of expedition (Form C) in triplicate copy, in which are to be enumerated the exhibits contained in each package, stating their weight, value and serial number. The exhibitors must moreover make known their address in Turin or that of their Agents, so that they can be sent for assistance at the operation of unpacking, delivery and placing, according to the directions of the Executive Committee. Failing such directions or in case of delay on the part of the exhibitor, the Executive will provide for the said operations at the exhibitor's expense, without assuming any responsibility.

Lists of Exhibits.

21. In each package or case the exhibitors must enclose a list of the objects contained therein.

The exhibitor must also attach to each object a label bearing the serial number assigned to him by the Executive, and mentioned in the letter of admission.

22. One of the three copies of the *Bill of expedition* (Form C) must be forwarded by the exhibitor in a letter addressed to the Executive Committee, to be posted on the date of the expedition; a second copy must be delivered at the Railway Office together with the way-bill, and the third copy must be kept by the exhibitor for the withdrawal of the articles at the close of the Exhibition.

Delivery Terms.

23. Exhibits will be received from 1st to the 31st March 1911; the Committee however retains the right of fixing other dates for goods of exceptional value and for such goods as are liable to become spoiled through being kept packed for any length of time.

Heavy or bulky goods, machines and such articles which will require special ground work or mountings, must be consigned before January 15th, 1911.

Exhibit Unpacking and Placing.

24. Each exhibitor or his representative must assist at the unpacking and placing of the exhibits, following the instructions that the Gallery-Inspector may give in the name of the Executive or special Committees. Should any exhibitor fail to provide for the unpacking and placing of his products, the Committee will do it at the total charge of the exhibitor himself, without assuming any responsibility. This to be done without prejudicing in any way the dispositions of article 25.

25. Should any exhibitor not have placed his products before March 31st, 1911, he will lose all right to exhibit and his certificate of admission will become void; both the inscription fee and space-tax will go in favor of the Exhibition funds without any formality or legal proceedings. Moreover the Committee may order the uncompleted stand to be taken away at the exhibitor's expense.

Empty Packing.

26. The cases as soon as they are emptied must be removed by the exhibitor or his Agent failing which the Executive will have them stored at the expense and risk of the exhibitor, and without assuming any responsibility for the same.

All empty cases and packing materials that after one month from the close of the Exhibition have not been taken away will be considered as having been abandoned.

Customs and Transport Facilities.]

27. For the advantage and convenience of exhibitors the Executive will—

(1st) Undertake the necessary formalities for obtaining the temporary exemption from customs-duty on the importation of all exhibits as well as special tariffs for land and sea transport. Intending exhibitors will be advised in due time of the special facilities thus obtained.

(2nd) Organize, by special contracts and pre-arranged tariffs, for the transport of exhibits from the Railway Stations at Turin to the Exhibition Reception Office and Galleries, unpacking and storage of cases, repacking and transport at the close of the Exhibition.

Sign-boards.

28. Articles must be exhibited with the names of the producers and inventors and an indication of their market price. All decorative objects, sign-plates, bills or publications which the exhibiting Firms may desire to use to illustrate their products within the space allotted to them, must first be submitted to the Executive Committee for approval (said approval to be given in writing).

The Executive Committee will take care to obtain a special Bill for the protection of the artistic and industrial property of the exhibits.

29. All machines will be placed in departments containing the class of products they are adapted for, and, when possible, set in motion before the public, so that visitors may easily view their manner of working and production.

Obnoxious Materials.

30. Explosives and all materials of a dangerous nature will be rigorously excluded from the Exhibition Galleries and Precincts.

All substances that are likely to excite chemical change in other products, such as alcoholic spirits, oils and caustic matter, and those which may be troublesome and tedious either to exhibitors or visitors will not be admitted unless they are hermetically sealed in solid vessels and bear the particular guarantee which will be required in each case by the Executive.

31. The Executive Committee reserves to itself the right of rejecting or having removed, at any moment, such products which on account of their imperfection are not judged worthy to be exhibited; also those which on account of their size or constitution, or for other reasons may be obnoxious or in opposition to general organization and decency; and those which are found to be of a different origin to that declared by the exhibitor.

Artistic and Industrial Property.

32. No work of art, and no product exhibited within the precincts of the Exhibition may be sketched, copied or reproduced in any way without a special authorization of the exhibitor, duly provided with the permit of the Executive Committee.

The Executive reserves to itself the right of authorizing the reproduction of the buildings, and of the general exterior and interior views.

Fire Insurance.

33. The Executive Committee will insure against fire the buildings of its property; the exhibitors must provide on their part for the insurance of their products, stands and buildings; informing the Committee of the name of the Insurance Company and stating the insured value.

The Executive, whilst they will take all the measures necessary for the custody and preservation of the exhibits, do not assume any responsibility and it is understood that the exhibitors renounce in every case to make any claim whatever for casual damage which the exhibits may suffer, or for their loss or waste, or for any other reason.

Exhibits Sale.

34. Objects admitted to the Exhibition may not be removed until after its close, except in special cases for which it will be necessary to obtain a written authorization from the Committee. The sale of objects exhibited within the precincts of the Exhibition will be permitted, on the condition however that they are not removed before the close of the Exhibition. No invitation to purchase is allowed: it will be only permitted to hand visitors addresses and prospectuses when so requested.

35. Exhibitors or their representatives will have free admission to the Exhibition provided they have the special personal ticket supplied them by the Committee in conformity with particular rules which will be later on prescribed. The representative of more than one exhibitor will be entitled to one ticket only.

Exhibitors and Representatives Legal Domicile.

36. The exhibitor in his Form of Application will elect a legal domicile in Turin and (failing this) it will be understood as being the same as that of the Executive Committee.

The exhibitor who has the intention of appointing a representative must make a written declaration to that effect, specifying in a full and clear manner the powers to be conferred on the same.

The representative of an exhibitor must elect a domicile in Turin to which all communications from the Executive Committee will be addressed.

The exhibitors or their representatives, by virtue of their duly signed applications, assume the obligation to conform to the rules contained in the present general Regulations and in the special bye-laws, for instance to present one's self at every request of the Executive Committee either for communications or explanations, and to conform to all dispositions which will be further established.

They must also be ready to grant any trials, information or request that may be demanded by the Juries.

Exhibit Withdrawal.

37. Within a fortnight after the close of the Exhibition, the exhibitors or their representatives, provided with a special written license of exportation which will be delivered to them by the Committee, after they have settled all their debts towards the exhibition, must pack their goods and carry them away in conformity with the disposition of Article 18 and with the orders which will be further issued by the Committee. After the said term the Committee will have the operations carried out at the exhibitor's expense, without rendering itself liable for any damages or losses, nor for inconveniences arising with regard to customs-duty or charges for re-expedition.

After the lapse of another fortnight, should the objects not have been removed, they may be sent to the exhibitor, to be paid for on delivery, or stored at the expense and risk of the exhibitor and without any responsibility resting with the Executive Committee.

Within three months from the date of the close of the Exhibition, the remaining objects will be considered as having been abandoned in favour of the Exhibition.

The exhibitors in particular kiosks or pavilions must clear away everything and leave the ground in its orginal state, removing all materials left after the demolition within the term of three months after the closing of the Exhibition. Moreover the exhibitors will not be allowed to carry their articles away without first having given a sufficient guarantee that this duty shall be duly performed.

AWARDS AND JURY.

38. The Exhibitors who are to be judged by the Jury as being worthy of high consideration for the quality, excellence and high merits of their products, will be awarded the following prizes :—

Grand Prize Diploma.
Honourable „
Gold Medal „
Silver „ „
Bronze „ „

39. A special Regulation will provide for the manner in which the Jurymen are to be elected, their number, their nationality, the rules according to which the Jury will operate and the general procedure to be followed in their judging and decision.

ADMISSION FEE AND CHARGES FOR SPACES.

All Exhibitors according to Article 17 of the General Regulations will have to pay a general Admission Fee of Lit. 20.

Charges for spaces are as follows :—

IN THE GALLERIES AND HALLS.

First square mètre on ground or walls	Lit.	20.
Per each mètre over and above	„	15

Wall space contiguous to ground space will be free when equal to, or minor than, this last. A larger wall space will pay in proportion to the occupied area.

UNDER THE PORTICOES AND OPEN GALLERIES.

Per square mètre of occupied space	Lit.	10
For spaces accessible on two sides 30 % increase.		
„ „ three „ 60 „ „		
„ free all around 100 „ „		

In the central passages the full rate for space will be increased by 50 per cent. The area is to be calculated after the lesser rectangle circumscribed. The fractions of square mètre are reckoned as a whole.

OPEN GROUND INTENDED FOR EXHIBITS.

First square métre	Lit. 10
Per each métre over and above	„ 5

Spaces intended to be built upon for special Kiosks and Pavilions, Bars, Restaurants, etc., will be let on special terms according to the case, by application to the Executive.

SUPPLY OF WATER, LIGHTING, HEATING AND MOTIVE POWER.

The Executive will supply in the precincts of the Exhibition, subordinately to the place where requested for, Water, Lighting, Heating and Motive Power at the following rates :—

Water under pressure for industrial purposes	Lit.	0,30 per cubic métre.
Drinking water	„	0,40 „
Steam	„	0,30 per kilogram.
Lighting, Heating and Actioning Gas ...	„	0,25 per cubic métre.
Electric Current for Lighting ...	„	0,10 per Hectowatt-hour.
Do for Motive Power ...	„	0,05 „

I. The main Plants for the Water, Steam, Gas and Electricity supply will be at the Executive's charge. Exhibitors must provide for the necessary junctions, pipes, gear and fittings.

II. Town and Government duties on the above supplies will be paid for by the Executive.

III. For plants requiring a great amount of water, power, etc., a rebate on the present rates may be agreed upon, when handing the Application Form to the Executive.

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M., on the day previous to the Show.

4. Cut Flowers may be delivered up till 2 P.M., on the day of the Show, but not later if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words kinds and varieties may be illustrated as under:—apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of Roses. Cabbage, Beans, Beet, Carrot are distinct *kinds* of vegetables. Sugarloaf, Early Drumhead, Enfield market, etc., are distinct *varieties* of Cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be *bona-fide* the produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M., on the day of the Show shall be summarily ejected.

14. No one can be a judge in any class in which he may be an exhibitor.

15. Similarly while judging is going on no exhibitor is permitted to be in the Exhibition and any exhibitor acting contrary after being asked to retire will have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding medals at the Horticultural Shows are hereby notified to the public :—

The Government of His Highness the Maharaja have sanctioned the grant of medals in addition to the usual money prizes offered at the half-yearly Horticultural Shows, subject to the following conditions:—

(1) The medals will consist of, a gold medal for classes I, II and III, a silver medal for class V and a bronze medal for class VI.

(2) These medals will be awarded by the Judges, at their discretion, at the Summer Show held in July or August in each year.

(3) The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes, taking the two shows of the calendar year together.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

(4) No exhibitor who has been awarded a medal in any class will be qualified to receive another medal in that class during the three calendar years succeeding that in which he has received the medal.

(5) No exhibitor will be qualified to receive a medal who is not the *bona-fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor, who has merely purchased fruit or vegetables exhibited will be eligible.

(6) It will be open to the Judges to withhold any or all the medals in any year on the ground of deficiency of merit in the exhibits.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—	Rice ...	7·4	5¼ to 5½	seers per rupee.
	Ragi ...	17·5	9 to 10	

Agricultural operations.—Preparation of thrashing floors.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market fairly well supplied for the present.

9. *Agricultural operations.*—Ploughing has commenced for sugar-cane cultivation in the Devanhalli Taluk.

Standing crops.—Paddy is in moderate condition in the Nelamangala Taluk and is not in promising condition in the Hoskote Taluk and in Closepet. Sugar-cane is in morderate condition in Nelamangala and is withering for want of rain in the Dodballapur and Anekal Taluks. Minor dry crops are in moderate condition in the Hoskote, Nelamangala and Kankanhalli Taluks.

Outturn.—Wet crops, yield 5 annas on the average in parts of the Hoskote, Anekal and Devanhalli Taluks; 6 annas in the Nelamangala Taluk and 3 annas in Closepet.

Ragi in Anekal—Yield 12 annas.
" Closepet—Yield 9 annas.
" Nelamangala—Yield 6 annas.
Minor dry crops in the Anekal Taluk—Yield 3 annas.

Damage to crops.—Avaré crops are being damaged by insects in the Devanhalli Taluk.

10. Prospects of the season are reported to be not very promising in the taluks of Nelamangala and Channapatna and in Closepet and to be good in the remaining taluks. Stock of food grains is sufficiently available, but their prices are still high.

11. Public health generally good. Small-pox is subsiding in Kankanhalli town.

12. Cattle genarally healthy. But "Dod Roga" has not yet subsided in Attiguppe, Kankanhalli Taluk. Water is available for the present, except in some parts of Channapatna and Closepet where it is obtained from draw-wells. Fodder is available for the present in all the taluks, except in some parts of the Channapātna Taluk.

KOLAR.

8. Market fairly well supplied.

9. *Standing crops.*—The recent rains have done some good to these.

Crops harvested.—Ragi in Kolar, Bowringpet and Mulbagal; horse gram in Bagepalli and sugar-cane in Mulbagal, Sidlaghatta, Chikballapur, Bagepalli, Goribidnur and Srinivaspur.

Outturn of harvests.—

Ragi in Kolar—Yield from 2 to 8 annas.
" Bowringpet— Do
" Mulbagal—Yield 4 annas.
Sugar-cane in Mulbagal—Yield from 4 to 8 annas.
" Sidlaghatta— Do
" Chikballapur—Yield from 2 to 8 annas.
" Bagepalli, Goribidnur and Srinivaspur—Yield from 8 to 12 annas.

10. Prospects of the season have slightly improved by the recent rains. Food stuffs are available; but their prices continue to be very high.

11. Except for plague in parts of the Kolar and Malur Taluks and small-pox in parts of Mulbagal, public health generally good.

12. It is reported that "Rinderpest" is still prevailing in parts of the Mulbagal, Sidlaghatta and Bagepalli Taluks. Water and fodder sufficient for the present. The recent rains have done some good in reviving the withering pasture.

TUMKUR.

8. Supply in market is moderate.

9. *Standing crops.*—Crops, under wells, in the Maddagiri, Sira and Pavagada Taluks, and sugar-cane in the Maddagiri, Gubbi and Kunigal Taluks are in moderately good condition. Dry crops such as avare and horse gram are reviving by the recent rain-fall in the Sira and Pavagada Taluks and in the Koratagere and Turuvekere Sub-Taluks, and in the remaining taluks, they are withering.

Crops sown.—Paddy in the Maddagiri, Chiknayakanhalli, Sira and Pavagada Taluks and the Koratagere Sub-Taluk; cholum in the Maddagiri and Gubbi Taluks and the Koratagere Sub-Taluk, Bengal gram, wheat ragi and wheat in the Sira Taluk; and sugar-cane in the Gubbi Taluk.

Crops harvested.—Togari, avare, castor and horse gram in the Maddagiri, Chiknayakanhalli, Sira and Gubbi Taluks and the Koratagere Sub-Taluk; paddy in the Maddagiri, Gubbi and Tiptur Taluks; ragi in the Sira and Tiptur Taluks; sugar-cane in the Tumkur and Maddagiri Taluks and the Koratagere and Turuvekere Sub-Taluks.

10. Prospects of the season not satisfactory. Food-stuffs are available for the present but their prices continue to be high.

11. Except for small-pox in certain villages of Chiknayakanhalli and cholera in the village of Pendaljeevi in the Pavagada Taluk, public health generally good.

12. "Dod Roga" among cattle is still prevailing in the taluks of Tumkur, Sira, Gubbi and Tiptur and the Turuvekere Sub-Taluk. Water and fodder are available in limited quantities in the taluks of Maddagiri and Sira and the sub-taluks of Koratagere and Turuvekere. Water scarcity is being felt in several villages of the Tumkur, Chiknayakanhalli, Gubbi, Tiptur, Pavagada and Kunigal Taluks and difficulty for fodder is being felt in the taluks of Tumkur, Tiptur and Kunigal.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands in parts of the Mandya Taluk are being ploughed. Lands in parts of the Gundlupet, Nanjangud and Seringapatam Taluks are being ploughed for sowing kar seeds of cholam and planting sugar-cane respectively.

Standing crops.—Bengal gram, in parts of the Nanjangud and Nagamangala Taluks and cotton in parts of the Nanjangud Taluk are reported to be not good. Gram in parts of the Nagamangala Taluk is reported to have failed thoroughly. For want of water in the Sulekere and Karigava tanks in the Malvalli Taluk crops under them are reported to be withering. The recent rains in the Hunsur Taluk are reported to have damaged avare, Bengal gram and the harvested paddy. The rains in the Heggaddevankote Taluk have caused the harvested and stocked ragi and paddy to deteriorate.

Crops harvested.—Avare in parts of the Mysore Taluk; black gram, green gram and horse gram in parts of the Yedatore Taluk; ragi in parts of the Mandya Taluk; togari in parts of the Mysore, Hunsur, Yedatore and Heggaddevankote Taluks and paddy in the parts of the Mysore, Hunsur, Yedatore, Gundlupet, Nanjangud and Malvalli Taluks.

Estimated outturn of crops:—

In the Seringapatam Taluk—Paddy, yield from 4 to 16 annas.
Ragi, yield 4 annas.

In the Nanjangud Taluk—Paddy, yield from 8 to 12 annas.
Ragi, yield from 4 to 8 annas.
Togari and horse gram, yield from 3 to 8 annas.

In the Krishnarajpete Taluk—Paddy yield from 4 to 12 annas.
Ragi, yield 4 annas.

In the Malvalli Taluk—Paddy, save, ragi and baraka, yield 8 annas each.

In the Mandya Taluk—The outturn of paddy and sugar cane is estimated at less than 4 annas.

10. Prospects of the season indifferent in some parts and not good in others. Crops in the Mandya and Krishnarajpete Taluks are reported to be in need of rain. As people in the Ganiga village, Mandya Taluk, were suffering from want of food grains arrangements were made for doling out half seer of cholum per head gratuitously. Twelve individuals in the Nagamangala Taluk are reported to be under gratuitous relief. Food grains are available with raiyats and merchants, but their prices are still high.

11. Except for plague in a few places in the district public health generally good.

12. Cattle are suffering from "Dod Roga" in parts of the Mysore, Heggaddevankote and Gundlupet Taluks and from "Sappe Roga" in parts of the Mysore Taluk. Fodder is scarce in parts of the Krishnarajpete, Nagamangala and Mandya Taluks. It is diminishing in parts of the Nanjangud Taluk. In other parts, it is available for the present. It is reported that cattle of the Mandya Taluk are returning to it from the forests to which they had been taken owing to the prevalence of cattle diseases there.

Water is available for the present.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Wet lands in parts of the Manjarabad Taluk and wet and dry lands in parts of the Belur Taluk are being ploughed.

Standing crops.—Sugar-cane, avare and Chillies in the Hassan Taluk; and avare, horse gram, Bengal gram, coriander and castor in the Arkalgud Taluk, are reported to be withering for want of rain. Bengal gram sown in beds of tanks in the Channarayapatna Taluk are reported to be withering for want of moisture. Avare, togari, castor, horse gram, green gram and Bengal gram in the Hole-Narsipura Taluk and avare in the Alur Sub-Taluk require rain. Coriander and menthya in the maidan parts of the Belur Taluk are reported to be in somewhat good condition on account of the recent rains.

Damage to crops—Avare and togari in the Hassan Taluk and Bengal gram and avare in the Belur Taluk are reported to have sustained some damage by the recent rains

Crops harvested.—Togari in the Hassan, Arkalgud and Hole-Narsipur Taluks and the Alur Sub-Taluk; transplanted ragi in the Manjarabad Taluk; horse gram in the Hole-Narsipur Taluk and the Alur Sub-Taluk; and sugar-cane in the Hole-Narsipur Taluk and the Alur Sub-Taluk.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, in parts of Dod Kadnur Hobli in the Hole-Narsipur Taluk and in parts of the Madihalli and Halebid Hoblis in the Belur Taluk, where the prospects are not encouraging.

11. Except for plague in parts of the Hassan Taluk, public health generally good.

12 Cattle are generally in fair condition. "Dodda Roga" is prevalent in parts of the Manjarabad, Arkalgud and Arsikere Taluks and is subsiding in the Hassan Taluk. Fodder is generally available. In parts of the Channarayapatna Taluk, dug-up grass and jola and avare stalks are being used as fodder. It is reported that many cart loads of paddy and ragi straw are being taken from the Hassan and Manjarabad Taluks and the Alur Sub-Taluk. Difficulty for water having been felt in the taluks of Arsikere, Channarayapatna and parts of the Belur Taluk, steps are being taken to sink new wells and deepen old ones where necessary.

SHIMOGA.

8. Markets moderately supplied.

9. *Standing crops.*—Avare in the Shimoga Taluk; Bengal gram, avare and cotton in the Channagiri Taluk; and Bengal gram, wheat and white jola in the Honnali Taluk require some rain. It is reported that sugar-cane is in fair condition in the Sorab, Sagar and Nagar Taluks and in not satisfactory condition for want of rains in the Shimoga, Shikarpur and Honnali Taluks.

Crops harvested.—Paddy in the Sagar and Nagar Taluks and the Kumsi Sub-Taluk; ragi in the Shimoga, Channagiri, Honnali and Sorab Taluks; horse gram in the Channagiri, Honnali and Sorab Taluks; and jola in the Channagiri and Honnali Taluks. Horse gram in the Shimoga Taluk and avare and togari in the Honnali Taluk, are being harvested. Sugar-cane is being milled in the Shimoga, Channagiri, Shikarpur and Sorab Taluks and the Kumsi Sub-Taluk. Preparations for milling sugar-cane are being made in the Sagar Taluk.

Probable outturn of crops.—

In Shimoga—Paddy, yield from 4 to 8 annas.
In Channagiri—Paddy, yield from 4 to 8 annas.
Ragi, yield from 4 to 8 annas.
Other dry crops, yield 8 annas.
In Honnali Taluk—Paddy, yield from 4 to 8 annas.
In Shikarpur Taluk—Paddy, yield 8 annas.
Sugar-cane, yield 8 annas.
Dry crops, yield 2 annas.
In Sorab—Paddy, yield 10 annas.
Ragi, yield 2 annas.
Sugar-cane, yield 10 annas.
Areca, yield 12 annas.
In Sagar—Paddy, yield from 8 to 12 annas.
In Nagar—Paddy, yield 14 annas.
In Kumsi Sub-Taluk—Paddy, yield 14 annas.
Horse gram, yield 8 annas.
Ragi, yield 10 annas.

10. Prospects of the season not fair for want of timely rains. Food stuffs are available in limited quantities. Their prices continue to be very high.

11. Public health generally good. Plague is subsiding in the Shimoga Taluk and the Kumsi Sub-Taluk. Fever is reported to be prevailing in the malnad taluks.

12. "Dod Roga" is still prevailing in some villages of the Channagiri, Sorab, Sagar and Nagar Taluks and the Kumsi Sub Taluk. Water and fodder available for the present. Their want is being felt in some parts of the Shimoga and Channagiri Taluks.

KADUR.

8. Market well supplied.

9. *Agricultural operations*—Lands in parts of the Chikmagalur and Mudgere Taluks are being ploughed and made ready for sowing Kar seeds.

Standing crops.—

In Chikmagalur.—Paddy, ragi, castor, avare, gingelly, kulti, coriander, fenugreek, Bengal gram, sugar-cane, wheat, jola and coffee.

In Kadur—Paddy, jola, avare, sugar-cane, coriander, Bengal gram, chillies, wheat, kulthi and castor.

In Tarikere—Paddy, ragi, kulthi, avare, jola, togari, navane, Bengal gram, coriander, gingelly and sugar-cane.

In Koppa—Paddy, areca, sugar-cane, pepper and coffee.

In Mudgere—Paddy, ragi, sugar-cane, areca and coffee.

In Yedahalli—Paddy, areca, coffee and sugar-cane.

In Sringeri—Areca.

The recent rainfall in Chikmagalur and Kadur is reported to have caused damage to togari, avare, Bengal gram and coriander and to have proved beneficial to jola.

Crops harvested and their yield.—

In Chikmagalur—Paddy, sugar-cane and coffee, yield 4 to 8 annas.
Ragi, yield 2 to 6 annas.

In Kadur—Sugar-cane, yield 8 annas.

In Koppa—Paddy, areca and coffee, yield 8 annas.

In Mudgere—Paddy, areca, sugar-cane and coffee, yield 8 annas.
Ragi, yield 4 annas.

In Yedahalli—Paddy, yield from 4 to 8 annas.
Areca do 8 to 10 „
Coffee do 10 to 12 „

In Sringeri—Areca, yield 12 annas.

10. Prospects of the season not satisfactory. Food stuffs are available, but their prices continue to rule high.

11. Except for plague prevailing in certain villages of the Kadur and Tarikere Taluks, public health generally good.

12. Cattle generally healthy. Water and fodder are available in the malnad. Difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops,* such as jola, cotton, Bengal gram, castor, wheat, sugar-cane, togari, horse gram and navane are reported to be withering for want of rain, except those under wells and channels, which are in fairly good condition.

Crop sown.—Paddy under channels in the Hiriyur Taluk.

Crops harvested and their yield.—Togari and avare in the Chitaldrug and Davangere Taluks, yield 4 annas; and jola, horse gram and Bengal gram in the Chitaldrug Taluk, yield from 2 to 4 annas.

10. Prospects of the season fair, except in parts of the Hiriyur, Challakere, Molakalmuru, Chitaldrug, Davangere, Hosdurga and Jagalur Taluks. Food stuffs available.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug and Holalkere Taluks, where Rinderpest prevails. Water and fodder available, except in parts of the Chitaldrug, Hiriyur, Challakere, Hosdurga and Molakalmuru Taluks.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, the 8th January 1909.

A. RANGASWAMI IYENGAR,
Revenue Commissioner.

OFFICE MEMORANDUM.

No. R. 4500—Agri. 101-08-2, dated 8th January 1909.

The prospectus of the Cochin State Agricultural and Industrial Exhibition and Cattle Show, 1909, to be opened at Viyyur, Trichur, on the 1st February 1909 is hereby published for general information.

By Order,

K. S. CHANDRASEKHARA AIYAR,

Secy. to Govt., Gen. & Rev. Depts.

THE

COCHIN STATE AGRICULTURAL AND INDUSTRIAL EXHIBITION AND CATTLE SHOW, 1909.

PROSPECTUS.

It is proposed to hold an Exhibition of Agricultural and Industrial products and a Cattle Show in the Government Farm at Viyyur, Trichur, between the 1st February 1909 to 5th February 1909, both days inclusive.

2. *Object of the Exhibition.*—The primary object of the exhibition is to bring together agricultural and industrial products, and machinery, etc., the use of which, it is desirable that the raiyat and artisan should understand. The Cattle Show is intended to give to the raiyats an idea of the several species of cattle in and out of the State and thus to promote improved methods of breeding.

3. Lectures will be delivered by competent persons in Malayalam on subjects connected with industry and agriculture, improved implements, etc. Demonstrations will also be arranged.

4. Exhibits are generally divided into (1) samples and (2) exhibits for sale.

The several groups and classes of exhibits which will be admitted for the exhibition are given in the appendix.

5. Arrangements are made to promote competition and to induce raiyats, etc., to exhibit the best products available by awarding prizes, to the value of Rs. 1,500.

The appendix gives the amount set apart for prizes under each group of exhibits.

The number and the value of the prizes to be awarded for each class of exhibits will be decided by a committee of Judges with reference to the quality, etc., of the exhibits received.

6. Exhibits, etc., which, are the *bona fide* agricultural and industrial products of the State, will be given special prizes as seen in the appendix. All exhibits will compete for the general prizes.

7. *Plan of exhibition grounds and buildings.*—The exhibition grounds and buildings will be divided into several stalls. Separate stalls will be provided for samples and exhibits for sale. Special arrangements will be made for the cattle show yards.

Outside the cattle show yards will be held a cattle fair in which sales can be effected.

8. No fee will be charged on exhibits of any kind or for the space alloted for exhibits. Nor will any fee be charged to exhibitors and visitors. This concession will, it is hoped, enable the actual cultivators and artisans to take part in the exhibition.

The Government invite exhibits from all portions of the State as well as from outside. It is hoped that the agricultural and industrial associations and other public bodies will help them with exhibits and suggestions for carrying out the intentions of the Government.

9. The Government will accept donations for special peizes, etc., from individual raiyats or associations.

10. *Applications from exhibitors.*—Intending exhibitors should apply to the Agricultural Superintendent of the State, Trichur, before the 1st of January 1909. In this application they must give full particulars of their exhibits and the group, etc., under which they fall. Information whether covered or open space is required, should also be given.

11. Any exhibits not falling under the groups, etc., as per appendix will also be admitted at the discretion of the Dewan Peishkar.

12. Meetings of the leading raiyats of the various taluks will be convened as early as possible to give them a clear idea of the object and scope of the exhibition so that they may avail themselves of the opportunity afforded for their improvement and they may co-operate intelligently with the Government to make the exhibition a success.

13. All applications should be addressed to the Agricultural Superintendent and must be superscribed "application for admission of exhibits to the Cochin Agricultural and Industrial Exhibition and Cattle Show, 1909." Applications will be registered by that officer. As the accommodation for the exhibits will be limited, applications received after the prescribed date may not be considered.

14. *Delivery of exhibits.*—Registered applicants should send their exhibits so as to reach the exhibition ground at least five days before the exhibition with a list in duplicate giving the description of exhibits according to the appendix. Exhibits for sale only should be marked "for sale." Ordinarily the exhibitors or their authorized agents should accompany their exhibits. Exhibits which could be sent in Railway goods or parcels should be sent in packages, the freight and transport charges being always borne by exhibitors. The Government will not be responsible for any risk or damage in cases where exhibits are not accompanied by owners.

The receipt of exhibits will be acknowledged by the duplicate list being signed by the Agricultural Superintendent and returned to the exhibitor.

15. *Passes for admission.*—No exhibits, exhibitors or visitors will be admitted to the exhibition ground without passes signed by the Dewan Peishkar which will be issued outside the exhibition ground.

16. The exhibitors should fix or remove the exhibits on their responsibility and should bear the expenses of the same. Ths Government will not be responsible for any loss or damage caused to the exhibits in the exhibition grounds. But the Government will be ever ready to help the exhibitors whenever necessary and responsible officials will be deputed to superintend the receipt into and removal from the exhibition grounds, of the exhibits.

17. Exhibits may be sold on exhibition grounds but shall not be removed till after the exhibition is over. Sales will be notified by a card affixed to the exhibit.

18. Noxious or dangerous exhibits will not be admitted. Perishable exhibits may be exhibited and removed on one and the same day.

19. Prizes will be offered only if the exhibits satisfy the quality required by the Judges to be appointed by the Government.

20. Prize winners will be furnished with certificates also in addition to prizes.

21. *Cattle Show.*—Separate arrangements will be made to accommodate different kinds of cattle. These will be arranged in a convenient place and selections made from them for the show.

22. Only cattle admitted to the show yards will be provided with fodder and water free by Government for the days of the show and for one day previous.

23. Every animal admitted to the show yards should be accompanied by a sufficient number of men to keep it under proper control.

24. Only cattle considered suitable will be allowed to compete in the cattle show for prizes.

25. No animal which has won one prize will be allowed to compete for any other prize.

26. Working cattle may at the option of the Judges be subjected to a practical test as to their power of draught. They must be the *bona fide* property of the exhibitor.

27. *Cattle fair.*—Outside the show yards will be held a fair, to which healthy cattle only will be admitted.

28. All persons who become exhibitors shall be held to signify their consent and acceptance to the above conditions and to such other conditions which the Government may hereafter prescribe.

29. The power to alter the prospectus as convenience may require is vested in the Dewan.

Office of the Dewan of Cochin,

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M., on the day previous to the Show.

4. Cut Flowers may be delivered up till 2 P.M., on the day of the Show, but not later if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words kinds and varieties may be illustrated as under:—apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of Roses. Cabbage, Beans, Beet, Carrot are distinct *kinds* of vegetables. Sugarloaf, Early Drumhead, Enfield market, etc., are distinct *varieties* of Cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be *bona-fide* the produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M., on the day of the Show shall be summarily ejected.

14. No one can be a judge in any class in which he may be an exhibitor.

15. Similarly while judging is going on no exhibitor is permitted to be in the Exhibition and any exhibitor acting contrary after being asked to retire will have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding medals at the Horticultural Shows are hereby notified to the public:—

The Government of His Highness the Maharaja have sanctioned the grant of medals in addition to the usual money prizes offered at the half-yearly Horticultural Shows, subject to the following conditions:—

(1) The medals will consist of, a gold medal for classes I, II and III, a silver medal for class V and a bronze medal for class VI.

(2) These medals will be awarded by the Judges, at their discretion, at the Summer Show held in July or August in each year.

(3) The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes, taking the two shows of the calendar year together.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

(4) No exhibitor who has been awarded a medal in any class will be qualified to receive another medal in that class during the three calendar years succeeding that in which he has received the medal.

(5) No exhibitor will be qualified to receive a medal who is not the *bona-fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor, who has merely purchased fruit or vegetables exhibited will be eligible.

(6) It will be open to the Judges to withhold any or all the medals in any year on the ground of deficiency of merit in the exhibits.

Grand Total .. Rs. 981

GENERAL CONDITIONS.

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M., on the day previous to the Show.

4. Cut Flowers may be delivered up till 2 P.M., on the day of the Show, but not later if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words kinds and varieties may be illustrated as under:—apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers.
Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of Roses. Cabbage, Beans, Beet, Carrot are distinct *kinds* of vegetables. Sugarloaf, Early Drumhead, Enfield market, etc., are distinct *varieties* of Cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be *bona-fide* the produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M., on the day of the Show shall be summarily ejected.

14. No one can be a judge in any class in which he may be an exhibitor.

15. Similarly while judging is going on no exhibitor is permitted to be in the Exhibition and any exhibitor acting contrary after being asked to retire will have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding medals at the Horticultural Shows are hereby notified to the public:—

The Government of His Highness the Maharaja have sanctioned the grant of medals in addition to the usual money prizes offered at the half-yearly Horticultural Shows, subject to the following conditions:—

(1) The medals will consist of, a gold medal for classes I, II and III, a silver medal for class V and a bronze medal for class VI.

(2) These medals will be awarded by the Judges, at their discretion, at the Summer Show held in July or August in each year.

(3) The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes, taking the two shows of the calendar year together.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

(4) No exhibitor who has been awarded a medal in any class will be qualified to receive another medal in that class during the three calendar years succeeding that in which he has received the medal.

(5) No exhibitor will be qualified to receive a medal who is not the *bona-fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor, who has merely purchased fruit or vegetables exhibited will be eligible.

(6) It will be open to the Judges to withhold any or all the medals in any year on the ground of deficiency of merit in the exhibits.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	Current.	
Prices of food grains—Rice	...	7·4	5½ to 5¾	seers per rupee.
Ragi	...	17·9	9½ to 10½	

Agricultural operations.—Ragi thrashing.

Outturn of harvests.—Ragi, yield 4 annas in a rupee.

Cattle are in good condition. Fodder sufficient.

Water scarcity prevails in the outlying villages.

BANGALORE CITY AND TALUKS.

8. Market well supplied.

9. *Agricultural operations.*—Sugar-cane is being sown and paddy harvested in parts of Devanhalli Taluk; sugar-cane is being milled in Dodballapur, Nelamangala and Devanhalli Taluks; and ragi thrashed in the Channapatna Taluk.

Standing crops.—Wet crops are reported to be in moderate condition in some parts and dried up in other parts of Hoskote Taluk; sugar-cane is in moderate condition in Dodballapur, Nelamangala and Kankanhalli Taluks; and is withering in parts of Magadi and Anekal Taluks. Bengal gram is in moderate condition in Nelamangala Taluk.

Harvest and outturn.—It is reported that the outturn of paddy during the week is on an average 9 annas in parts of Hoskote, 8 annas in parts of Magadi, 4¾ annas in Devanhalli and 3 annas in Closepet Sub-Taluk. Ragi in Gudibanda—Yield from 2 to 8 annas.
Paddy in Bowringpet—Yield from 2 to 12 annas.

10. Prospects of the season not satisfactory. Food stuffs are available; but their prices continue to be very high. The cooly classes find labour in sinking wells, repairing roads, executing earthwork to tanks, in sugar-cane mills, and under tangadi bark contractors for the present.

11. Except for plague in Kyalanur village of the Kolar Taluk and small-pox in parts of the Mulbagal Taluk, public health is generally good.

12. It is reported that "Rinderpest" is still prevailing in parts of Mulbagal, Sidlaghatta and Bagepalli Taluks and Gudibanda Sub-Taluk. Water and fodder sufficient for the present except in some parts of the Goribidnur and Srinivaspur Taluks and in the Chikballapur town where temporary wells have been sunk.

TUMKUR.

8. Supply in market moderate.

9. *Standing crops.*—Paddy and Bengal gram and cholum in Maddagiri, Chiknayakanhalli, Sira, Gubbi and Pavagada Taluks and Koratagere and Turuvekere Sub-Taluks, are reported to be in moderately good condition. Sugar-cane in Tumkur Taluk and Turuvekere Sub-Taluk is withering, but the same is reported to be in fair condition in the Kunigal Taluk.

Crops sown.—Paddy in Maddagiri, Chiknayakanhalli and Sira Taluks, and nat ragi and cholum in the Sira Taluk.

Crops harvested.—Sugar-cane in Tumkur and Maddagiri Taluks and Turuvekere Sub-Taluk. Avare, togari, and horse gram in Maddagiri, Sira and part of Tiptur Taluks and paddy in Gubbi Taluk.

10. Prospects of the season not satisfactory. The major portion of the district is now affected with scarcity. Relief works properly so called have not as yet been started, but a very large number of District Fund, Maramat and other works are in progress and afford labour to the poor. Food stuffs are available for the present, but their prices continue to be as high as before.

11. Except for small-pox in certain villages of the Maddagiri, Chiknayakanhalli and Tiptur Taluks, public health is generally good.

12. "Dod Roga" among cattle in the Tumkur, Maddagiri, Sira, Gubbi and Pavagada Taluks and the Turuvekere Sub-Taluk, is still prevailing. Fodder is procurable in limited quantities except in portions of Tumkur, Chiknayakanhalli, Tiptur, Pavagada and Kunigal and Turuvekere Sub-Taluk. Water scarcity is being felt in several villages of the Tumkur, Chiknayakanhalli, Gubbi, Tiptur, Pavagada and Kunigal Taluks and in the Turuvekere Sub-Taluk. Temporary wells are being sunk in many places.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands in parts of Gundlupet Taluk are being ploughed for sowing kar seeds. Wet and dry lands are being ploughed all over the T.-Narsipur Taluk.

Standing crops.—These are reported to be in a fair condition in all the taluks except in parts of Mysore and Mandya Taluks, where they are withering for want of rain. Bengal gram is reported to be not good in the Nagamangala and Nanjangud Taluks. Sugar-cane is being milled in Kasaba and Bannur Hobli of the T.-Narsipur Taluk.

Crops harvested.—Paddy in parts of Hunsur, Heggaddevankote, Nanjangud, T.-Narsipur and Malvalli Taluks. Avaré in parts of the Hunsur Taluk. Togari in parts of Hunsur and Yedatore Taluks. Horse gram, green and black grams in parts of Yedatore Taluk. Bumpur crops in parts of Sosale Hobli in the T.-Narsipur Taluk. Ragi in parts of T.-Narsipur Taluk. Ragi is being thrashed in parts of Heggaddevankote, Malvalli, T.-Narsipur and Krishnarajpete Taluks.

Estimated outturn of crops.—

In the Seringapatam Taluk—Paddy, yield 16 annas.
Ragi, yield from 4 to 6 annas.

In the Malvalli Taluk—Paddy and ragi, yield 8 annas.

In the Mandya Taluk—Paddy and sugar-cane, Bengal gram and jola under tanks yield, less than 4 annas.

In the Krishnarajpete Taluk—Ragi, yield 4 annas.

10. Prospects of the season indifferent in some parts and not good in other parts. Food stuffs are available with raiyats and merchants, but their prices are still high. Some cases of distress were detected and relieved in Holesal and Bannur villages of T.-Narsipur Taluk, among working classes and Paradanashini women. Ragi was gratuitously distributed among some men in Kikkeri and Santebachahalli Hoblis of the Krishnarajpete Taluk and in the affected Hoblis of the Nagamangala Taluk.

11. Except for plague in a few places in the district, public health generally good.

12. Cattle are suffering from "Dod Roga" in parts of Mysore, Heggaddevankote, Gundlupet and Nanjangud Taluks and from "Chappe Roga" in parts of the Mysore Taluk. Fodder is scarce in parts of Mandya, Krishnarajpete and Nagamangala Taluks. It is reported that cattle from Channarayapatna Taluk have come to Muttarayanahosahalli Kaval, Hunsur Taluk, for grazing. Tanks in parts of the Mandya Taluk are running dry. Water is available for the present. It is reported from T.-Narsipur Taluk that while ragi and jola are imported, paddy and straw are being exported.

HASSAN.

8. Market fairly well supplied.

9. *Standing crops.*—Sugar-cane and kadle in Hassan Taluk are reported to be withering for want of rain. Avare and kadle in the Arkalgud Taluk, sugar-cane and kadle in the Hole-Narsipur Taluk and avare, kadle, coriander and menthya in the maidan parts of the Belur Taluk are reported to be somewhat fair. Kadale sown in the beds of tanks in the Arsikere Taluk is reported to be flowering, while that in Channarayapatna Taluk is reported to be withering.

Agricultural operations.—Dry lands in parts of Channarayapatna Taluk are being ploughed (ಹಿಂಗಾರು ಉಕ್ಕೆ) as also wet lands in parts of Manjarabad Taluk.

Crops harvested.—Kadale in Hassan and Hole-Narsipur Taluks, transplanted ragi and paddy in Manjarabad Taluk, sugar-cane in Channarayapatna and Belur Taluks and Alur Sub-Taluk and wild gingelly in Arkalgud Taluk.

10. Prospects of the season generally fair, except in parts of Arsikere and Channarayapatna Taluks, parts of Dod Kadnur Hobli in the Hole-Narsipur Taluk and in parts of Madihalli and Halebidu Hoblis in the Belur Taluk, where the prospects are not encouraging.

11. Except for plague in parts of Hassan and Belur Taluks, public health is generally good. Measles in Hole-Narsipur Town and Alur Kasaba as also chicken-pox in Alur Kasaba are reported to be prevalent.

12. Cattle are generally in fair condition. "Dod Roga" is prevalent in parts of Manjarabad, Arkalgud and Arsikere Taluks. The Assistant Veterinary Inspector is in the Arkalgud Taluk for doing the needful. Fodder is generally available. In parts of Channarayapatna Taluk, dug-up grass is being used as also jola stalks and sugar-cane leaves in addition to ragi and paddy straw. Many cart-loads of ragi and paddy straw are taken to Arsikere from Hassan and Manjarabad Taluks and Alur Sub-Taluk. Difficulty for water having been felt in some taluks, needful steps are being taken. Many head of cattle which had been taken to the Manjarabad Taluk, from the maidan taluks, for grazing purposes are being taken back as the malnad pasture did not agree with the cattle.

SHIMOGA.

8. Market moderately supplied.

9. *Agricultural operations.*—Paddy is being harvested in Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks; ragi in Shimoga, Channagiri, Honnali and Sorab Taluks; avare in Shimoga, Channagiri and Honnali Taluks; areca in Sagar, Nagar and Tirthahalli Taluks; sugar-cane is being milled in Shimoga, Channagiri, Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks and in Kumsi Sub-Taluk.

Standing crops.—Bengal gram in Shimoga Taluk; cotton, jola, Bengal gram in Channagiri Taluk are not in good condition.

Probable outturn of crops.—

Shimoga Taluk—Paddy 4 to 8 annas.
Channagiri Taluk—Paddy 4 to 8 annas.
Ragi and other dry crops 4 to 8 annas.
Honnali—Paddy 4 to 8 annas.
Shikarpur—Paddy 8 annas.
" Sugar-cane 8 annas.
Sorab—Paddy 10 annas.
" Ragi 2 to 4 annas.
" Sugar-cane 10 annas.
" Areca 12 annas.
Sagar—Paddy 8 to 12 annas.
Nagar—Paddy 14 annas.
" Sugar-cane 8 annas.
Tirthahalli—Paddy 10 annas.
" Areca 12 annas.
Kumsi—Paddy 14 annas.
" Horse gram 8 annas.
" Ragi 10 annas.

Demand for labour—

In the affected villages of the Channagiri Honnali and Shimoga Taluks, there is not at present any great demand for labour. The labouring classes will be employed on harvesting operations for about a month more and works have been started or are in readiness in villages where there is need for labour.

General condition of the District—

The yield of the ragi and jolam crops has been poor in the affected villages but there is no cause for anxiety. Temporary wells have been sanctioned in places where scarcity for water is felt. The Sulekere tank is almost dry. Four temporary wells have been sanctioned to be excavated in the bed of the tank for the use of travellers and other persons who are expected to collect at Sulekere for the annual jatra there.

10. Prospects of the season uncertain. Food stuffs are available in the markets but the prices still continue to be high.

11. Public health generally good. Plague has subsided in the Shimoga Taluk and the Kumsi Sub-Taluk.

12. Fodder and water are available for the present. Murrain (Dod Roga) is still prevailing in Shimoga, Channagiri, Sorab, Sagar and Nagar Taluks.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing is going on in Chikmagalur, Mudgere and Yedahalli. Sowing of kar-paddy, sugar-cane and jola in parts of Kadur and of green gram in a few villages of Tarikere is also going on.

Standing crops.—

In Chikmagalur.—Coffee, jola, gingelly, kulthi, avare, Bengal gram, wheat, fenugreek, coriander, castor and sugar-cane.

In Kadur—Paddy, wheat, Bengal gram, avare, sugar-cane and castor.

In Tarikere—Bengal gram, sugar-cane, avare, jola, cotton, gingelly, togari and coriander.

In Koppa—Pepper, sugar-cane, coffee, and areca.

In Mudgere—Paddy, ragi, coffee and areca.

In Yedahalli—Sugar-cane, areca and coffee. Condition of standing dry crops is reported to be unsatisfactory for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Coffee, sugar-cane and avare, kulthi and castor, yield from 4 to 8 annas.

In Kadur—Castor, yield 2 annas; avare and Bengal gram, yield 4 annas and sugar-cane 8 annas.

In Mudgere—Paddy, yield 8 annas; ragi, yield 2 annas; avare, yield 8 annas and coffee, yield 8 to 12 annas.

In Yedahalli—Areca, yield from 8 to 10 annas; sugar-cane, yield from 8 to 10 annas and coffee, yield from 10 to 12 annas.

10. Prospects of the season, though unsatisfactory, does not seem to call for any special arrangements to provide for labor. It being the harvesting time the poorer class find work in the fields and on ordinary Public Works in progress throughout the district. The local officers have been instructed to watch the situation and take the necessary steps in that direction without loss of time. Food stuffs are available, but their prices rule high.

11. Public health generally good except for plague in certain villages of the Kadur and Tarikere Taluks.

12. Cattle generally healthy. Water and fodder are available in the malnad; but difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Cotton, paddy, wheat, avare, castor, sugar-cane, chillies, navane, jola, tobacco and ragi are reported to be withering for want of rain, except those under channel and kapile wells which are fairly in good condition.

Seeds sown.—Nil.

Crops harvested.—Castor, cotton, jola, tobacco and Bengal gram in the Holalkere Taluk yield 4 to 8 annas.

Works such as removal of prickly-pear, deepening wells, restoration of gokattes, earthwork to tanks, filling up of large pits, trenches and nalas in the vicinity of villages and road works, etc., have been started to relieve the distress of the poor and the needy in addition to takavi loans and gratuitous relief in grains in the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. There is some demand for labour in the affected parts of the district, but it is not very great owing to the work at the takavi and private kapile wells and harvesting. As the harvest season has now come to a close, more labourers are expected hereafter. Fodder is insufficient, and the well-to-do raiyats get what they want from places where fodder is available by paying exorbitant prices. Water is made available by deepening the existing wells, and sinking new ones.

10. *Prospects of the season.*—Fair except in parts of Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks.

Food stocks.—Available.

11. Public health generally good.

12. Cattle healthy, except in parts of Chitaldrug and Holalkere Taluks, where Rinderpest prevails. Water and fodder available except in parts of Chitaldrug, Hiriyur, Challakere, Molakalmuru and Hosdurga Taluks.

KOLAR.

8. Market moderately supplied.
9. *Standing crops* are reported to be in fairly good condition.

Crops sown.—Gid ragi and chillies in Mulbagal; sugar-cane in Sidlaghatta and Bagepalli; and cholum in tank beds in parts of Bagepalli.
Crops harvested.—Horse gram in Bowringpet, Bagepalli and Malur; ragi in Kolar and Gudibanda; avare and togari in Bowringpet; paddy in parts of Mulbagal; sugar-cane in Kolar, Chintamani, Mulbagal, Sidlaghatta, Chikballapur, Bagepalli, Goribidnur, Srinivaspur and Gudibanda
Outturn of harvests.—
Kulthi in Bowringpet——Yield from 2 to 4 annas.
„ Bagepalli— Do
„ Malur—Yield 2 annas.
Ragi in Kolar—Yield from 2 to 8 annas.
„ Gudibanda— Do
Avare and togari in Bowringpet—Yield 4 annas.
Sugar-cane in Kolar—Yield 8 annas.
„ Chintamani—Yield 8 annas.
„ Mulbagal and Sidlaghatta—Yield from 4 to 8 annas.
„ Chikballapur—Yield from 2 to 8 annas.
„ Bagepalli, Goribidnur and Srinivaspur—Yield from 8 to 12 annas.
„ Gudibanda—Yield from 4 to 12 annas.

10. Prospects of the season not satisfactory. Food stuffs are available; but their prices continue to be very high. To provide labour for cooly classes earthwork to tank has been

taken up in several places. Applications for loans are being encouraged and every endeavour is being made to dispose them off promptly. Cooly classes are engaged in sinking wells, repairing roads and are also employed in sugar-cane mills, and under tangadi bark contractors.

11. Except for plague in Kyalanur village, Kolar Taluk, and small-pox in parts of the Mulbagal Taluk, public health generally good.

12. It is reported that "Rinderpest" is still prevailing in parts of the Mulbagal, Sidlaghatta and Bagepalli Taluks and the Gudibanda Sub-Taluk. Water and fodder sufficient for the present. In some parts of the Goribidnur and Srinivaspur Taluks and in Chikballapur town temporary wells have been sunk to tide over the difficulty for water.

TUMKUR.

8. Supply in market moderate.

9. *Standing crops.*—Crops under wells in the Maddagiri, Chiknayakanhalli, Sira and Pavagada Taluks and cholum and Bengal gram in the Gubbi and Kunigal Taluks and in the Koratagere and Turuvekere Sub-Taluks, are reported to be in moderately good condition and the same are withering in the Tiptur Taluk. Sugar-cane is withering in the sub-taluk of Turuvekere and the taluk of Tumkur.

Crops sown.—Paddy, cholum and Bengal gram in the Maddagiri Taluk; paddy, cholum and nati ragi in the Sira Taluk and paddy in the Pavagada Taluk.

Crops harvested.—Sugar-cane in the Tumkur, Maddagiri and Kunigal Taluks and the Koratagere and Turuvekere Sub-Taluks. Cholum in the Chiknayakanhalli and Sira Taluks and the Koratagere Sub-Taluk. Paddy, cotton, castor, avare and togari in the Sira Taluk; horse gram and castor in the Pavagada Taluk; and avare and togari in the Koratagere Sub-Taluk.

10. Prospects of the season not satisfactory. The major portion of the district is affected with scarcity and the large number of works in progress in all the taluks are affording labour to the poor. Gratuitous relief is being granted in the Tumkur, Maddagiri, Chiknayakanhalli, Gubbi, Tiptur and Kunigal Taluks and the Turuvekere Sub-Taluk. Relief to weavers is being given in the Tumkur, Chiknayakanhalli, Gubbi and Tiptur Taluks and the Turuvekere Sub-Taluk. Food stuffs are available but their prices are high.

11. Except for small-pox in certain villages of the Maddagiri and Chiknayakanhalli Taluks and cholera in the village of Venkatapur in the Pavagada Taluk, public health generally good.

12. "Dod Roga" among cattle in all the taluks except the Koratagere Sub-Taluk is still prevailing. Fodder is procurable in limited quantities except in portions of the Tumkur, Chiknayakanhalli, Tiptur, Pavagada and Kunigal Taluks and the Turuvekere Sub-Taluk. Water scarcity is being felt in several villages of the Tumkur, Chiknayakanhalli, Gubbi, Tiptur, Pavagada and Kunigal Taluks and in the Turuvekere Sub-Taluk. Temporary wells are being sunk in many places.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations*—Lands in parts of the Gundlupet Taluk are being ploughed for sowing kar seeds. Wet and dry lands are being ploughed in the T.-Narsipur Taluk.

Standing crops.—These are reported to be in fair condition in all taluks except in parts of the Mysore and Mandya Taluks, where they are withering for want of rain. Condition of Bengal gram in parts of the Nanjangud and Nagamangala Taluks is reported to be not good.

Crops harvested.—Togari in parts of the Hunsur Taluk; Bengal gram in parts of the Heggaddevankote Taluk; paddy in parts of the Malvalli Taluk; ragi in parts of the Yedatore, Heggaddevankote, Malvalli and Krishnarajpete Taluks, all these are being harvested.

Estimated outturn of crops.—

In the Seringapatam Taluk—{ Paddy, yield 16 annas.
Ragi, yield from 6 to 8 annas.

In the Malvalli Taluk—Paddy and ragi, yield 8 annas each.

In the Krishnarajpete Taluk—Ragi, yield 4 annas.

In the Mandya Taluk—Paddy, Bengal gram, sugar-cane and mulberry, less than 4 annas

10. Prospects of the season indifferent in some parts and not good in others. Food stuffs are available with raiyats and merchants, but their prices are still high. Ragi was gratuitously distributed among some men in the Hoblis of Kikkeri and Santebachahalli of the Krishnarajpete Taluk. 502 individuals in the Nagamangala Taluk are reported to be under gratuitous relief.

11. Except for plague in a few places, public health generally good.

12. Cattle are suffering from "Dod Roga" in parts of the Mysore, Heggaddevankote, Gundlupet and Nanjangud Taluks. Fodder is scarce in parts of the Mandya, Krishnarajpete and Nagamangala Taluks. Cattle from Mandya are reported to have been taken to Heggaddevankote Forests for grazing. Tanks in parts of the Mandya Taluk are running dry. Owing to scarcity of water in parts of the Hunsur and Mandya Taluks, temporary wells have been sunk. Water is available in other places.

HASSAN.

8. Market fairly well supplied.

9. *Standing crops.*—Sugar-cane and Bengal gram in the Hassan Taluk are reported to be withering for want of rain. Avare and Bengal gram in the Arkalgud Taluk; sugar-cane and Bengal gram in the Hole-Narsipur Taluk; sugar-cane, Bengal gram, coriander and menthya in the maidan parts of the Belur Taluk; and paddy, sugar-cane, jola and Bengal gram in the Channarayapatna Taluk, are reported to be in fair condition. Bengal gram sown in beds of tanks in the Arsikere Taluk are reported to be flowering and bearing, while those of the Channarayapatna Taluk are reported to be withering for want of moisture.

Crops harvested.—Bengal gram in the Hole-Narsipur Taluk and the Alur Sub-Taluk; avare in the Belur Taluk and the Alur Sub-Taluk and sugar-cane in the Belur Taluk and the Alur Sub-Taluk.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, in parts of Dod Kadur and Kasba Hoblis of the Hole-Narsipur Taluk and in parts of the Madihalli and Halebid Hoblis of the Belur Taluk, where the prospects are not encouraging.

11. Except for plague in parts of the Hassan and Belur Taluks, and measles in the Hole-Narsipur Town, public health is generally good.

12. Cattle are generally in fair condition. "Dod Roga" is prevalent in parts of the Manjarabad, Hole-Narsipur, Arkalgud and Arsikere Taluks. Fodder is generally available. In parts of the Channarayapatna Taluk, dug-up grass, jola stalks and sugar-cane leaves are being used as fodder in addition to ragi and paddy straw. Many cart-loads of ragi and paddy straw are being taken to the Arsikere and Channarayapatna Taluks from the Hassan and Manjarabad Taluks and the Alur Sub-Taluk. Want of drinking water having been felt in some taluks, additional funds have been applied for to enable sanction of estimates received for sinking wells in villages where they are urgently needed. It is reported from the Belur Taluk that temporary wells have been sunk in tank beds in several villages by raiyats of such villages. For subsistence of labourers, tank works have been started in the Channarayapatna and Arsikere Taluks. It is reported that the District Executive Engineer has been requested to start works in affected tracts in connection with the restoration of major tanks and collection of road materials.

SHIMOGA.

8. Market moderately supplied.

9. *Crops planted.*—Sugar-cane is being planted in the Kumsi Sub-Taluk and preparations for planting it are being made in the Honnali Taluk.

Standing crops.—White jolum, cotton and Bengal gram in Channagiri are not in good condition.

Crops harvested.—Paddy in the Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks; ragi in the Shimoga, Channagiri, Honnali and Sorab Taluks; Bengal gram in the Shimoga, and Honnali Taluks; togari in the Honnali Taluk; and areca in Sorab, Sagar, Nagar and Tirthahalli Taluks; sugar-cane is being milled in the Shimoga, Channagiri, Honnali, Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks and in the Kumsi Sub-Taluk.

Probable outturn of crops.—

In the Shimoga Taluk—Paddy, yield from 4 to 8 annas.
In the Channagiri Taluk—Paddy, yield from 4 to 8 annas.
Ragi and other dry crops yield from 4 to 8 annas.
In Honnali—Paddy and sugar-cane, yield from 4 to 8 annas.
In Sagar—Paddy, yield from 8 to 12 annas.
In Nagar—Paddy, yield 14 annas.
Sugar-cane, yield 8 annas.
In Tirthahalli—Paddy, yield 10 annas.
Areca, yield 12 annas.
In Kumsi—Horse gram, yield 8 annas.
Paddy, yield 14 annas.
Ragi, yield 10 annas.
In Shikarpur—Paddy, yield 8 annas.
Sugar-cane, yield 8 annas.
In Sorab—Paddy, yield 10 annas.
Ragi, yield from 2 to 4 annas.
Sugar-cane, yield 10 annas.
Areca, yield 12 annas.

10. Prospects of the season uncertain. Food stuffs are available in the markets but their prices still continue to be very high.

Demand for labour.—Since all the raiyats are busily engaged in harvesting operations no great demand for labour exists at present.

General conditions of the district.—As tanks in several villages in the Shimoga Taluk have not got any water in them, people have to go a long way to fetch water for drinking purposes. The Amildar has been asked to submit a list of villages wherein necessity exists for sinking temporary wells. It is only during summer that water scarcity will be felt in such villages; but temporary wells will be sunk in the meantime wherever they are urgently needed. Although the yield of dry crops in some of the villages of the Shimoga, Channagiri and Honnali Taluks is poor, yet no cause for anxiety exists.

11. Public health generally good.

12. "Dod Roga" is still prevalent in some of the villages of the Shimoga, and Channagiri Taluks. It is subsiding in the Sorab and Sagar Taluks. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Mudgere and Yedahalli, and sowing of kar-paddy in a few villages of the Kadur Taluk are going on.

Standing crops.—

In Chikmagalur—Coffee, jola, gingelly, kulthi, avare, Bengal gram, wheat, fenugreek, coriander, castor and sugar-cane.

In Kadur—Paddy, wheat, Bengal gram, avare, sugar-cane and castor.

In Tarikere—Bengal gram, sugar-cane, avare, jola, cotton, gingelly and coriander.

In Koppa—Sugar-cane, pepper, coffee and areca.

In Mudgere—Paddy, ragi, coffee and areca.

In Yedahalli—Sugar-cane, areca and coffee.

In Sringeri—Nil.

Condition of these standing crops is reported to be unsatisfactory owing to want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Sugar-cane, avare, kulthi, castor and coffee, yield from 4 to 8 annas.

In Kadur—Sugar-cane, yield 8 annas; and Bengal gram, yield 4 annas.

In Mudgere—Paddy, coffee and areca, yield 8 annas.
Coffee, yield from 10 to 12 annas.
Areca, yield from 8 to 10 annas.

10. The present condition, though unsatisfactory, does not seem to call for any special arrangements being made to provide for labour. It being the harvesting time, the poorer class find labour in the fields and ordinary public works in progress throughout the district. The local officers have been instructed to watch the situation and take necessary steps in that direction without loss of time. Food stuffs are available, but their prices are high.

11. Except for plague in certain villages of the Kadur and Tarikere Taluks, public health generally good.

12. Cattle generally healthy. Water and fodder are available in the malnad; but difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Such as paddy, jola, wheat, cotton, sugar-cane, Bengal gram, castor, chillies, horse gram, tobacco and navane are reported to be withering for want of rain, except those under channels and kapile wells which are in fairly good condition.

Crops sown.—Nil.

Crops harvested and their yield.—Castor, cotton, jola, tobacco and Bengal gram, yield from 4 to 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. Food stuffs available.

There is demand for labour in the affected parts of the district. Road works, deepening of wells, removal of prickly-pear, restoration of gokattes, tank works, filling up of large pits, etc., in the vicinity of villages have been started to relieve the distress of the poor and the needy in addition to the takavi loans and gratuitous relief by grant of grain doles in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks.

11. Public health generally good.

12. Cattle healthy, except in parts of the Holalkere Taluk, where Rinderpest prevails. Water and fodder available except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder being insufficient, it is procured at high rates from places where the same is available. Water has been made available in many places by deepening existing wells and also by sinking new ones.

Sugar-cane throughout the District—Yield from 4 to 12 annas.

10. Prospects of the season not satisfactory. Food stuffs are available; but their prices continue to be very high.

Demand for labour, etc.—Report is the same as in last week.

11. Except for plague in Kyalanur village, Kolar Taluk, and in parts of the Malur Taluk, and small-pox in parts of the Mulbagal Taluk, public health generally good.

12. It is reported that "Rinderpest" is still prevailing in parts of the Mulbagal, Sidlaghatta and Bagepalli Taluks and in the Gudibanda Sub-Taluk. Water and fodder sufficient for the present. Temporary wells have been sunk in parts of the Goribidnur and Srinivaspur Taluks and in Chikballapur town to tide over the difficulty for water.

TUMKUR.

8. Supply in market moderate.

9. *Standing crops.*—Crops under wells in the Maddagiri, Sira and Pavagada Taluks, and cholum and Bengal gram in the Chiknayakanhalli, and Gubbi Taluks and in the Koratagere and Turuvekere Sub-Taluks, are reported to be in moderately good condition. Bengal gram in tank beds in Sira, cholum in Tiptur and sugar-cane in Tumkur and Kunigal and the Turuvekere Sub-Taluk, are withering.

Crops sown.—Paddy in the Maddagiri and Sira Taluks.

Crops harvested.—Sugar-cane in the Tumkur, Maddagiri and Kunigal Taluks and the Koratagere and Turuvekere Sub-Taluks; Bengal gram in the Tiptur Taluk; Paddy, castor, and horse gram in the Pavagada Taluk; and togari and avare in the Koratagere Sub-Taluk.

10. Prospects of the season not satisfactory. The report regarding distress in the district in the same as in the last week. Food stuffs are available but their prices are high.

11. Except for plague in the villages of Gulur and Gule Haravi in the Tumkur Taluk, small-pox in certain villages of the Maddagiri, Chiknayakanhalli and Tiptur Taluks and cholera in the village of Venkatapur in the Pavagada Taluk, public health generally good.

12. Report regarding the health of cattle, the procurability, etc., of water and fodder is the same as in the last week. Some cattle that had been taken to forests for grazing from Tiptur Taluk and the Turuvekere Sub-Taluk have returned to their homes.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands in all parts of the district are being ploughed and made ready for sowing kar seeds.

Standing crops.—These are reported to be in fair condition in all the taluks, except in parts of the Mysore and Mandya Taluks, where they are withering for want of rain. Condition of Bengal gram in parts of the Nanjangud and Nagamangala Taluks is reported to be not good.

Crops harvested.—Paddy in parts of the Nanjangud and Malvalli Taluks, Bengal gram in parts of the Heggaddevankote Taluk, ragi is being thrashed in parts of the Malvalli and Heggaddevankote Taluks.

Estimated outturn of crops.—

Paddy and ragi in the Malvalli Taluk—yield 8 annas each.

10. Prospects of the season indifferent in some parts and not good in others. Food stuffs are available with raiyats and merchants, but their prices are still high.

Number of people under relief.—Eighty-two individuals in the Krishnarajpete Taluk, 29 in the T-Narsipur Taluk, 2 in the Mandya Taluk and 554 in the Nagamangala Taluk are reported to be under gratuitous relief. Tank works and District Fund works in the Nagamangala Taluk have been started to afford relief to the distressed. Tank works in the Mandya Taluk are not attracting many coolies, probably owing to raiyats being engaged in thrashing work in their ragi fields. It is reported that 4 immigrants have come into the Seringapatam Taluk from the Anantapur District and that 6 have come from Vaddanghatta, Turuvekere Sub-Taluk, and that all these are being given casual relief.

11. Except for plague in a few places in the district, public health generally good.

12. "Dod Roga" in parts of the Mysore, Chamrajnagar, Heggaddevankote, Gundlupet and Nanjangud Taluks and "Sappe Roga" in parts of the Mandya and Mysore Taluks are still prevailing among cattle. Fodder is scarce in parts of the Mandya, Krishnarajpete and Nagamangala Taluks. Tanks in parts of the Mandya Taluk are running dry. Temporary wells are being sunk in parts of the Nagamangala, Krishnarajpete and Mandya Taluks, where difficulty for water is being felt. Water is available at present in other places.

HASSAN.

8. Market fairly well supplied, but the prices are high.

9. *Agricultural operations.*—Wet lands in the Manjarabad Taluk are being ploughed.

Standing crops.—Sugar-cane in the Hassan Taluk is reported to be withering for want of rain. Condition of crops fair in other taluks as in last week's report. Sugar-cane is reported to be withering for want of moisture in the Channarayapatna Taluk.

Crops harvested.—Kadle in the Hole-Narsipur and Arkalgud Taluks and the Alur Sub-Taluk; sugar-cane in the Belur Taluk and the Alur Sub-Taluk and avare in the Arkalgud Taluk.

10. Prospects of the season fair except in parts of the Arsikere and Channarayapatna, Hole-Narsipur and Belur Taluks, where they are not encouraging. It is reported that to relieve distress, tank works affording works to the distressed have been started in the Arsikere and Channarayapatna Taluks.

11. Except for plague in parts of the Hassan and Belur Taluks, and measles in Hole-Narsipur Town, public health is generally good.

12. Except for "Dod Roga" prevailing in parts of the Manjarabad, Hole-Narsipur, Arkalgud, Arsikere and Channarayapatna Taluks, cattle are generally in fair condition. Fodder is generally available. Report is the same as in last week regarding the want of fodder in parts of Channarayapatna and Arsikere. Report is the same as in last week as regards water difficulty in parts of the district and the relief measures adopted for overcoming the same.

SHIMOGA.

8. Market moderately supplied.

Standing crops.—White jola, cotton and Bengal gram in the maidan taluks are not in good condition.

9. *Crops planted.*—Sugar-cane is being planted in portions of the Honnali and Shikarpur Taluks and of the Kumsi Sub-Taluk.

Crops harvested.—Same as in last week.

Probable outturn of crops:—

Same as in last week.

10. Prospects of the season uncertain. The general condition of the district remains unchanged. Food stuffs are available in the markets but their prices still continue to be high.

11. Public health generally good. But plague is reported to have broken out in the Kohalli village of the Kumsi Sub-Taluk.

12. "Dod Roga" is prevailing among cattle in some of the villages of the Shimoga, Channagiri and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, and Yedahalli and transplanting of Kodi paddy in Mudgere and of kar-paddy and sugar-cane in parts of Kadur are going on.

Standing crops.—

In Chikmagalur—Jola, Bengal gram, wheat, kulthi, fenugreek, coriander, castor, sugar-cane and gingelly.
In Kadur—Wheat, sugar-cane, paddy, Bengal gram and Besigee Jola.
In Tarikere—Cotton, kusumbe, Bengal gram and sugar-cane.
In Koppa—Sugar-cane, pepper, areca and coffee.
In Mudgere—Coffee and areca.
In Yedahalli—Sugar-cane, areca and coffee.
In Sringeri—Nil.

Condition of these is unsatisfactory for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Avare, kulthi, castor, sugar-cane and coriander, yield from 2 to 4 annas.

In Kadur—Sugar-cane, yield 8 annas; and Bengal gram, yield 4 annas.

In Tarikere—Bengal gram, yield 12 annas.

In Koppa—Areca and coffee „ „

In Mudgere— „ „ 8 „

In Yedahalli, sugar-cane and coffee, yield from 10 to 12 annas.

Areca, yield from 8 to 10 annas.

10. Report received this week as regards the prospects of the season is the same as in last week. Food stuffs are available, but their prices continue to be high.

11. Except for plague in certain villages of the Kadur and Tarikere Taluks, public health generally good.

12. Cattle generally healthy. Water and fodder are available in the malnad parts; but difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG

8. Market well supplied.

9. *Standing crops.*—Such as paddy, wheat, sugar-cane, castor, navane, cotton, Bengal gram and jola, are reported to be withering except those under *kapile* wells and channels which are in fairly good condition.

Crops sown.—Nil.

Crops harvested.—Jola, cotton and Bengal gram in the Holalkere Taluk, yield from 4 to 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Hosdurga, Jagalur and Davangere Taluks. Food stuffs available. The report this week is the same as in the last week as regards the demand for labour in the affected parts and the works, undertaken to relieve the distress. The following is the number of village works in progress:—Chitaldrug 5; Hiriyur 10; Challakere 7; Hosdurga 11; Harihar 3; and Davangere 4.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug and Holalkere Taluks, where Rinderpest is prevailing. Water and fodder available except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder being insufficient, it is got from other places at very high rates and in other places where it cannot be had, cattle are taken to forests. It is reported that some persons of the Hosdurga Taluk have gone to Tarikere to avail themselves of the concession sanctioned by Government to secure free fodder collected thereby the Forest Department. Water is made available in many places by deepening existing wells and sinking new ones.

10. Prospects of the season not satisfactory. Food stuffs are available but their prices are high. A large number of District Fund, Maramat and Municipal works now in progress in all parts of the district, are affording sufficient labour to the poor. Gratuitous relief is also being given to deserving persons in affected parts.

11. Except for plague in certain villages of the Tumkur Taluk, small-pox in the taluks of Maddagiri, Chiknayakanhalli and Tiptur, and cholera in Venkatapur in the Pavagada Taluk, public health generally good.

12. "Dod Roga" is still prevailing in all the taluks except Chiknayakanhalli and Kunigal and the Koratagere Sub-Taluk. Except in the Maddagiri Taluk and the Koratagere Sub-Taluk, difficulty is being felt for water and fodder. Temporary wells are being dug up to mitigate water scarcity. And water is also being baled out from wells for cattle. Twenty-two cattle of the Tiptur Taluk and 396 cattle and 566 sheep of the Turuvekere Sub-Taluk have come back home from the forests, where they had been taken for grazing.

MYSORE.

8. Markets fairly well supplied.

9. *Agricultural operations.*—Lands in parts of the Gundlupet Taluk are being ploughed and made ready for sowing kar seeds; and lands in the T.-Narsipur Taluk have been ploughed and people there are anxiously looking forward for the "Mungar".

Standing crops.—Condition of Bengal gram in parts of the Nagamangala Taluk is reported to be not good. Sugar-cane, Bengal gram and castor in parts of the Mysore Taluk and paddy in parts of the Mandya Taluk, are reported to be withering for want of water. Standing crops are reported to be in good condition in parts of the Hunsur and Seringapatam Taluks, and in fair condition in parts of the Chamrajnagar, Nanjangud, T.-Narsipur, Malvalli, Mandya and Nagamangala Taluks.

Crops harvested.—Melons in parts of the Mugur Hobli, T.-Narsipur Taluk; togari in parts of the Hunsur Taluk; Bengal gram in parts of the Yedatore, Heggaddevankote and Gundlupet Taluks; and menthya and coriander in parts of the Yedatore Taluk. Ragi is being thrashed in parts of the Malvalli and Heggaddevankote Taluks.

10. Prospects of the season indifferent in certain parts and not good in others. Food stuffs are available with raiyats and merchants, but their prices are still high.

Number of people under relief.—Forty-seven individuals in the Mandya Taluk and 554 in the Nagamangala Taluk are reported to be under gratuitous relief. The number in the Mandya Taluk is likely to increase with the progress of the season as private charity is gradually contracting. It is reported that, in the Krishnarajpete Taluk, nearly Rs. 130 have been paid to coolies employed on tank works and ragi worth Rs. 115 has been gratuitously distributed to relieve distress. At Bannur in the T.-Narsipur Taluk, private charity is being organized for relieving distress which is beginning to be extent among the very poor and *paradanashin* classes there. It is reported that tank works in the Mandya Taluk are not attracting many and that the daily average attendance in the Gajjalgere tank is only about 30.

11. Except for plague in a few places in the district, public health generally good.

12. "Dod Roga" and "Sappe Roga" are still prevailing in parts of the district. In parts of the Mandya Taluk, it is reported that cattle are suffering from "Tholla Roga". Fodder is scarce in parts of the Krishnarajpete and Nagamangala Taluks. In the Mandya Taluk it is available for the present in all the villages, owing to the scanty stock having been increased by large purchases of paddy straw from the Seringapatam, T.-Narsipur and Yedatore Taluks. Difficulty for drinking water in the Mandya Taluk is increasing more and more as the existing sources are fast drying up. Villagers themselves are sinking temporary wells and deepening old ones in the majority of the villages. Water is available at present in other places.

HASSAN.

8. Markets fairly well supplied, but their prices are high.

9. *Agricultural operations.*—Wet lands in the Manjarabad Taluk are being ploughed.

Standing crops.—Sugar-cane in the Hassan Taluk and paddy in the Channarayapatna Taluk are withering for want of rain; and for want of moisture, kadale sown in tank beds in the Channarayapatna Taluk are also withering. Avare and kadale in the Arkalgud Taluk, sugar-cane and kadale below channels in the Hole-Narsipur Taluk, sugar-cane and kadale in the Belur Taluk, sugar-cane in the Channarayapatna Taluk and kadale sown in beds of tanks in the Arsikere Taluk, are reported to be in fair condition.

Crops harvested.—Kadale in the Hole-Narsipur and Arkalgud Taluks and the Alur Sub-Taluk; sugar-cane in the Belur Taluk and the Alur Sub-Taluk and avare in the Arkalgud Taluk.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, parts of Dod-Kadnur and Kasba Hoblis of the Hole-Narsipur Taluk and parts of Madihalli and Halebidu Hoblis of the Belur Taluk, where they are not encouraging.

11. Except for plague in parts of the Hassan Taluk and measles in the Hole-Narsipur town, public health generally good.

12. Except for "Dod Roga" in parts of the Manjarabad, Hole-Narsipur, Arkalgud, Arsikere and Channarayapatna Taluks, and "foot and mouth" disease in the Arsikere Taluk, cattle are generally in fair condition. Fodder is generally available. Report is the same as in last week as regards the want of fodder in parts of Channarayapatna and Arsikere. Report is the same as in last week as regards water difficulty in parts of the district and the relief measures adopted for overcoming the same.

SHIMOGA.

8. Markets moderately supplied.

9. *Standing crops, viz.*—White jola, cotton and Bengal gram in the maidan taluks are not in good condition.

Crop sown.—Sugar-cane in portions of the Honnali and Shikarpur Taluks and of the Kumsi Sub-Taluk.

Crops harvested.—Same as in last week.

10. Prospects of the season uncertain. Food-stuffs are available, but their prices continue to be high. The general condition of the district remains unchanged.

11. Public health generally good. But plague has broken out in the villages of Kohalli and Kesvinakatte in the Kumsi Sub-Taluk.

12. Murrain (ದೊಡ್ಡ ರೋಗ) is prevalent among cattle in certain villages of the Shimoga, Channagiri and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Markets well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur and Mudgere, and transplanting of Kode paddy in Mudgere are going on.

Standing crops.—Condition of these in the district is unsatisfactory for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Bengal gram and sugar-cane, yield from 4 to 8 annas.
Castor, fenugreek and gingelly, „ 2 to 4 „
In Kadur—Wheat and Bengal gram, yield, 4 annas.
In Tarikere— „ „ „ 12 „
Sugar-cane „ 8 „
In Koppa—Coffee „ 12 „
In Mudgere—Coffee and areca „ 8 „
In Yedahalli—Areca, yield from 8 to 10 annas.
Sugar-cane, yield from 8 to 12 annas.

10. Though the prospects of the season continues unsatisfactory as in the previous weeks, yet there seems to be no necessity for any special arrangements being made to provide for labour, owing to the poorer classes being able to find labour in the fields and the ordinary public works in progress throughout the district. Food stuffs are available, but their prices continue to be still high.

11. Except for plague in certain villages of the Kadur and Tarikere Taluks, public health generally good.

12. Cattle generally healthy. Water and fodder are available in the malnad but difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG.

8. Markets well supplied.

9. *Standing crops.*—Excepting those under *kapile* wells and channels which are in fairly good condition, the rest are reported to be withering.

Crops sown.—Nil.

Crops harvested and their yield.—Horse gram in the Challakere Taluk, yield 2 annas; and jola, cotton and Bengal gram in the Holalkere Taluk, yield from 4 to 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Hosdurga, Jagalur and Davangere Taluks. To relieve the distress of the poor and needy many works have been started in the affected parts of the district. There is great demand for takavi loans and for gratuitous relief in the affected parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks and the Harihar Sub-Taluk. There are 40 works in progress in several villages of the district. Food stuffs are available.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug and Holalkere Taluks, where Rinderpest is prevailing. Water and fodder available except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder being insufficient, it is got at very high rates in places, where it is available; and in places where it cannot be had, cattle are being taken away to forests for grazing there. Some from the Hosdurga Taluk have availed themselves of the Government concession of obtaining fodder free from the Forest Department at Tarikere. Water is made available in many places by deepening existing wells and sinking new ones.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock, failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	Current.	
Prices of food grains—Rice	...	7·1	5½ to 5¾	seers per rupee.
Ragi	...	17·5	10 to 11	

Agricultural operations.—Ragi thrashing.

Outturn of harvest.—Ragi, yield 4 annas.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Markets generally well supplied.

9. *Agricultural operations.*—Ploughing commenced for sugar-cane cultivation in parts of Nelamangala, and manuring of fields is going on in the Channapatna Taluk.

Standing crops.—Condition of sugar-cane is good in the Devanhalli Taluk and the Closepet Sub-Taluk, is moderate in the Nelamangala and Kankanhalli Taluks and is withering in the Magadi and Anekal Taluks. Kadle is also withering in the Dodballapur and Magadi Taluks.

Crop sown.—Sugar-cane in some places in the Bangalore, Nelamangala, Magadi and Devanhalli Taluks.

Harvest and outturn.—Sugar-cane has been harvested in some places in the Bangalore Taluk and milled in the Dodballapur, Nelamangala and Magadi Taluks; and ragi is being thrashed in some places in the Dodballapur and Anekal Taluks. The outturn of sugar-cane is, on an average, 8 annas in the Dodballapur and Nelamangala Taluks; and that of ragi is 5 annas in Dodballapur, 8 annas in Devanhalli and 8 annas in the Closepet Sub-Taluk.

10. Prospects of the season are reported to be good in the Hoskote, Dodballapur and Anekal Taluks; moderate in the Bangalore, Nelamangala, Kankanhalli, Magadi and Devanhalli Taluks and not good in the Channapatna Taluk. One hundred and twenty-six persons in the Hoskote Taluk, 256 in the Dodballapur Taluk, 628 in the Nelamangala Taluk, 40 in the Magadi Taluk and 98 in the Devanhalli Taluk, are employed on tank and well works. Fifteen decrepit persons are in receipt of gratuitous relief in the Magadi Taluk. The condition of the Kankanhalli Taluk is moderate and sufficient work is available for people in the Kankanhalli, Nelamangala, Hoskote, Magadi and Anekal Taluks. Food stuffs are available, but their prices are very high. Scarcity is felt in the Hessarghatta Hobli of Bangalore and in a few villages of the Hoskote, Dodballapur and Nelamangala Taluks.

11. Public health generally good. But small-pox in the towns of Channapatna and Closepet and plague in certain places in the Bangalore and Dodballapur Taluks are still prevailing. Fourteen cases of death from cholera have been reported from the Dodballapur Taluk.

12. It is reported that "Dod Roga" and "Chappe Roga" in some places of the Nelamangala, Magadi and Channapatna Taluks and "Dod Roga" and "Neradi Roga" in some places in the Anekal Taluk are still prevailing. Fodder is generally available for the present throughout the district; and well water is being used in some places in the taluks of Magadi, Channapatna and Anekal and in the Closepet Sub-Taluk.

KOLAR.

8. Markets moderately supplied.

9. *Standing crops* under *kapile* wells are reported to be in fairly good condition.

Crops sown.—Sugar-cane in Sidlaghatta, Chikballapur, Bagepalli, Goribidnur, Srinivaspur and Gudibanda and Vaisakhi paddy in some parts of Goribidnur.

Crops harvested.—Horse gram in Bowringpet, Bagepalli and Gudibanda; ragi in Srinivaspur and Gudibanda; and sugar-cane in all the taluks of the district.

Outturn of harvest.—
Horse gram in Bowringpet, Bagepalli and Gudibanda—Yield from 2 to 4 annas.
Ragi in Srinivaspur—Yield from 1 to 4 annas.
" Gudibanda— Do 2 to 8 "
Sugar-cane throughout the district.—Yield from 4 to 12 annas.

10. Prospects of the season not satisfactory. Food stuffs are available; but their prices continue to be very high.
Large number of District Fund and Municipal Works now in progress in all parts of the district, is affording sufficient labour for the poor. Gratuitous relief is also being given to deserving persons in the affected tracts.

11. Except for plague in parts of the Malur Taluk and small-pox in parts of the Mulbagal Taluk, public health generally good.

12. Rinderpest is reported to be still prevailing in parts of Mulbagal, Sidlaghatta and Bagepalli. Water and fodder moderately sufficient. Temporary wells have also been sunk in parts of the Goribidnur and Srinivaspur Taluks and in Chikballapur town.

TUMKUR.

8. Supply in markets sufficient.

9. *Standing crops.*—Crops under wells and Bengal gram and cholum in the taluks of Maddagiri, Chiknayakanhalli, Sira (except Hulikunte Hobli), Gubbi, Pavagada and Kunigal and the Koratagere and Turuvekere Sub-Taluks, are reported to be in moderately good condition. Sugar-cane in the Tumkur Taluk and the Turuvekere Sub-Taluk and Bengal gram and cholum in the Tiptur Taluk are withering. It is reported that "Seede Hula" has caused damage to Bengal gram and cholum in the Dodderi Hobli of the Maddagiri Taluk.
Crops sown.—Paddy under wells in the Sira Taluk.
Crops harvested.—Sugar-cane in the Tumkur, Maddagiri and Kunigal Taluks and the Turuvekere Sub-Taluk; Bengal gram in the Maddagiri and Tiptur Taluks; cholum in the Tiptur Taluk; and horse gram, castor and cotton in the Pavagada Taluk.

10. Prospects of the season not satisfactory. General condition of the district remains unchanged. The poor people find sufficient employment on the large number of works now under progress. Gratuitous relief is being given in the affected parts of the district, and Takavi advances are also being granted on a liberal scale. The prices of food grains have slightly fallen in some of the taluks.

11. Except for plague, small-pox and cholera in certain villages of the district, public health generally good.

12. "Dod Roga" is still prevailing in all the taluks, except Pavagada and Kunigal and the Koratagere Sub-Taluk. Except in the Maddagiri Taluk and the Koratagere Sub-Taluk, difficulty for water and fodder is being felt in many parts of the district. Temporary wells are being dug up in several villages to mitigate water scarcity. Water is also being bailed out from wells for cattle. Fodder for cattle is being imported in certain villages of the Kunigal Taluk and the Turuvekere Sub-Taluk. Three hundred and forty-nine cattle of the Turuvekere Sub-Taluk have returned from the forests where they had been taken for grazing.

MYSORE.

8. Markets fairly well supplied.

9. *Agricultural operations.*—All over the district lands are being ploughed up. Ragi is being thrashed in parts of the Malvalli Taluk.
Standing crops.—These are reported to be in good condition in parts of the Seringapatam Taluk and in fair condition in parts of the Chamrajnagar, Nanjangud, T.-Narsipur, Malvalli and Nagamangala Taluks. But sugar-cane, Bengal gram and castor in parts of the Mysore Taluk and paddy in parts of the Mandya Taluk, are reported to be withering for want of water. Owing to recent rain, one crop of cocoons in the T.-Narsipur Taluk is reported to have been spoiled.
Crop harvested.—Bengal gram in parts of the Mandya and Nagamangala Taluks.
Estimated outturn of crops.—
In the Heggaddevankote Taluk—Paddy and ragi, yield 8 annas each.
Horse gram, togari and avare, yield 4 annas each.
Til and cholum, yield 12 annas each.
In the Nanjangud Taluk—Castor, yield 8 annas.
In the T.-Narsipur Taluk—Ragi, yield from 4 to 8 annas.
Paddy, yield full crop.
Mulberry, yield 10 annas.
In the Malvalli Taluk—Ragi and paddy, yield 8 annas each.
In the Mandya Taluk—Ragi, avare and horse gram, yield from 2 to 4 annas each.
Paddy, yield from 2 to 4 annas in certain parts and from 6 to 12 annas in certain other parts.

10. Prospects of the season indifferent in certain parts and not good in others. Food stuffs are available with raiyats and merchants, but their prices are still high.

Fifty-six individuals in the Mandya Taluk, 90 in the Krishnarajpete Taluk and 614 in the Nagamangala Taluk are reported to be under gratuitous relief. It is reported that in the Krishnarajpete Taluk, Rs. 198 have been paid to 1,737 coolies employed on tank works and also that ragi worth Rs. 143-12-2 has been gratuitously distributed to relieve distress.

11. Except for plague in a few places in the district, public health generally good.

12. "Dod Roga" and "Sappe Roga" are still prevailing in parts of the district. Tanks in parts of the Mandya Taluk are running dry. Temporary wells are being sunk wherever difficulty for water is being felt. Water is available for the present in other places. Fodder is scarce in parts of the Nagamangala Taluk.

HASSAN.

8. Markets fairly well supplied.

9. *Agricultural operations.*—Wet lands in the Manjarabad Taluk are being ploughed.

Standing crops.—Sugar-cane in the Hassan Taluk and paddy in the Channarayapatna Taluk are reported to be withering for want of rain; and for want of moisture, kadale (sown in tank beds) is also withering in parts of the Channarayapatna Taluk. Sugar-cane below channels in the Hole-Narsipur, sugar-cane and kadale in the Belur Taluk, and sugar-cane in the Channarayapatna Taluk are reported to be in fair condition. And kadale sown in beds of tanks in the Arsikere Taluk, is also reported to be in fair condition.

Crops harvested.—Kadale in the Hole-Narsipur Taluk and sugar-cane in the Belur Taluk and the Alur Sub-Taluk.

10. Prospects of the season generally fair, except in parts of the Arsikere, Channarayapatna, Hole-Narsipur and Belur Taluks, where they are not encouraging. Prices of food stuffs are high.

11. Except for plague in parts of the Hassan Taluk, public health generally good.

12. Except for "Dod Roga" in parts of the Manjarabad, Hole-Narsipur, Arkalgud, Arsikere and Channarayapatna Taluks, and the Alur Sub-Taluk and "foot and mouth" disease in the Arsikere Taluk, cattle are generally in fair condition. Difficulty having been felt in procuring drinking water, Rs. 4,000 have been sanctioned for sinking wells. It is reported that several raiyats themselves have sunk temporary wells in their village tank beds in the Hassan and Belur Taluks. Tank works have been started in the Channarayapatna and Arsikere Taluks to afford wages for subsistence of labourers. In parts of the Channarayapatna Taluk, dug up grass and sugar-cane leaves are being used in addition to ragi and paddy straw. Many cart loads of ragi and paddy straw are being taken to the Channarayapatna and Arsikere Taluks from the Hassan and Manjarabad Taluks and the Alur Sub-Taluk.

SHIMOGA.

8. Markets moderately supplied.

9. *Agricultural operations.*—Lands in the Sagar and Nagar Taluks are being ploughed.

Standing crops.—Bengal gram, white jolam and cotton in the maidan taluks are not in satisfactory condition.

Crop sown.—Sugar-cane is being planted in portions of the Honnali and Shikarpur Taluks and the Kumsi Sub-Taluk.

Crops harvested.—White jolam and cotton in some portions of the Channagiri Taluk. Sugar-cane milling operations are in progress in all taluks of the district.

10. Prospects of the season uncertain. People are anxiously looking forward for rain throughout the district. The general condition of the affected villages in the Shimoga, Channagiri and Honnali Taluks remains unaltered. Labour is scarce on works opened in the affected parts. Food stuffs are available, but their prices continue to be high.

11. Public health generally good. But plague has broken out in the villages of Kohalli and Kesavinakatte in the Kumsi Sub-Taluk.

12. Murrain ("Dod Roga") is prevalent in some villages of the Shimoga, Channagiri and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Markets well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur and transplanting of Kode paddy in Mudgere are going on.

Standing crops.—Condition of these is reported to be unsatisfactory for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Bengal gram, castor and sugar-cane, yield from 4 to 8 annas.
Coriander and fenugreek „ 2 to 4 „

In Kadur—Wheat, Bengal gram and jola, yield 4 annas; and sugar-cane, yield 8 annas.

In Tarikere—Besige jola and cotton, yield 12 annas; and kusumbe and sugar-cane, yield 8 annas.

In Koppa—Sugar-cane, yield 12 annas.

In Yedahalli—Sugar-cane, yield from 8 to 12 annas; and areca, yield from 10 to 8 annas.

10. Though the prospects of the season continue to be as unsatisfactory as in the previous weeks, yet there seems to be no necessity for any special arrangements being made to provide for labour, owing to the poorer classes being able to find it in the fields and the ordinary public works in progress throughout the district. Food stuffs are available, but their prices continue to be still high.

11. Except for plague in certain villages of the Kadur and Tarikere Taluks, and cholera in the town of Sringeri, public health generally good.

12. Cattle generally healthy. But "Foot and Mouth" disease is reported to have broken out among cattle in certain villages of the Chikmagalur and Koppa Taluks. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Markets well supplied.

9. *Standing crops.*—Except those under *kapile* wells and channels which are in fairly good condition, the rest are reported to be withering for want of rain.

Crops sown.—Nil.

Crop harvested and its yield.—Castor in the Chitaldrug Taluk, yield 4 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. To relieve the distress of the poor and the needy, many works have been started in the affected parts of the district. There is great demand for takavi loans and gratuitous relief (in grain doles) among the poor and helpless raiyats in the affected parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks and the Harihar Sub-Taluk. Food stuffs are available.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug, Holalkere and Davangere Taluks, where Rinderpest is prevailing. Water and fodder available except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder is insufficient. Those that can afford it get it at very high rates from places where it can be had, and the others take their cattle to forests for grazing. Some persons from the Hosdurga Taluk have gone to Tarikere to procure free fodder collected by the Forest Department. Water is made available when it is found necessary, by deepening existing wells and by sinking new ones.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage, of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	Current.	
Prices of food grains—	Rice	7·3	5½ to 5¾	seers per rupee.
	Ragi	20·6	10½ to 11	

Agricultural operations.—Ragi thrashing.

Outturn of harvest.—Ragi, yield 4 annas.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Markets generally well supplied.

9. *Agricultural operations.*—It is reported that fields are being manured in some places in the Channapatna Taluk. Ragi is being thrashed in the Devanhalli Taluk.

Standing crops.—Sugar-cane is in moderate condition in the Nelamangala, Kankanhalli and Devanhalli Taluks and is withering for want of water in some parts of the Magadi and Anekal Taluks; kadale is also withering for want of moisture in the ground; and potato is in moderate condition in the Devanhalli Taluk.

Crop sown.—Sugar-cane is being sown in some places in the Nelamangala Magadi and Devanhalli Taluks.

Harvest and outturn.—Sugar-cane is being milled in some places in the Bangalore, Nelamangala, Magadi, Dodballapur and Devanhalli Taluks, and its outturn in the Nelamangala Taluk is 8 annas.

10. Prospects of the season reported to be generally good. Scarcity is felt in the Hessarghatta Hobli of the Bangalore Taluk and in some villages of the Nelamangala, Doddballapur and Hoskote Taluks. Food stuffs are available, but their prices are very high.

Number of persons employed in tank and well works.—One hundred and twenty-six in the Hoskote Taluk, 256 in the Dodballapur Taluk, 974 in the Nelamangala Taluk, 40 in the Magadi Taluk and 137 in the Devanhalli Taluk. Ninety-one persons in the Dodballapur Taluk and 15 in the Magadi Taluk are in receipt of gratuitous relief. Sufficient work is available for people in the Anekal, Channapatna, Magadi and Kankanhalli Taluks.

11. Except for plague in some places in the Dodballapur and Devanhalli Taluks and small-pox in the towns of Channapatna and Closepet, public health generally good.

12. Cattle generally healthy. But "Dod Roga" and "Chappe Roga" in parts of the Kankanhalli, Magadi and Channapatna Taluks and "Dod Roga" and "Neradi Roga" in the Anekal Taluk, are still prevailing. Fodder is available for the present. Well water is being used in some places in the Magadi, Channapatna and Anekal Taluks and the Closepet Sub-Taluk.

KOLAR.

8. Market moderately supplied.

9. *Standing crops* under *kapile* wells are reported to be in fairly good condition.

Crops sown.—Sugar-cane in Mulbagal, Sidlaghatta, Bagepalli, Goribidnur, Srinivaspur and Gudibanda; and Vaisakhi paddy in some places under *kapile* wells in Goribidnur.

Crops harvested.—Horse gram in Bowringpet, Mulbagal and Bagepalli; cholum in Bowringpet; ragi in Kolar, Mulbagal and Gudibanda; turmeric in Goribidnur; and sugar-cane in all the taluks of the district.

Outturn of harvest.—

Horse gram in Bowringpet, Mulbagal and Bagepalli—Yield from 2 to 4 annas.

Cholum in Bowringpet—Yield from 8 to 16 annas.

Ragi in Kolar and Gudibanda—Yield from 2 to 8 annas.

" Mulbagal—Yield 4 annas.

Sugar-cane throughout the district.—Yield from 4 to 12 annas.

Turmeric in Gudibanda—Yield from 8 to 12 annas.

10. Prospects of the season not satisfactory. Prices of food stuffs are high. Large number of District Fund, Municipal and D. P. W. works, now in progress in all parts of the district, is affording sufficient labour to the poor. Gratuitous relief is being given in the affected tracts of the district and Takavi advances are also being granted on a liberal scale.

11. Except for plague in parts of the Malur and Chikballapur Taluks and small-pox in parts of the Mulbagal Taluk, public health generally good.

12. Rinderpest is reported to be still prevailing in parts of the Mulbagal, Sidlaghatta and Bagepalli Taluks and the Gudibanda Sub-Taluk. Water and fodder moderately sufficient. Temporary wells have also been sunk in parts of the Goribidnur and Srinivaspur Taluks and in Chikballapur town.

TUMKUR.

8. Supply in markets sufficient.

9. *Standing crops.*—Crops under wells and Bengal gram and cholum in the taluks of Maddagiri, Chiknayakanhalli, Sira (except the Hulikunte Hobli), Gubbi, Pavagada and Kunigal and the Koratagere and Turuvekere Sub-Taluks, are reported to be in moderately good condition. Sugar-cane in the Tumkur Taluk and the Turuvekere Sub-Taluk is withering and in Kunigal, it has withered away. Bengal gram and cholum in the Tiptur Taluk are in bad condition.

Crops sown.—Paddy and nati ragi under wells in the Sira Taluk.

Crops harvested.—Bengal gram in the Maddagiri, Chiknayakanhalli, Gubbi, Tiptur and Pavagada Taluks and the Turuvekere Sub-Taluk ; wheat in the Maddagiri and Pavagada Taluks; cholum in the Gubbi and Tiptur Taluks and the Turuvekere Sub-Taluk; sugar-cane in the Tumkur, Maddagiri and Gubbi Taluks, and horse gram in the Pavagada Taluk.

10. Prospects of the season not satisfactory. The general condition of the district remains the same as in the last week. Prices of food grains are also stationary. A large number of works are in progress in all the taluks is affording labour for the poor people. There is large demand for Takavi advances throughout the district. Gratuitous relief is also being given in the affected parts and largely in the Kunigal Taluk and the Turuvekere Sub-Taluk.

11. Except for plague, small-pox and cholera in certain villages in the district, public health generally good.

12. "Dod Roga" in all the taluks, except Pavagada and Kunigal and the Koratagere Sub-Taluk and "Chappe Roga" in certain villages of the Honnavalli Hobli of the Tiptur Taluk are still prevailing. Except in the Maddagiri Taluk and the Koratagere Sub-Taluk, difficulty for water and fodder is being felt in many parts of the district. Temporary wells are being dug up in several villages to mitigate water scarcity. Water is also being bailed out from wells for cattle. Fodder for cattle is being imported in certain villages of the Sira and Kunigal Taluks and the Turuvekere Sub-Taluk. Six hundred and ten cattle in the Tiptur Taluk and eighty-nine in the Turuvekere Sub-Taluk have returned from the forests where they had been taken for grazing.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Same as in last week.

Standing crops.—These are reported to be in fair condition in parts of the Chamrajnagar, Nanjangud, T.-Narsipur, Malvalli and Nagamangala Taluks. But sugar-cane, Bengal gram and castor in parts of the Mysore Taluk and paddy in parts of the Mandya Taluk are reported to be withering for want of water. Dry crops in parts of the Seringapatam Taluk are reported to have suffered for want of rain.

Crop harvested.—Bengal gram in parts of the Mandya and Nagamangala Taluks.

Estimated outturn of crops.—

In the Seringapatam Taluk—Paddy, yield from 12 to 16 annas in parts, and over 16 annas in the Arakere and Kyathanahalli Hoblis; ragi, yield from 4 to 8 annas and horse gram and cholum, yield 4 annas each.

In the Nanjangud Taluk—Castor, yield 8 annas.

In the Malvalli Taluk—Paddy and ragi, yield 8 annas each.

In the Mandya Taluk—Ragi, avare and horse gram, yield from 2 to 4 annas. Paddy, yield 4 annas in certain parts and from 6 to 12 annas in other parts.

In the Nagamangala Taluk—Bengal gram, yield from 6 to 8 annas.

10. Prospects of the season indifferent in parts and not good in others. Food stuffs are available all over the district except in the Nagamangala Taluk, "where the stock of which is reported to be not available." Their prices all over the district are still high.

One hundred and fifteen individuals in the Mandya Taluk, 96 in the Krishnarajpete Taluk and 572 in the Nagamangala Taluk are reported to be under gratuitous relief. It is reported that in the Krishnarajpete Taluk, Rs. 226-4-8 have been paid to 2,037 coolies employed on tank works and also that ragi worth Rs. 180-9-9 has been gratuitously distributed to relieve distress.

11. Except for plague in a few places in the district, public health generally good.

12. "Dod Roga" in parts of the Mysore, Seringapatam, Heggaddevankote, Gundlupet, Nanjangud and Krishnarajpete Taluks, "Sappe Roga" in parts of the Mysore, Mandya and Krishnarajpete Taluks and "Foot and mouth" disease in Talur village, Mysore Taluk, are prevailing among cattle. Tanks in parts of the Mandya Taluk are running dry. Temporary wells are being sunk wherever difficulty for water is being felt. Water is available for the present in other places. Fodder is scarce in parts of the Nagamangala Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Ploughing of wet lands in the Manjarabad Taluk.

Standing crops.—Sugar-cane below channels in the Hole-Narsipur Taluk and sugar-cane in the Belur and Channarayapatna Taluks is reported to be in fair condition; as also kadale sown in beds of tanks in the Arsikere Taluk; whereas kadale in parts of the Channarayapatna Taluk is reported to be withering for want of moisture. Sugar-cane in the Hassan Taluk and paddy in the Channarayapatna Taluk are reported to be withering for want of rain.

Crops harvested.—Kadale in the Hole-Narsipur, Channarayapatna and Belur Taluks and sugar-cane in the Alur Sub-Taluk and the Belur and Channarayapatna Taluks.

10. Prospects of the season generally fair, except in parts of the Dodkadnur and Kasba Hoblis of the Hole-Narsipur Taluk and in parts of the Madihalli and Halebid Hoblis of the Belur Taluk, where prospects are not encouraging.

11. Except for cholera in parts of the Manjarabad and Arkalgud Taluks, public health generally good.

12. Cattle generally are not in good condition. "Dod Roga" is prevailing in parts of the Hole-Narsipur, Arkalgud, Arsikere and Channarayapatna Taluks and the Alur Sub-Taluk, many cattle have been inoculated. Fodder is generally available. Report is the same as in last week as regards the supply of water and fodder. Paddy straw is also being brought to the Channarayapatna Taluk from the Seringapatam Taluk.

SHIMOGA.

8. Market moderately supplied.

9. *Agricultural operations.*—Ploughing operations are in progress in the malnad taluks.

Standing crops.—Bengal gram, white jolam and cotton in the maidan taluks and sugar-cane in the other parts are in moderately good condition.

Crop sown.—Sugar-cane is being planted in portions of the Shimoga, Honnali, Shikarpur and Sorab Taluks.

Crops harvested.—Bengal gram, white jolam and cotton in some parts of the Channagiri Taluk; cotton in the Honnali Taluk; and Bengal gram in the Sorab Taluk. Sugar-cane is being milled throughout the district.

10. Prospects of the season "uncertain." People are anxiously looking forward for rain throughout the district. Food stuffs are available, but their prices continue to be high. There is as yet little demand for labour on relief works even in the affected villages.

11. Public health generally good. But plague has broken out in the villages of Kohalli and Kesavinakatte in the Kumsi Sub-Taluk.

12. Murrain (Dod Roga) is prevalent in some villages of the Shimoga, Channagiri and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Kadur and Sringeri and transplanting of sugar-cane in Yedahalli are going on.

Standing crops.—Condition of these is unsatisfactory for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Bengal gram, castor and sugar-cane, yield from 4 to 8 annas.
Coriander and fenugreek „ 2 to 4 „

In Kadur—Wheat and jola, yield 4 annas.
Sugar-cane, yield 8 annas.

In Tarikere—Kusumbe, jola and cotton, yield 12 annas.
Sugar-cane, yield 8 annas.

In Koppa—Sugar-cane, not given.

In Yedahalli—Areca, yield from 8 to 10 annas.
Sugar-cane, yield from 8 to 12 annas.

10. Reports from the taluks as regards the prospects of the season are the same as in the last week. The poorer classes find labour in the fields and the ordinary public works in progress throughout the district. Food stuffs are available, but their prices are still high.

11. Except for plague in certain villages of the Kadur and Tarikere Taluks, and cholera in the town of Sringeri and its neighbourhood, public health generally good.

12. Cattle generally healthy. But "Foot and Mouth" disease is prevailing in a mild form in certain villages of the Chikmagalur, Kadur, Tarikere and Koppa Taluks. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Except those under *kapile* wells and channels which are in fairly good condition, the rest are reported to be withering for want of rain.

Crops sown.—Nil.

Crops harvested and their yield.—Bengal gram and bile jola in the Holalkere and Hosdurga Taluks, yield from 4 to 8 annas. Horse gram in the Challakere Taluk, yield 2 annas. Cotton in the Holalkere Taluk, yield from 4 to 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. Food stuffs available. To relieve the distress of the poor and needy, many works have been started in the affected parts of the district. *viz.*, 8 in the Chitaldrug Taluk, 6 in the Challakere Taluk, 8 in the Hiriyur Taluk, 4 in the Davangere Taluk, 19 in the Hosdurga Taluk and 3 in the Harihar Sub-Taluk. There is much demand for takavi loans and gratuitous relief in grains among the poor and helpless raiyats in the affected parts of the taluks of Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga and the Harihar Sub-Taluk.

11. Public health generally good.

12. Cattle generally healthy, except in parts of the Chitaldrug, Holalkere, Davangere and Hosdurga Taluks. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder being insufficient, it is got at high prices at some places. Those who cannot afford to pay these high prices, take their cattle to forests to graze there. In some places, date leaves also are being used as fodder. Water is made available wherever it is found necessary, by deepening existing wells and sinking new ones.

10. Prospects of the season indifferent in parts and not good in others. Food stuffs are available all over the district, except in the Nagamangala Taluk, where stock of which is reported to be not available. Their prices all over the district are still high. One hundred and twenty-five individuals in the Mandya Taluk and 98 in the Krishnarajpete Taluk are reported to be under gratuitous relief. It is reported that in the Krishnarajpete Taluk, Rs. 250-10-11 have been paid to 48 coolies employed on tank works and also that ragi worth Rs. 214-12-11 has been gratuitously distributed to relieve distress.

11. Except for plague in a few places in the district, public health generally good.

12. "Dod Roga" in parts of the Mysore, Seringapatam, Heggaddevankote, Gundlupet, Nanjangud and Krishnarajpete Taluks and "Chappe Roga" and "Foot and mouth" disease in parts of the Mysore Taluk are prevailing among cattle. Tanks in parts of the Nanjangud and Mandya Taluks are running dry. Temporary wells are being sunk wherever difficulty for water is being felt. Water is available for the present in other places. Fodder is scarce in parts of the Nagamangala Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Wet lands in the Manjarabad Taluk are being ploughed.

Standing crops.—Sugar-cane in the Hassan Taluk is reported to be withering. Sugar-cane, below channels in the Hole-Narsipur Taluk and in the Belur and Channarayapatna Taluks and the Alur Sub-Taluk is reported to be fair. Kadale sown in tank beds in the Arsikere Taluk is reported to be fair.

Crops harvested.—Same as in last week.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, parts of Dodkadnur and Kasba hoblis of the Hole-Narsipur Taluk and parts of the Madihalli and Halebid hoblis of the Belur Taluk, where they are not encouraging.

11. Except for cholera in parts of the Arkalgud Taluk and small-pox in the Hole-Narsipur town, public health generally good.

12. Cattle generally are not in good condition. "Dod Roga" is prevalent in parts of the Manjarabad, Hole-Narsipur, Arkalgud, Arsikere and Channarayapatna Taluks and the Alur Sub-Taluk. Many cattle have been inoculated. Fodder is generally available. Report is the same as in the last week as regards the supply of water and fodder in the district.

SHIMOGA.

8. Market moderately supplied.

9. *Agricultural operations.*—Ploughing operations are in progress in the malnad taluks.

Standing crops.—Bengal gram, white jolam and cotton in the maidan taluks are in moderately good condition. Sugar-cane in the Tirthahalli Taluk is reported to be in good condition.

Crop sown.—Sugar-cane in parts of the Shimoga, Honnali, Shikarpur and Sorab Taluks and of the Kumsi Sub-Taluk.

Crops harvested.—Bengal gram, in parts of the Channagiri and Sorab Taluks; white jolam in parts of the Channagiri Taluk; and cotton in parts of the Channagiri and Honnali Taluks. Sugar-cane milling operations are in progress in the Taluks of Shikarpur, Sorab, Sagar, Nagar and Tirthahalli and the Sub-Taluk of Kumsi.

10. Prospects of the season uncertain. People are anxiously looking forward for rain throughout the district. Food stuffs are available, but their prices continue to be high.

11. Public health generally good.

12. "Dod Roga" is prevalent in parts of the taluks of Shimoga, Channagiri and Honnali. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in parts of Chikmagalur, Mudgere and Sringeri and planting of sugar-cane in parts of Yedahalli, are going on.

Standing crops are in unsatisfactory condition for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Bengal gram, Fenugreek and castor, yield from 4 to 8 annas.
Sugar-cane and coriander „ 2 to 4 „

In Kadur—Sugar-cane and jola, yield 4 annas.
Bengal gram, yield 8 annas.

In Koppa—Sugar-cane, yield not given.

In Yedahalli—Sugar-cane, yield from 8 to 12 annas.

10. Reports received from the taluks as regards the prospects of the season are the same as in the last week. Food stuffs are available, but their prices are still high.

11. Except for plague in certain villages of the Kadur Taluk, and cholera in the town of Sringeri, public health generally good.

12. Cattle generally healthy. But "Foot and mouth" disease is prevailing in a mild form in certain villages of the Kadur, Tarikere and Chikmagalur Taluks. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Except those under *kapile* wells and channels which are in fairly good condition, the rest are reported to be withering.

Crops sown.—Nil.

M. MUTHANNAH,
Consvr. of Forests.

No. R. 7306—AGRI. 147-08-8, DATED BANGALORE, 16TH MARCH 1909.

The following circulars regarding the special reduced rates for fodder and rice, issued by the General Traffic Manager, Madras and Southern Mahratta Railway, are published for general information.

By Order,
K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

R. 6—5849.

MADRAS AND SOUTHERN MAHRATTA RAILWAY.

SPECIAL LOCAL RATE ADVICE No. 3 A.

Special Rates for Grass and Hay including Jawari and Cholam stalks also Oil Cake to be used as fodder.

With effect from the 1st March 1909, Grass and Hay including Jawari or Cholam stalks also Oil Cake to be used as fodder when booked from any station on the system to any station Harihar to Nanjangud including the Shimoga branch and Bangalore City to Goribidnur and Bowringpet including the Kolar Gold Fields branch are charged at the following rates:—

		Per 4 wheeled Metre Gauge wagon per mile. Rs.	a.	p.
From any station on the Metre Gauge Section.	For the first 50 miles	0	2	0
	For extra distances above 50 and up to 150 miles.	0	1	6
	For extra distances above 150 miles ...	0	1	0
		Per 4 wheeled Broad Gauge wagon per mile Rs.	a.	p.
From any station on the Broad Gauge Section.	For any distance	0	2	0

2. Terminals and short distance charges are not to be levied and fractions of a rupee under eight annas should be dropped and eight annas and above should be taken as one rupee. Double the above rates are to be charged for Bogie or 8 wheeled wagons. The rates apply at owner's risk, owners to load and unload. These rates will not apply to consignments booked to or from the Army Department.

3. In booking from stations on the Metre Gauge section to stations on the Broad Gauge section, traffic should be consigned in two Metre Gauge wagon loads or multiples thereof and charged as for two Metre Gauge wagons on the entire distance whether the contents of the two Metre Gauge wagons are transhipped in one or more Broad Gauge wagons, and similarly in booking from stations on the Broad Gauge to stations on the Metre Gauge, the Broad Gauge wagon rate will be charged on the through distance irrespective of the number of Metre Gauge wagons into which the contents may be transhipped.

4. The freight on consignments should be recovered from the consignor or consignee at the rate of 6 pies per 4 wheeled Wagon per mile and one anna per Bogie or 8 wheeled Wagon per mile, and the balance of freight calculated at the above special rates will be borne by the Mysore Government.

5. The invoices should show the freight at the above reduced rates and the total should be distributed thus in the invoices:—

(*a*) Payable by consignee Rs..........................
(*b*) Payable by Mysore Government Rs...................

6. The Station Masters and Goods Clerks should collect (*a*) and take special credit in their Goods Balance Sheet for (*b*) attaching in support a statement in duplicate giving invoice particulars, etc., to enable the necessary recovery to be made from the Mysore Government by the Audit Office.

7. Calculated rates at the scale of rates chargeable from Metre Gauge stations from 10 to 600 miles are given below. Calculated rates at 2 annas per wagon per mile chargeable from Broad Gauge stations are printed in pages 21 to 42 of the "Rates Tables".

Calculated rates per ordinary 4 wheeled Metre Gauge wagon for Grass, Hay, etc., when booked from any station on the Metre Gauge Section of the M. S. M. Railway to any station Harihar to Nanjangud including the Shimoga Branch and Bangalore City to Goribidnur and Bowringpet including the K. G. F. Branch.

Dated 13th March 1909. N. VENKATESA IYENGAR, *Chief Observer in charge, Mysore Meteorological Dept.*

VALUE OF INOCULATION AS A PLAGUE PREVENTIVE MEASURE.

The following is an account of the progress of inoculation at Tarikere in the Kadur District during the recent outbreak of plague in that town, and is published for the information of the public, as throwing light on the value of the measure in plague prevention.

The Hospital Assistant of Tarikere Dispensary in his report, dated the 29th October 1908, reported as follows: "It may be interesting to note that in three families where all the family members with the exception of one or two were inoculated, 3 such unprotected people, one in each family have caught infection and died." As the occurrences could hardly have been mere coincidences, it was considered of sufficient importance to have the facts investigated on the spot by the District Medical and Sanitary Officer and the following is the history of the cases:—

Family 1.—A tailor family living in an infected part of the town, consisted of 6 members (2 men, 1 woman and 3 children). Of these, the 2 men and a boy were inoculated on the 15th September. One of the uninoculated children, a girl aged 11 years developed plague with a bubo in the right groin on the 2nd October and died on the 4th idem.

Family 2.—A Muhamadan family, consisted of 11 members (5 men, 3 women and 3 children). They were living in an infected part of the town. On the 4th October, 4 out of the 6 men and one of the children, a boy aged 9 years were inoculated, leaving the 3 women, 1 male adult and 2 children unprotected. Eight or ten days later, one of the women was attacked with plague and the family in a body left the town and encamped two miles away, where the women died. A few days afterwards the adult male *that had not been inoculated* developed plague and died.

Family 3.—A shepherd family consisted of 6 members (3 men, 1 woman and 2 children). The whole family with the exception of 1 adult male got inoculated on the 15th August. They were living in the town at the time of inoculation but subsequently removed themselves to camp outside, on account of plague cases occurring in the neighbourhood. The man that had not been inoculated caught plague and died (about 2 months after the date of inoculation of the family), the source of infection being his house in the town whither he used to go for odds and ends.

The course of the disease among the inoculated as compared with the uninoculated is shown under:

Population of the town

Census of 1901 10,164

	Number	Attack	Deaths	Percentage of attacks to total inoculated or uninoculated
Number inoculated ...	609	3	2	0·5
Number uninoculated ...	*9,555	128	91	1·3

* The actual number of people remaining in the town at the time must have been much less as many had, as is very probable, left for neighbouring villages and towns on account of plague. Hence the proportion of the attacks among the uninoculated would really be higher.

The above facts seem to offer a distinct proof that inoculation is of great value in plague prevention.

DISTRICT REPORTS.

8. Markets, how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	Current.	
Prices of food grains—	Rice ...	7·2	5½ to 5¾	seers per rupee.
	Ragi ...	18·1	10¾ to 11¼	

Agricultural operations.—Collection of manure.

Outturn of harvest.—Outturn of ragi, 4 annas in a rupee.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—It is reported that manure is being carted to the fields in some places in the Nelamangala and Magadi Taluks.

Standing crops.—Condition of sugar-cane is good in some places in Kankanhalli; moderate in the Nelamangala and Devanhalli Taluks; and is withering for want of water in the Anekal and Dodballapur Taluks.

Crop sown.—Sugar-cane in some places in the Nelamangala, Magadi and Devanhalli Taluks.

Harvest and outturn.—Sugar-cane is being harvested in some places in the Bangalore and Nelamangala Taluks, and milled in the Magadi and Devanhalli Taluks. Kadale and potato are also being harvested in the Devanhalli Taluk, and kadale only in the Dodballapur Taluk. The yield of sugar-cane is expected to be on an average of 8 annas in the Nelamangala Taluk and 6 annas in the Devanhalli Taluk. The outturn of kadale and potato is estimated to be on an average of 4 and 6 annas, respectively, in the Devanhalli Taluk.

10. It is reported that the prospects of the season are good in the Hoskote and Channapatna Taluks. Food stuffs are available, but their prices are very high. Scarcity is felt in some parts of the Bangalore, Hoskote, Nelamangala, Magadi, Dodballapur and Devanhalli Taluks. The general condition of the Kankanhalli Taluk is moderate and sufficient work is available in the Kankanhalli, Magadi, Channapatna and Anekal Taluks.

Three hundred and sixty-four persons are employed in tank and well works in the Bangalore Taluk; 85 in the Hoskote Taluk; 1535 in the Nelamangala Taluk; 60 in the Magadi Taluk and 84 in the Devanhalli Taluk. One hundred and seventy eight persons are in receipt of gratuitous relief.

11. Except for plague in some parts of Bangalore, small-pox in Channapatna and Closepet towns and measles in Anekal, public health generally good.

12. Except for "Dod Roga" and "Chappe Roga" in some parts of the Kankanhalli Taluk, "Dod Roga" in the Magadi Taluk, and "Neradi" and "Dod Roga" in the Anekal Taluk, cattle generally healthy. Water and fodder are available for the present, except that well water is being drawn and used for cattle in some places in the Magadi, Channapatna and Anekal Taluks and the Closepet Sub-Taluk. Water scarcity is being felt in the Magadi and Anekal Taluks and the Closepet Sub-Taluk.

KOLAR.

8. Market moderately supplied.

9. *Standing crops* under *kapile* wells are reported to be in fairly good condition.

Crop sown.—Sugar-cane is being sown in almost all the taluks of the district.

Crops harvested.—Ragi in Kolar and Srinivaspur; sugar-cane in Kolar, Chintamani, and Mulbagal; cholum in Bowringpet; and turmeric in Goribidnur.

Outturn of harvests.—

Ragi in Kolar—Yield from 2 to 8 annas.

" Srinivaspur—Yield from 1 to 4 annas.

Turmeric in Goribidnur—Yield from 8 to 12 annas.

Sugar-cane in the Kolar, Chintamani and Mulbagal Taluks—Yield from 4 to 12 annas.

10. Prospects of the season are not satisfactory. Prices of food stuffs are very high. Large number of District Fund, Municipal and D. P. W. works, now in progress in all parts of the district, is affording sufficient labour to the poor. Gratuitous relief is being given in the affected tracts of the district and takavi advances are also being granted on a liberal scale.

11. Except for plague in the Malur and Chikballapur Taluks and small-pox in parts of the Mulbagal Taluk, public health generally good.

12. Rinderpest is reported to be still prevailing in parts of the Mulbagal, Sidlaghatta, Chikballapur and Bagepalli Taluks and the Gudibanda Sub-Taluk. Water and fodder moderately sufficient, except in Chikballapur town where temporary wells have been sunk to get over the difficulty for water experienced there. People throughout the district are anxiously looking forward for the *Mungar* rains.

TUMKUR.

8. Supply in market moderate.

9. *Standing crops.*—Crops under wells in the Sira Taluk and Bengal gram and cholum in the taluks of Chiknayakanhalli, Pavagada and Kunigal and the Koratagere and Turuvekere Sub-Taluks, are reported to be in moderately good condition, and they are withering in the taluks of Maddagiri, Sira, Gubbi and Tiptur; and sugar-cane in the Tumkur Taluk and the Turuvekere Sub-Taluk is also withering.

Crops sown.—Sugar-cane in the Koratagere Sub-Taluk.

Crops harvested.—Sugar-cane in the Tumkur and Gubbi Taluks and the Koratagere Sub-Taluk; cholum and Bengal gram in the Maddagiri, Gubbi and Pavagada Taluks and the Turuvekere Sub-Taluk; cholum in the Sira and Tiptur Taluks; and Bengal gram in the Kunigal Taluk and the Koratagere Sub-Taluk.

10. Prospects of the season not satisfactory. The general condition of the district remains the same as in the last week. A large number of works are in progress in all the taluks and are affording labour for the poor people. Gratuitous relief is also being given in the affected parts throughout the district. Takavi advances and loans under the Land Improvement Loans Regulation are also being granted on a large scale.

11. Except for plague and small-pox in certain villages in the district, public health generally good.

12. "Dod Roga" in all the taluks, except the Kunigal Taluk and the Koratagere Sub-Taluk, is still prevailing. Scarcity for water and fodder is being felt in many parts of the district. Water is being bailed out from wells for cattle in many places. Temporary wells are being dug up in several villages to mitigate water scarcity. Fodder for cattle is being imported in certain villages of the Sira, Tiptur and Kunigal Taluks and the Koratagere Sub-Taluk. Ninety-six cattle in the Turuvekere Sub-Taluk have returned from forests, where they had been taken for grazing.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed all over the district.

Standing crops.—These are reported to be in fair condition in parts of the Mysore Chamrajnagar, Nanjangud, T.-Narsipur and Nagamangala Taluks, and good in parts of the Seringapatam Taluk. Paddy in parts of the Mandya Taluk is reported to be withering for want of water. Dry crops in parts of the Seringapatam Taluk are reported to have suffered for want of rain; cholum and Bengal gram in tank beds in parts of the Mandya Taluk are reported to be in need of rain.

Crops sown.—Manurial crops in wet lands in parts of the T.-Narsipur Taluk.

Crop harvested.—Bengal gram in parts of the Mandya Taluk.

Estimated outturn.—

In Seringapatam Taluk—Paddy, yield from 12 to 16 annas.
Ragi, yield from 4 to 8 annas.
Horse gram and cholum, yield 4 annas.

In Nanjangud Taluk—Castor, yield 8 annas.

In Mandya Taluk—Ragi, ballar and horse gram, yield from 2 to 4 annas.
Paddy, yield from 2 to 4 annas in certain parts and from 6 to 12 annas in a few parts.

In Krishnarajpete Taluk—Sugar-cane, yield 6 annas.

10. Prospects of the season indifferent in parts and not good in others. Food stuffs are available in all the taluks, except Nagamangala where stock of them is reported to be not available. One hundred and thirty persons in the Mandya Taluk are reported to be under gratuitous relief. It is reported that in the Krishnarajpete Taluk, Rs. 268-2-11 have been paid to coolies employed in tank works and also that ragi worth Rs. 251-7-3 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore, Hunsur, Gundlupet and Nanjangud Taluks and cholera in one village of the Nagamangala Taluk, public health generally good.

12. "Dod Roga," "Chappe Roga" and "Foot and mouth disease" are prevailing in parts of the district. Tanks in parts of the Nanjangud and Mandya Taluks are running dry. Temporary wells are being sunk wherever difficulty for water is felt. Water is available for the present in other places. Fodder is scarce in parts of the Mandya and Krishnarajpete Taluks.

HASSAN.

8. **Market fairly well supplied.**

9. *Agricultural operations.*—Dry lands are being manured in parts of the Hassan Taluk; and wet lands are being ploughed in parts of the Manjarabad Taluk. Transplantation of kar paddy is finished in parts of the Manjarabad Taluk.

State of standing crop.—Sugar-cane is in fair condition in the Hole-Narsipur Taluk and the Alur Sub-Taluk. It is withering for want of water in the Hassan, Belur and Channarayapatna Taluks.

Crops harvested.—Sugar-cane in the Channarayapatna Taluk and the Alur Sub-Taluk and Bengal gram in the Belur, Channarayapatna and Arsikere Taluks are being harvested.

10. Prospects of the season generally fair, except in parts of the Arsikere, Channarayapatna, Belur and Hole-Narsipur Taluks where they are not encouraging. Food stuffs are available. About 180 people are employed in relief works in the Arsikere Taluk.

11. Public health generally fair, but cholera in six villages of the Arkalgud Taluk and small-pox and measles in parts of the Hole-Narsipur Taluk, are still prevalent.

12. Cattle generally are not in good condition. "Dod Roga" is prevalent in parts of the Manjarabad, Arkalgud, Arsikere and Hole-Narsipur Taluks. Water and fodder are available in limited quantities especially in the Arsikere and Channarayapatna Taluks. Where there is any difficulty for drinking water, temporary wells are sunk in tank beds by the villagers. Needful steps are being taken to sink fresh water wells, where absolutely necessary to supplement water-supply and to start tank works to afford wages for labourers. Paddy straw continues to be exported from the Manjarabad Taluk and the Alur Sub-Taluk to some of the maidan taluks of the district and its neighbourhood.

SHIMOGA.

8. Market moderately supplied.

9. *Agricultural operations.*—Lands are being ploughed in the Honnali, Sagar and Nagar Taluks.

Standing crops.—White jolum, Bengal gram and cotton in the maidan taluks and sugar-cane in other parts are in moderately good condition.

Crop sown.—Sugar-cane in portions of the Shimoga, Shikarpur and Sorab Taluks and of the Kumsi Sub-Taluk.

Crops harvested.—White jolum, Bengal gram and cotton in parts of the Channagiri Taluk; and Bengal gram in parts of the Sorab Taluk. Sugar-cane milling operations are in progress in the Shikarpur, Sorab, Sagar, Nagar and Tirthahalli Taluks. Sugar-cane has been completely harvested in the Shimoga Taluk and the Kumsi Sub-Taluk.

10. Prospects of the season uncertain. There is no change in the general condition of the district. People are anxiously looking for rain throughout the district. Food stuffs are available, but their prices continue to be high.

11. Public health generally good.

12. "Dod Roga" is prevalent in some villages of the Shimoga, Channagiri and Honnali Taluks. Water and fodder available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in parts of Chikmagalur, Mudgere and Sringeri and planting of sugar-cane in parts of Yedahalli, are going on.

Standing crops are in unsatisfactory condition for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Fenugreek, yield 4 annas.
Wheat, yield from 4 to 6 annas.
Jola, yield from 4 to 8 annas.
Bengal gram, yield 8 annas.

In Kadur—Sugar-cane, yield 8 annas.

In Tarikere—Cotton, yield 12 annas.

In Koppa—Sugar-cane, yield 12 annas.

In Yedahalli—Sugar-cane, yield from 8 to 12 annas.

10. Reports received from the taluks as regards the prospects of the season are the same as in the last week. Food stuffs are available, but their prices are still high.

11. Except for plague in a few villages of the Tarikere Taluk, public health generally good.

12. Cattle generally healthy. But "Dod Roga" in a mild form in certain villages of the Chikmagalur Taluk and "Foot and mouth" disease in a few villages of the Tarikere and Mudgere Taluks are still prevailing. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Except those under *kapile* wells and channels which are in fairly good condition, the rest are reported to be withering for want of rain.

Crops harvested and their yield.—

Wheat in the Challakere and Molakalmuru Taluks, yield from 4 to 8 annas.
Cotton in the Holalkere and Molakalmuru Taluks, yield from 4 to 8 annas.
Paddy in the Molakalmuru Taluk, yield 8 annas.
Chillis in the Challakere Taluk, yield 4 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Jagalur, Davangere and Hosdurga Taluks. Food stuffs available. Reports are the same this week as in the last week as regards the demand for labour and the efforts made to meet it. Takavi loans and gratuitous relief in grains are also given to the poor and helpless raiyats in the affected parts of the district.

11. Public health generally good.

12. Cattle generally healthy, except in parts of the Chitaldrug, Hiriyur, Davangere and Hosdurga Taluks where Rinderpest prevails. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder being insufficient it is got at a very high rate in some places from where it is available. In other places, cattle are taken to forests for grazing. Date leaves are also being used in some places. Water is made available in places where it is found necessary by deepening existing wells and sinking new ones.

REVENUE COMMISSIONER'S OFFICE,
Dated, Bangalore 18th March 1909.

A. RANGASWAMI IYENGAR,
Revenue Commissioner in Mysore.

No. R. 7596—*Agri.* 36-08-11, *dated 24th March* 1909.

The revised prospectus and the rules of the Arni Jahgir First Agri-Horticultural Exhibition to be opened on the 3rd April 1909 are published for general information.

By Order,
K. S. CHANDRASEKHARA AIYAR,
Secy. to Govt., Gen. & Rev. Depts.

PROSPECTUS OF THE ARNI JAHGIR FIRST AGRI-HORTICULTURAL EXHIBITION, 1909.

The Jahgirdar of Arni proposes to hold an Agri-Horticultural Exhibition at Sathvavijianagaram, the head-quarters of his Jahgir, in the district of North Arcot, on the 3rd day of April 1909.

The Hon'ble Mr. Murray Hammick, C.S.I., C.I.E., I.C.S., of the Executive Council of His Excellency the Governor of Madras, has kindly consented to open the Exhibition on the morning of Saturday of 3rd April 1909. The Exhibition will be kept open to the public till the 10th April following. Endeavours are being made to make as good a presentation as possible of the different departments of Agriculture as given below.

It need hardly be mentioned that a great deal of the success of the Exhibition necessarily depends on the extent of sympathy and co-operation of the Officers of Government, and the public bodies and private individuals who are interesting themselves in the economic advancement of the country. It is submitted that more attention is being devoted to articles of utility than to those of ornamentation. In view of the educative effect that the Exhibition, if successful, is bound to produce, it is confidently hoped that sufficient help and co-operation will be forthcoming from every direction to which appeal has been and is being made. It may not be out of place to mention that the Department of Agriculture of the Government of Madras have issued necessary orders for ensuring help to the Exhibition.

A copy of the rules is also appended hereto for the information of intending exhibitors.

Intending exhibitors are earnestly requested to fill up a forwarding note containing the particulars given in Rule No. 6, and to forward therewith the exhibits to the Honorary Secretary so as to reach Sathyavijianagaram before the 31st instant. All exhibits may be sent to the Arni Railway Station, on the South Indian Railway where an agent is posted for the purpose of taking delivery of the exhibits.

In addition to Money Prizes and Medals that are proposed to be given to successful competitors, special gold medals will be awarded to Exhibitors competing under groups XVII, XVIII and XIX.

All communications may be addressed to the Honorary Secretary.

L. SRINIVASA RAGAVA AIYAR,
Honorary Secretary.

SATHYAVIJIANAGARAM, N. ARCOT,
1*st March* 1909.

RULES AND REGULATIONS.

1. The Exhibition will be held at Sathyavijianagaram in the District of North Arcot on the 3rd day of April 1909 and will continue till the 10th April following.

2. Intending Exhibitors should forward the Exhibits with a list giving particulars mentioned in Rule No. 6 to the Honorary Secretary so as to reach him not later than the 31st March 1909.

3. The Honorary Secretary will register the articles and furnish to the Exhibitor a receipt in token of the articles having been received by him.

4. The articles that are proposed to be exhibited may either be handed over to the Honorary Secretary in person or sent to him with the aforesaid list not later than the 31st March 1909.

5. All articles exhibited and all articles sold shall be removed from the Exhibition compound by the purchaser or the Exhibitor, as the case may be, within one week after the close of the Exhibition.

6. Exhibitors sending their Exhibits by rail shall enclose in the package a detailed list containing the following particulars:—

(*a*) Name and description of the article.

(*b*) Price of the article.

(*c*) The place of the production or manufacture.

(*d*) The name of the Exhibitor and whether the article is for sale or not.

7. Exhibitors of live-stock shall notify to the Honorary Secretary their intention to exhibit any animal mentioned in the list, before the 22nd day of March 1909.

8. Such Exhibitor will be provided only with watering conveniences and the necessary quantity of straw.

9. With regard to Sub-Group No. 10 of Group No. IV, special preference will be given to seeds and plants in growing conditions.

10. Under groups XII, XIII, XIV, XV and XVI exhibition of either plants or seeds, as the case may be, will be specially taken into consideration in the awarding of prizes. In the case of Exhibition of plants the number exhibited in each variety shall not be less than 2 and not more than 6, and in the case of seeds in no case shall the quantity be less than one ounce.

11. The Exhibitors are requested to communicate with the Honorary Secretary whether they intend to practically illustrate any process of their work and if so what necessary help they require for the same.

12. Except where it is otherwise agreed, all costs incidental to transport and delivery and taking away of goods to, at, or from the Exhibition shall be borne by the Exhibitors.

13. Every effort shall be made by the Honorary Secretary to render all facilities to the Exhibitors.

14. Sufficient accommodation will be given to the Exhibitors for exhibiting the articles at the Exhibition.

15. The Honorary Secretary will render all facilities in his power to the Exhibitors in the matter of transport, display, sale and care of the exhibitors.

16. Medals, money prizes, and certificates of merits will be awarded for deserving exhibits by the judges selected for the purpose.

17. It shall be competent to the Honorary Secretary to expel exhibits of any person not conforming to these rules.

18. No articles exhibited can either be copied or photographed without the written permission of either the Exhibitor or the Honorary Secretary.

19. Only such servants, attendants or assistants as are necessary in the opinion of the Honorary Secretary will be permitted in the Exhibition compound free, on passes issued by the Honorary Secretary.

20. All articles of an agricultural or economic value will be accepted by the Honorary Secretary.

21. Articles that are either noxious or dangerous or in the nature of explosives will not be accepted.

22. Diseased and dangerous animals will not be accepted.

23. All Exhibitors by reason of their becoming such shall be deemed to have accepted the above rules as also those hereafter to be promulgated by the Honorary Secretary.

24. The decision of the Exhibition Executive on any matter herein referred to will be final.

25. Articles intended for sale may be sold at the Exhibition and the Exhibition officers will register the names of the purchasers and receive money from them.

26. Articles so sold can be removed only on payment of the money to the Honorary Secretary, who will pay the same to the vending Exhibitor.

27. The Exhibitors can obtain the usual railway concession certificates from the Honorary Secretary on application to him.

28. The above rules do not apply to exhibits sent in by the Imperial or Local Governments or the Governments of Native States or the Government Institutions or Local Boards or Agricultural Associations, the Exhibition Executive making all necessary arrangements and defraying all charges in each such case.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	Current.	
Prices of food grains—Rice	7·2	$5\frac{1}{2}$ to $5\frac{3}{4}$	seers per rupee.
Ragi	18·1	$10\frac{3}{4}$ to $11\frac{1}{4}$	

Agricultural operations.—Collection of manure.

Outturn of harvest.—Ragi, yield 4 annas.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Manure is being carted in some parts of the Hoskote, Nelamangala and Magadi Taluks.

Standing crops.—Sugar-cane is in good condition in some parts of the Hoskote and Kankanhalli Taluks. It is in moderate condition in the Nelamangala and Devanhalli Taluks and is withering for want of water in some places in the Hoskote and Anekal Taluks.

Crop sown.—Sugar-cane in some parts of the Bangalore, Nelamangala, Kankanhalli, Magadi and Devanhalli Taluks.

Harvest and outturn.—Sugar-cane is being milled in some places in the Hoskote, Nelamangala, Magadi and Devanhalli Taluks. An average yield of 8 annas in the Nelamangala Taluk and 7 annas in the Devanhalli Taluk is expected.

10. It is reported that the prospects of the season are good in the Channapatna Taluk and moderate in other taluks. The general condition of the taluk is good in Nelamangala and sufficient work is available for persons in the Nelamangala, Magadi, Channapatna and Anekal Taluks. Scarcity is prevailing in the Hessarghatta Hobli of the Bangalore Taluk and in a few villages of the Hoskote and Devanhalli Taluks.

Number of persons employed in tank and well works.—Three hundred and sixty-four in the Bangalore Taluk, 82 in the Hoskote Taluk, 1,708 in the Nelamangala Taluk, 60 in the Magadi Taluk and 60 in the Devanhalli Taluk. Thirty persons in the Magadi Taluk and 7 in the Nelamangala Taluk are in receipt of gratuitous relief. Food stuffs are available, but their prices are very high.

11. Except for plague in some places in Bangalore, small-pox in the Hoskote Taluk, Channapatna town and the Closepet Sub-Taluk and measles in the Anekal Taluk, public health generally good.

12. Except for "Dod Roga" and "Galu Sake Roga" in some places in the Hoskote Taluk; "Dod Roga" and "Neradi Roga" in the Nelamangala and Anekal Taluks; "Dod Roga" and "Chappe Roga" in the Kankanhalli Taluk and "Dod Roga" in the Magadi and Devanhalli Taluks, the health of cattle is generally good. Water and fodder are available for the present, except that well water is being drawn and used for cattle in some parts of the Hoskote, Nelamangala, Magadi, Channapatna, Anekal and Devanhalli Taluks and the Closepet Sub-Taluk. Water scarcity is felt in the Nelamangala, Magadi and Anekal Taluks and the Closepet Sub-Taluk. Ragi and straw are being exported to Tumkur and Kunigal sides for sale from the Magadi Taluk.

KOLAR.

8. Market moderately supplied.

9. *Standing crops* under *kapile* wells are reported to be in fairly good condition.

Crop sown.—Sugar-cane is being sown in Mulbagal, Chikballapur, Bagepalli, Goribidnur and Gudibanda.

Crops harvested.—Sugar-cane in Kolar, Bowringpet, Mulbagal and Gudibanda, and jolum and turmeric in Goribidnur.

Outturn of harvest.—Sugar-cane in Kolar, Bowringpet, Mulbagal and Gudibanda, yield from 4 to 12 annas.

10. Prospects of the season not satisfactory. Prices of food stuffs are very high. People are anxiously looking forward for the *Mungar* rains. Large number of District Fund, Municipal and D. P. W. works, now in progress in all parts of the district, is affording sufficient labour to the poor. Gratuitous relief is being given in the affected tracts of the district. Gratuitous advances are also being granted on a liberal scale.

11. Except for cholera in parts of the Goribidnur Taluk and small-pox in parts of the Mulbagal, Chintamani and Sidlaghatta Taluks, public health generally good.

12. Rinderpest is reported to be still prevailing in parts of the Chikballapur and Bagepalli Taluks and parts of the Gudibanda Sub-Taluk. Water and fodder moderately sufficient.

TUMKUR.

8. Supply in market moderate.

9. *Standing crops.*—Sugar-cane in the Tumkur Taluk and the Turuvekere Sub-Taluk, and cholum and Bengal gram in the taluks of Maddagiri, Sira, Tiptur and Pavagada are withering for want of rain. They are reported to be in moderate condition in the taluks of Chiknayakanhalli, Gubbi and Kunigal and in the sub-taluks of Koratagere and Turuvekere.

Crops sown.—Nil.

Crops harvested.—Sugar-cane in the Tumkur and Gubbi Taluks and the Koratagere and Turuvekere Sub-Taluks; Bengal gram and cholum in the taluks of Maddagiri, Gubbi, Tiptur and Pavagada and the Turuvekere Sub-Taluk; wheat in the Maddagiri and Pavagada Taluks; cholum in the Sira Taluk, and Bengal gram in the Kunigal Taluk and the Koratagere Sub-Taluk.

10. Prospects of the season not satisfactory. The general condition of the district remains the same as in the last week. A large number of works are in progress and are affording labour for the poor people. Gratuitous relief is also being given in the affected parts throughout the district. Takavi advances and loans are also being granted on a large scale. Prices of food stuffs are still high.

11. Except for plague and small-pox in certain villages in the district, public health is generally good.

12. "Dod Roga" in all the taluks, except the Kunigal Taluk and the Koratagere Sub-Taluk, is still prevailing. Scarcity for water and fodder is being felt in many parts of the district. Temporary wells are being dug in several villages to mitigate water scarcity. Fodder for cattle is imported in certain villages of the Tiptur and Kunigal Taluks and the Turuvekere Sub-Taluk, and date leaves are also being used for the same purpose in the taluks of Chiknayakanhalli and Sira. Thirty-five cattle in the Tiptur Taluk and 246 in the Turuvekere Sub-Taluk have returned from forests, where they had been taken for grazing.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of the Mysore, Chamrajnagar, Seringapatam, Gundlupet, Nanjangud and Mandya Taluks and they are being manured in parts of the T.-Narsipur and Malvalli Taluks.

Standing crops.—Paddy in parts of the Chamrajnagar, mulberry and castor in parts of the Chamrajnagar, Nanjangud, T.-Narsipur and Malvalli Taluks, sugar-cane in parts of the Seringapatam, T.-Narsipur, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks; cotton in parts of Nanjangud, and Bengal gram in parts of the T.-Narsipur Taluk are reported to be in fair condition. Wet crops under tanks in parts of the Chamrajnagar Taluk are reported to be withering for want of water. Dry crops in parts of the Seringapatam Taluk, Bengal gram and cholum in tank beds in parts of the Mandya Taluk, are reported to be in need of rain.

Crop sown.—Cholum is being sown in parts of the Chamrajnagar Taluk, owing to rain having fallen in the week.

Crops harvested.—Ragi has been completely harvested in the Heggaddevankote Taluk and Bengal gram is being harvested in parts of the Mandya Taluk.

Estimated outturn.—

In Seringapatam Taluk—Paddy, yield from 12 to 16 annas.
Ragi, yield from 4 to 8 annas.
Horse gram and cholum, yield 4 annas each.

In Nanjangud Taluk—Castor, yield 8 annas.

In Mandya Taluk—Ragi, horse gram and ballar, yield from 2 to 4 annas.
Bengal gram and togari, yield from 2 to 5 annas.
Paddy, yield from 2 to 4 annas in some parts and from 6 to 12 annas in other parts.

In Krishnarajpete Taluk—Sugar-cane, yield 6 annas.

10. Prospects of the season indifferent in some parts and not good in others. Food stuffs are available in all the taluks, except Nagamangala where the stock is reported to have run short. 130 and 487 individuals in the Mandya and Nagamangala Taluks, respectively, are reported to be under gratuitous relief, and Rs. 1,240-14-5 is said to have been spent up to date in the latter taluk. It is also reported that up to the end of the last week in the Krishnarajpete Taluk, Rs. 268-2-11 have been paid to coolies employed on tank works and that ragi worth Rs. 249-11-3 has been gratuitously distributed to relieve distress.

11. Except for plague in a few taluks, public health generally good.

12. "Dod Roga" in parts of the Mysore, Chamrajnagar, Seringapatam, Hunsur, Heggaddevankote, Gundlupet, Nanjangud and Krishnarajpete Taluks; "Chappe Roga" in parts of the Mysore and Mandya Taluks; "Rinderpest" in parts of the T.-Narsipur Taluk and "Foot and mouth" disease in parts of the Krishnarajpete Taluk, are prevailing among cattle. Tanks in parts of the Nanjangud and Mandya Taluks are running dry. Temporary wells are being sunk wherever difficulty for water is felt. Fodder is scarce in parts of the Mandya Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Dry lands are being manured in parts of the Hassan Taluk and wet lands are being ploughed in parts of the Manjarabad Taluk.

Standing crops.—Sugar-cane in the Hassan and Channarayapatna Taluks is reported to be withering for want of rain. Sugar-cane below channels in the Hole-Narsipur Taluk, and sugar-cane in the Belur Taluk and Alur Sub-Taluk is reported to be in fair condition.

Crops harvested.—Sugar-cane in the Channarayapatna Taluk, and the Alur Sub-Taluk; and Bengal gram in the Belur Taluk.

10. Prospects of the season generally fair, except in parts of the Arsikere and Channarayapatna Taluks, parts of Dodkadnur and Kasba hoblis of the Hole-Narsipur Taluk, and parts of Madihalli and Halebid hoblis of the Belur Taluk, where prospects are not encouraging.

11. Public health generally good, except for cholera in parts of the Arkalgud Taluk; and small-pox and measles in parts of the Hole-Narsipur Taluk.

12. Cattle generally are not in good condition. "Dod Roga" is prevalent in parts of the Manjarabad and Channarayapatna Taluks and the Alur Sub-Taluk. It is reported to be subsiding in the Arsikere and Hole-Narsipur Taluks. Good many cattle have been inoculated. Fodder is generally available. In parts of the Channarayapatna Taluk, dug up grass is being used, as also ragi and paddy straw in addition to sugar-cane leaves. Paddy straw is being brought to the Channarayapatna Taluk from the Seringapatam Taluk. Difficulty for water having been felt in some taluks, the villagers themselves have sunk temporary wells in tank beds. Needful steps are being taken to sink fresh water wells, wherever necessary. Tank works in the Channarayapatna and Arsikere Taluks have been started to afford wages for subsistence of labourers, and the Executive Engineer has been requested to start several works in connection with the restoration of major works and collection of road materials in affected tracts.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in the taluks of Honnali, Shikarpur, Sagar and Nagar.

Standing crops.—Bengal gram, cotton and togari in the Channagiri Taluk, and sugar-cane in other parts are in moderately good condition. Sugar-cane requires some rain in the maidan taluks.

Crop sown.—Sugar-cane in portions of the Shimoga, Shikarpur, Sagar and Nagar Taluks.

Crops harvested.—White jolam and cotton in parts of the Channagiri Taluk; sugar-cane milling operations are in progress in the taluks of Sagar and Nagar. Sugar-cane harvesting has been completed in the Shimoga, Shikarpur and Tirthahalli Taluks.

10. Prospects of the season uncertain. Food stuffs available, but their prices continue to be high.

11. Public health generally good.

12. Murrain is prevalent among cattle in some parts of the Shimoga, Channagiri and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Mudgere and Sringeri, and planting of sugar-cane in parts of Yedahalli are going on.

Standing crops are in unsatisfactory condition for want of timely and sufficient rain.

Crops harvested and their yield.—

In Chikmagalur—Bengal gram, wheat and sugar-cane, yield from 4 to 6 annas.

In Kadur—Sugar-cane, yield 8 annas.

In Koppa—Sugar-cane, yield not given.

In Yedahalli—Sugar-cane, yield from 8 to 12 annas.

10. Prospects of the season same as in last week. People are anxiously looking forward for rain throughout the district. There was slight rainfall in the Chikmagalur, Koppa and Mudgere Taluks during the week. Food stuffs are available, but their prices continue to be high.

11. Except for cholera in the town of Sringeri and its neighbourhood, public health generally good.

12. Cattle generally healthy. But "Foot and mouth" disease is still prevailing in the Kadur and Tarikere Taluks. And "Dod Roga" is declining in the Chikmagalur Taluk. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops.*—Such as paddy, sugar-cane, Bengal gram, jola, navane, same, wheat and cotton are reported to be withering for want of rain. But those under *kapile* wells and channels are in fairly good condition.

Crops harvested and their yield.—

Wheat in the Challakere Taluk, yield from 2 to 4 annas.

Cotton in the Holalkere Taluk, yield from 4 to 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Jagalur, Davangere and Hosdurga Taluks. Food stuffs available. On account of demand for labour in the affected parts of the district, road works, deepening of wells, etc., are started to relieve the distress of the poor and the needy. Takavi loans and gratuitous relief in grains are also being given to the poor and helpless raiyats in the affected parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks and the Harihar Sub-Taluk. The following is the number of village works in progress:—Chitaldrug 8, Challakere 6, Hiriyur 8, Davangere 4, Hosdurga 19 and Harihar 3.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug, Hiriyur, Davangere and Holalkere Taluks, where Rinderpest prevails. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder is insufficient. Those that can afford it get it at very high rates from places where it is available, while others take their cattle to forests for grazing. Water is made available, where it is found necessary by deepening existing wells and by sinking new ones.

BANGALORE CIVIL AND MILITARY STATION.

(Report not received.)

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Carting manure to fields in some places in the Hoskote, Nelamangala and Magadi Taluks and the Closepet Sub-Taluk.

Standing crops.—Condition of sugar-cane is fair in some places in the Hoskote Taluk, good in the Kankanhalli Taluk, moderate in the Nelamangala and Devanhalli Taluks and withering for want of water in some villages in the Hoskote and Anekal Taluks.

Crop sown.—Sugar-cane is being planted in parts of the Bangalore, Hoskote, Dodballapur, Nelamangala, Kankanhalli, Magadi and Devanhalli Taluks.

Harvest and outturn.—Sugar-cane is being milled in some places in the Hoskote, Nelamangala, Magadi and Devanhalli Taluks. An estimated yield of 8 annas in the Hoskote and Nelamangala Taluks, and of 7 annas in the Devanhalli Taluk, is expected. Jola is being harvested in some places of the Dodballapur Taluk.

10. Prospects of the season are good in the Channapatna Taluk, moderate in the Nelamangala, Bangalore, Kankanhalli and Magadi Taluks. Weather is cloudy in the Magadi and Devanhalli Taluks. Scarcity is felt in some parts of the Hoskote, Devanhalli and Dodballapur Taluks and in the Hessarghatta Hobli of the Bangalore Taluk.

Number of persons employed in tank and well works are.—Eighty-six in the Hoskote Taluk, 283 in the Dodballapur Taluk, 2,734 in the Nelamangala Taluk, 104 in the Devanhalli Taluk and 364 in the Bangalore Taluk.

Number of persons in receipt of gratuitous relief are.—One hundred and fifty-six in the Dodballapur Taluk, 7 in the Nelamangala Taluk and 30 in the Magadi Taluk.

Water scarcity is felt in the Magadi and Anekal Taluks and the Closepet Sub-Taluk. Food stuffs are available, but their prices continue to be high.

11. Except for plague in some places in the Bangalore and Dodballapur Taluks, small-pox in the Magadi (where it is rather severe), Hoskote and Channapatna Taluks and the Closepet Sub-Taluk and measles in the Anekal Taluk, public health generally good.

12. "Dod Roga" in some parts of the Hoskote, Dodballapur, Nelamangala, Magadi, Channapatna, Devanhalli and Kankanhalli Taluks, "Galusake Roga" in parts of the Hoskote Taluk and "Chappe Roga" and "Neradi Roga" in parts of the Kankanhalli and Anekal Taluks, respectively, are prevailing among cattle. In other parts of the district they are generally healthy. Water and fodder are available for the present. But well water is being used for cattle in some places in the Hoskote, Nelamangala, Magadi, Channapatna, Anekal and Devanhalli Taluks and the Closepet Sub-Taluk.

KOLAR.

8. Market moderately supplied.

9. *Standing crops* under *kapile* and irrigation wells are reported to be in fairly good condition.

Crop sown.—Sugar-cane in the Bowringpet, Chintamani, Mulbagal, Chikballapur, Bagepalli and Goribidnur Taluks and the Gudibanda Sub-Taluk.

Crops harvested.—Sugar-cane in Chikballapur; jolum in Bagepalli and Goribidnur; Bengal gram in Bagepalli and turmeric in Goribidnur.

Outturn of harvest.—

Sugar-cane in Chikballapur and Bagepalli, yield from 2 to 8 annas.
Jolum in Goribidnur and Bagepalli, yield from 4 to 8 annas.
Turmeric in Goribidnur, yield from 8 to 12 annas.

10. Prospects of the season not satisfactory. Prices of food stuffs are very high. People are anxiously looking forward for the *mungar* rains. Report is the same as in the last week as regards the measures adopted for relieving distress in the affected parts in the district.

11. Except for cholera in parts of the Goribidnur Taluk and plague in the Chikballapur Kasaba Hobli, public health generally good.

12. "Rinderpest" is reported to be still prevailing in parts of the Chikballapur, Bowringpet, Mulbagal, Bagepalli and Srinivaspur Taluks and the Gudibanda Sub-Taluk. Water and fodder moderately sufficient.

TUMKUR.

8. Supply in market moderate.

9. *Standing crops.*—Paddy and cholum in the Chiknayakanhalli, Taluk; paddy, nati ragi and cholum under wells in the Sira Taluk; sugar-cane in Gubbi; cotton in the Pavagada Taluk; sugar-cane and Bengal gram in the Kunigal Taluk and the Koratagere Sub-Taluk; and cholum in the Turuvekere Sub-Taluk, are reported to be in moderately good condition. Sugar-cane in the Tumkur Taluk and the Turuvekere Sub-Taluk; paddy and cholum under wells and tank beds in the Maddagiri, Tiptur and Pavagada Taluks are reported to be withering for want of rain.

Crop sown.—Sugar-cane in the Koratagere Sub-Taluk.

Crops harvested.—Sugar-cane in the Tumkur and Kunigal Taluks and the Koratagere and Turuvekere Sub-Taluks; cholum in the Maddagiri, Sira, Gubbi and Pavagada Taluks and the Turuvekere Sub-Taluk; Bengal gram in the Maddagiri, Gubbi and Kunigal Taluks and the Koratagere and Turuvekere Sub-Taluks; wheat in the Maddagiri and Pavagada Taluks; cotton in Pavagada Taluk; and sosi ragi in the Sira Taluk.

10. Prospects of the season not satisfactory. *Mungar* rains are anxiously awaited. Report is the same this week as in the last week as regards the general condition of the district and the measures adopted for relieving distress in the affected parts of the district. Prices of food stuffs are still high.

11. Except for plague, cholera and small-pox in certain villages in the district, public health generally good.

12. "Dod Roga" in all the taluks, except the Maddagiri, Sira and Kunigal Taluks and the Koratagere Sub-Taluk, and "foot and month disease" and "chappe roga" in parts of the Gubbi and Tiptur Taluks are prevailing. About 500 cattle have been inoculated against "Dodda Roga" in the Turuvekere Sub-Taluk. Scarcity for water and fodder is being felt in many parts of the district. Temporary wells are being dug in several villages to mitigate water scarcity. Fodder for cattle is being imported in certain villages of the Sira, Tiptur and Kunigal Taluks and the Turuvekere Sub-Taluk, date leaves are also being used for the same purpose in the taluks of Chiknayakanhalli and Sira. Fifteen cattle in the Tiptur Taluk and 16 in the Turuvekere Sub-Taluk have returned from forests, where they had been taken for grazing. Water is being bailed out from wells for cattle in several villages of the Gubbi, Maddagiri, Sira and Tiptur Taluks.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of the Mysore, Seringapatam, Yedatore, T.-Narsipur, Mandya and Nagamangala Taluks and they are being manured in parts of the Nanjangud and Malvalli Taluks. Paddy below Madigahalli tank in the T.-Narsipur Taluk is being transplanted.

Standing crops.—Paddy in parts of the Chamrajnagar Taluk; sugar-cane and mulberry in parts of the Chamrajnagar and Malvalli Taluks; castor in parts of the Chamrajnagar, Nanjangud and T.-Narsipur Taluks; Bengal gram in parts of the T.-Narsipur, Mandya and Nagamangala Taluks; and black gram and green gram in parts of the Seringapatam Taluk, are reported to be in fair condition. Wet crops under tanks in parts of the Chamrajnagar Taluk; mulberry in parts of the T.-Narsipur Taluk and sugar-cane in parts of the Krishnarajpete Taluk, are reported to be withering for want of rain.

Crops sown and crops harvested.—Nil.

10. Prospects indifferent in certain parts and not good in others. Food stuffs are available in all the taluks, except Nagamangala where the stock is reported to have run short. 148 persons in the Mandya Taluk are reported to be under gratuitous relief. In the Nagamangala Taluk, a sum of Rs. 1,379-15-7 is said to have been spent up to date for gratuitous relief, the individuals being 475 in number. It is also reported that up to the end of the last week in the Krishnarajpete Taluk, Rs. 298-3-11 have been paid to coolies employed on tank works and that ragi worth Rs. 293-7-8 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore and Hunsur Taluks, cholera in parts of the Hunsur Taluk and small-pox in parts of the Malvalli Taluk, public health generally good.

12. "Dod Roga" in parts of the Mysore, Gundlupet, Heggaddevankote, Nanjangud, T.-Narsipur, Malvalli and Krishnarajpete Taluks, and "Chappe Roga" in parts of the Mysore Taluk, are prevailing among cattle. Tanks in parts of the Nanjangud and Mandya Taluks are running dry. Temporary wells are being sunk wherever difficulty for water is felt. Fodder is scarce in parts of the Mandya Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Dry lands in parts of the Belur and Hassan Taluks and wet lands in parts of the Manjarabad Taluk are being ploughed.

Standing crop.—Sugar-cane in the Hassan Taluk is reported to be withering for want of rain. Sugar-cane in the Channarayapatna and Belur Taluks requires rain while that below channels in the Hole-Narsipur Taluk and in the Alur Sub-Taluk is reported to be fair.

Crop harvested.—Sugar-cane in the Channarayapatna Taluk; and Bengal gram in the Belur Taluk.

10. Prospects of the season generally fair, except in parts of the Arsikere, Channarayapatna, Hole-Narsipur and Belur Taluks, where they are not encouraging. It is reported that small showers fell in the affected parts of the Belur Taluk on the 26th and 27th ultimo, which, while enabling raiyats to plough their fields, has also given them a small supply of water.

11. Except for cholera in parts of the Arkalgud Taluk, and small-pox, chicken-pox and measles in parts of the Hole-Narsipur Taluk, public health generally good.

12. Cattle generally are not in good condition. "Dod Roga" is prevalent in parts of the Belur, Manjarabad, Arkalgud, and Channarayapatna Taluks and the Alur Sub-Taluk. It is reported to be subsiding in the Arsikere and Hole-Narsipur Taluks. Good many cattle have been inoculated. Fodder is generally available. Many cart-loads of paddy straw are being exported to the maidan taluks of the district from the Manjarabad Taluk and the Alur Sub-Taluk. In parts of the Channarayapatna Taluk, dug-up grass is being used as also ragi and paddy straw in addition to sugar-cane leaves. Also paddy straw is being brought to it from the Yedatore Taluk. The Amildars of the Arsikere and Channarayapatna Taluks have been directed to issue licenses for cutting and removing date leaves for fodder for cattle. Difficulty for water having been felt in some taluks, the villagers have sunk temporary wells in tank beds. Needful steps are being taken to sink fresh water wells wherever necessary. Tank works in the Channarayapatna and Arsikere Taluks have been started to afford wages for subsistence of labourers, and the Executive Engineer has been requested to start several works in connection with the restoration of major tanks and collection of road materials in the affected works.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured in the taluks of Shimoga, Honnali, Shikarpur, Sagar and Nagar.

Standing crops.—Cotton in the Channagiri Taluk and sugar-cane in the Tirthahalli Taluk and the Kumsi Sub-Taluk are in moderately good condition. Sugar-cane in the maidan taluks requires more rain.

Crop sown.—Sugar-cane in portions of the Shimoga, Sorab and Nagar Taluks.

Crops harvested.—White jolām, Bengal gram and cotton in the Channagiri Taluk and sugar-cane in the Sorab Taluk.

10. Prospects of the season uncertain. During the week there was good rain at Shimoga and its neighbourhood, and light rain at all the taluk head-quarters except Sorab and Tirthahalli. The sky is overcast and there is every prospect of more rain.

11. Public health generally good.

12. "Dod Roga" is prevalent among cattle in parts of the Shimoga, Channagiri and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Mudgere and Sringeri; and planting of sugar-cane in parts of Yedahalli are going on.

Standing crops are in unsatisfactory condition for want of timely and sufficient rain.

Crops harvested and their yield.—

Kadur—Sugar-cane, yield 8 annas.

Koppa—Pepper and sugar-cane, yield on a small scale.

Yedahalli—Sugar-cane, yield from 8 to 12 annas.

10. Prospects of the season are the same as in last week. There was a slight rainfall in all the taluks, except Kadur, during the week. People are anxiously looking forward for more rain throughout the district. Food stuffs are available, but their prices continue to be high.

11. Except for cholera in certain villages of the Sringeri Jahgir, public health generally good.

12. Cattle generally healthy. But "Dod Roga" in the Chikmagalur Taluk and "Foot and mouth" disease in the Kadur and Tarikere taluks, are reported to be declining. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan portions of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops,* such as paddy, jola, navane, wheat and cotton, under wells and channels, are reported to be in fairly good condition.

Crops harvested and their yield.—

Wheat in the Challakere and Holalkere Taluks, yield from 2 to 8 annas.
Paddy in the Challakere and Hosdurga do do
Bengal gram and cotton in the Holalkere Taluk, yield 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Jagalur, Davangere and Hosdurga Taluks. Food stuffs available. Report is the same as in the last week as regards the demand for labour in the affected parts of the district and the steps taken to meet it.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug, Hiriyur, Davangere and Holalkere Taluks, where Rinderpest prevails. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosdurga Taluks. Fodder is insufficient. In some places, it is bought at very high rates. In other places, cattle are taken to forests for feeding. In some places date leaves are also being used for feeding cattle. Water is made available, where it is found necessary, by deepening existing wells and sinking new ones.

* Relief to Weavers.

(a) The return was not received from Shikarpur Taluk.

(b) Amounts sanctioned and disbursed by the Deputy Commissioner and Sub-Divisional Officers (Chitaldrug District), for which separate returns are received, were also being included in the taluk returns for the previous weeks. The mistake has been rectified in the present statement.

N. B.—(1) The figures under "Loans to artizans" in the Bangalore District is in excess of the allotment sanctioned for the purpose, as advances are made also out of the realisations from the sale of cloths.

(2) Some of the taluks having failed to furnish the required information, the details given above are incomplete.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Correspondence ending with letter No. 127, dated the 3rd September 1908, from the Deputy Commissioner, Mysore District, on the subject of fostering the growth of sandal trees in occupied lands in the Mysore State.

No. R. 7699-708—Ft. 13-05-17, DATED BANGALORE, 25TH MARCH 1909.

ORDER THEREON.—The Government of His Highness the Maharaja have for some time past been considering how far it is practicable to give land-holders an interest in the protection of sandal trees growing on their land, and, again to afford reasonable facilities for the removal of such of them as interfere with the agricultural or other legitimate use of their holdings, with a view to enlisting the willing co-operation of the raiyats in the propagation and conservancy of this most valuable product.

2. The present position of the land-holder with reference to sandalwood trees is briefly as follows. All sandal trees standing in private holdings are the property of Government, and the land-holder is responsible for their preservation. In case of any injury to such trees, he is bound to report the fact to the nearest Revenue Officer and is liable to pay compensation to Government, unless he can prove that the injury was not due to his own act or negligence. Further, he cannot claim to have any tree removed on the ground that it obstructs the lawful use of his land, while the officer of Government who has to deal with such cases has no clear rules to guide him. This system, while it imposes on the land-holder irksome responsibilities compensated by no prospect of ultimate profit, offers a convenient opening for the gratification of private malice and has other undesirable results.

3. The evils of the system have formed the subject of frequent representations in the Representative Assembly and, for many years past, have been a matter of solicitude to successive administrations. In 1872 Col. Van Someren, Conservator of Forests, proposed to provide an inducement to the raiyat to take care of the trees on his land by paying him a commission of 15 per cent of the value of trees removed from his holding at the instance of Government. In 1875 Sir Richard Meade, then Chief Commissioner of Mysore, notified that, with a view to encourage the conservation of sandal trees on occupied lands, a percentage of the value of all such trees felled on their lands would be allotted to the occupants in certain proportions ranging from 5 to 15 per cent, depending on the length of time that the land had been in the possession of the occupant when the tree was felled. This notification was to come into force on the 1st April 1876, but the framing of rules intended to give effect to the safeguards then considered essential offered so much practical difficulty that the scheme was abandoned. The scheme provided that the land-holder's percentage should be calculated and paid at the forest depot after the actual value of the tree, the number of years during which the land-holder had been in possession of the land and other particulars had been ascertained. This involved the preparation and maintenance of a voluminous record and the adoption of numerous precautions against fraud and it was decided that the burden of work thus entailed was not one which could be imposed on the subordinate revenue and village agencies.

4. Since 1875 the subject has now and again come under consideration without any satisfactory conclusion being reached. The Government of His Highness however consider that the practical difficulties attendant on the scheme should not be permitted to stand permanently in the way of a measure, the desirability of which has so long been recognised. The subject has therefore been again taken up for consideration and during the last year, the opinions of the Revenue Commissioner, the Deputy Commissioners of Districts and of certain other official and non-official gentlemen have been obtained. The question has been thoroughly discussed in all its aspects and the opinion elicited, which is almost unanimous, is that it would be both a gracious concession and good policy to give the raiyat a share in

the profits derived by Government from trees growing on his holding and to afford him facilities for the removal of such sandal trees as are obstacles to the legitimate use of the land.

5. In either case it is necessary to estimate the value of the tree removed and Government consider that the method adopted for this purpose should be as simple as possible. They propose therefore to exclude all consideration as to the length of time during which the raiyat has been in possession of the land. They believe that in the girth of a tree is to be found a fair and simple measure of its value and that, if the trees are separated into a few well-defined classes according to their girth, it will be possible to estimate the amount payable with a reasonable degree of accuracy. Government are therefore pleased to direct that the girth of a sandal tree be taken as the basis for the computation of the bonus.

6. As this concession is intended partly to serve as an incentive to the raiyats to pay greater attention in the future than they have done in the past to the sandal trees on their lands, Government consider that it would be sufficient to adopt somewhat lower rates during the next ten years and to bring the full rates into force after the expiration of that period. They are therefore pleased to direct that amounts calculated according to the rates fixed in the following scale be paid to occupants from whose lands sandal trees are removed. This scale is only for mature trees:—

Class	Girth of tree at 4 ft. above ground level	Bonus payable First 10 years	Bonus payable Afterwards
	Inches	Rs. a. p.	Rs. a. p.
I	Below 12	0 8 0	0 8 0
II	12 to 21	1 8 0	1 8 0
III	21 to 30	3 8 0	4 8 0
IV	30 to 36	4 0 0	7 8 0
V	Above 36	5 0 0	10 0 0

Note.—A mature tree is one which is showing signs of decay. This is indicated by the following external symptoms:—

(*a*) dead main branches and leading shoot,
(*b*) decay of bark, and
(*c*) pale color and diminutive size of the leaves.

A further and infallible test is that the heart-wood must not be at a lower depth than one inch from the surface.

7. If a tree dies before attaining maturity, and the District Forest Officer is satisfied that the premature death of the tree was due solely to natural causes, such as lightning or spike disease, over which the occupant had no control, or which he could not have prevented, payment will be made at the same rates as those prescribed above for mature trees, but the girth of the dead tree will be measured with the white wood removed. On trees which have been destroyed by fire no bonus will be paid.

8. Separate rules as in the appendix to this order will be issued regarding the procedure to be followed in connection with the removal of mature trees and the payment of bonuses thereon.

9. While recognising the desirability of affording facilities for the removal of trees that interfere with the legitimate use of holdings, Government are bound to consider the fact that the removal of immature trees causes appreciable loss of revenue. It is therefore only fair that reasonable compensation should be levied from raiyats requiring such removal, and this is the practice in the adjoining Province of Coorg. The rates of compensation in force there vary from Rs. 3-2-0 for a tree of 3″ in girth to Rs. 25 for a tree of 48″, and it is also provided that the

marketable value, if any, of the tree when removed should be ascertained and deducted from the fine payable. The Government of His Highness are however of opinion that the end to be kept in view is not the securing of a full revenue but the discouragement of unnecessary applications, and that this can be attained by means of a simpler rule of compensation. They are accordingly pleased to direct that when it is proved that the removal of a tree is necessary for the legitimate enjoyment of any land, it shall be competent to the District Forest Officer to permit the removal of such tree on payment by the occupant of compensation fixed according to the following scale:—

Class	Girth at 4 ft. above ground level	Amount of compensation payable to Govt. by the occupant	Class	Girth at 4 ft. above ground level	Amount of compensation payable to Govt. by the occupant
	Inches	Rs. a. p.		Inches	Rs. a. p.
I ...	Below 12	1 0 0	III ...	24 to 30	4 0 0
II ...	12 to 24	2 0 0	IV ...	Above 30	6 0 0

The claim for compensation may, however, be waived in cases of hardship at the discretion of the District Forest Officer, when the amount to be remitted is not more than Rs. 10 in regard to the same survey number. When the amount exceeds Rs. 10 but does not exceed Rs. 50, the Conservator of Forests may similarly waive the claim for compensation at his discretion. When the amount proposed to be remitted exceeds Rs. 50, the case shall be reported for the orders of the Government.

No compensation will be levied on mature trees or on trees not exceeding 4″ in girth. Bonuses will be paid on mature trees removed by desire of the occupant at the rates mentioned in paragraph 6 above.

It should be noted that the rules in this paragraph apply only to the removal, within a reasonable limit, of trees interfering with the legitimate use of any land, and not where the removal of trees on a large scale is asked for.

10. Government are aware that the measures now adopted do not cover the whole ground and that certain disabilities can only be removed if the raiyat is further relieved of the burden of proving his own innocence in the case of damage to sandal trees standing on his land. In view of the fiscal and economic importance of the tree, Government do not feel justified in taking such a step. They trust, however, that these concessions will mitigate to a substantial degree the rigour of the monopoly and encourage land-holders to co-operate with Government in the propagation and preservation of sandal trees in the State.

NOTIFICATION.

No. 7709—Ft. 13-05-18, dated 25th March 1909.

Under Section 76 of the Mysore Forest Regulation (XI of 1900), the Government of His Highness the Maharaja are pleased to issue the following rules regarding the removal of sandal trees from occupied lands and the payment of bonuses to the occupants thereof:—

(1) No land owner shall have the right to insist that a sandal tree standing on his land be removed on the ground that it has grown to maturity or on any other ground than that of obstruction to cultivation or to object to the removal of any tree by the Forest Department in the course of its ordinary operations. The selection of the trees to be removed shall rest entirely with the officers of the Forest Department and those acting under their orders.

(2) Every mature sandal tree intended for removal in occupied lands shall be marked by the Range Officer with a hammer bearing the monogram S. F. (S standing for sandal and F for fell) just above the root stock after removing the outer bark and white wood. It will also have a serial number stamped on it corresponding with that contained in a register to be maintained by the Range Officer showing all the trees marked by him. This register will be maintained, according to Form C, appended hereto, and a monthly extract therefrom will be sent to the District Forest Officer.

(3) The Range Officer will then prepare a receipt in Form A, appended hereto, and give a credit note on the nearest Taluk Treasury showing the amount of bonus payable to the occupant. The receipt will contain the signature of the occupant both in the counterfoil and the duplicate and will be attested by the Patel and Shanbhog. The counterfoil will be sent to the Amildar simultaneously with the issue of the credit note and will be passed on by the Amildar to the District Forest Officer after the credit note is cashed with the fact of payment endorsed thereon. The District Forest Officer after the necessary check will return it to the Range Officer to be filed as a voucher.

(4) After the credit note is issued, the tree will be uprooted and roughly dressed, leaving a ring at the point where the measurement was taken and sent to the Koti intact accompanied by the usual Passport (*vide* Form No. 55 of the Forest Code). In the "Remark" column of the form, the Range Officer will note the girth measurement of the tree, the survey number of the field and the name of the owner.

(5) The Koti Ranger or Forester, on receipt of the tree, will check the measurement and submit to the District Forest Officer a list of trees received during the month, on the first of the ensuing month in Form B appended hereto.

(6) The District Forest Officer will compare and check the Koti list with the entries in the Ranger's register and vouchers. If they agree, he will file them; but if any discrepancies are noticed, he will take immediate steps to trace and reconcile the same.

(7) The District Forest Officer during the course of his tours, will check at least 15 per cent of uprooted trees by actually measuring the trees at the Koti and inspecting the localities from where they were uprooted and submit a certificate to that effect to the Conservator.

(8) In all cases where an occupant of land wishes to have any sandal tree growing on his holding removed, on the ground that it interferes with the legitimate use of his land, he shall make an application in that behalf to the Amildar. The Amildar on receipt of such application shall furnish the applicant with a written acknowledgment of the application and, after causing the necessary enquiry to be made, will forward the application with his own opinion to the District Forest Officer. The District Forest Officer after such further enquiry as he may deem necessary and on being satisfied that the ground is valid will order the removal of the tree on payment of any compensation which may be prescribed in that behalf. The District Forest Officer's opinion as to the necessity for the removal of the tree will be final.

(9) If the applicant does not receive any answer within three months from the date of the acknowledgment received by him, permission shall be deemed to have been granted to him for the removal of the tree and he shall become entitled to all the benefits which he could have claimed according to the orders of Government if the tree had been removed by the Forest Department.

No. R. 7710—L. R. 319-08-1, dated Bangalore, 25th March 1909.

After Rule 41 of the Land Revenue Rules, the following rule will be added :—

1. *Rule 41 A.*—Lands containing sandal trees when granted for occupation shall always be sold by auction and the upset price to be levied shall be calculated so as to include the present value of the bonus which the applicant might become entitled to receive by virtue of his ownership of the land for the sandal trees thereon under the orders of Government for the time being in force in this behalf.

2. Before any land containing a large number of sandal trees is granted for cultivation, the Forest Department shall be consulted and if there is a thick growth of sandal trees on the whole survey number, such number shall be reserved for Government. If there is a growth only in a portion of the survey number and the remaining portion does not contain many trees, such remaining portion may be granted for cultivation after being formed into a separate survey number, provided the extent does not fall below the minimum for the tract. In special cases where it is possible to mark off the portion containing sandal trees and reserve it, such portion even if below the prescribed minimum, may, with the sanction of the Revenue Commissioner, be sub-divided and reserved to Government, the remaining portion of the survey number being alone granted for cultivation with a proportionate reduction of assessment.

Large quantity of rice having been imported into the station during the week, prices have fallen a little.

Agricultural operations.—Collection of manure.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Ploughing and manuring of fields are going on in parts of the Bangalore, Hoskote, Magadi, Devanhalli, Nelamangala and Channapatna Taluks and the Closepet Sub-Taluk.

Standing crop.—Condition of sugar-cane is fair in parts of the Hoskote and Magadi Taluks; moderate in the Nelamangala, Kankanhalli and Devanhalli Taluks; and withering for want of water in the Hoskote and Anekal Taluks.

Crop sown.—Sugar-cane is being planted in parts of the Bangalore, Nelamangala and Magadi Taluks.

Crops harvested.—Sugar-cane is being milled in parts of the Hoskote Taluk and is being harvested in the Nelamangala Taluk; kadle is also being harvested in parts of the Dodballapur Taluk.

10. It is reported that the prospects of the season are moderate in the Bangalore, Nelamangala, Kankanhalli, Magadi and Devanhalli Taluks; fair in Channapatna and not encouraging in the Hoskote Taluk and the Closepet Sub-Taluk. Kadnur tank in the Dodballapur Taluk has received one month's supply of water. Scarcity is felt in some villages of the Bangalore, Hoskote, Dodballapur and Devanhalli Taluks.

Number of persons employed in tank and well works are—Three hundred and sixty-four in the Bangalore District, 74 in the Hoskote Taluk, 282 in the Dodballapur Taluk, 385 in the Nelamangala Taluk, 60 in the Magadi Taluk and 122 in the Devanhalli Taluk.

Number of persons in receipt of gratuitous relief are—One hundred and fifty-six in the Dodballapur Taluk, 15 in the Nelamangala Taluk and 30 in the Magadi Taluk. Food stuffs are generally available in all the taluks except Dodballapur where the same is reported to be not available in sufficiently large quantities.

11. Except for small-pox, cholera, measles and hooping cough in parts of the district, public health generally good.

12. "Dod Roga" and "Galisake" are prevailing among cattle in parts of the district. Water and fodder are available for the present in the Bangalore, Hoskote and Nelamangala Taluks. They are insufficient in the Dodballapur Taluk and moderate in the Kankanhalli Taluk. Fodder available in the Magadi, Anekal and Devanhalli Taluks and the Closepet Sub-Taluk; and insufficient in the Channapatna Taluk. Well water is being drawn and used for cattle in some places of the Hoskote, Magadi, Channapatna, Anekal and Devanhalli Taluks and the Closepet Sub-Taluk. Water scarcity is felt in the Magadi and Anekal Taluks and the Closepet Sub-Taluk.

KOLAR.

8. Market moderately supplied.

9. *Standing crops* under *kapile* wells are reported to be in fairly good condition.

Crop sown.—Sugar-cane in parts of the Chintamani, Chikballapur and Bagepalli Taluks.

Crops harvested.—Sugar-cane in the Bowringpet and Chikballapur Taluks; jolam in the Bagepalli and Goribidnur Taluks and in the Gudibanda Sub-Taluk; and Bengal gram in the Goribidnur Taluk.

Outturn of harvest.—

Sugar-cane in the Bowringpet and Chikballapur Taluks, yield from 2 to 8 annas.

Jolam in the Bagepalli and Goribidnur Taluks and the Gudibanda Sub-Taluk, yield from 4 to 8 annas.

Bengal gram in the Goribidnur Taluk, yield 8 annas.]

10. Prospects of the season not satisfactory. Prices of food stuffs still continue to be very high. The recent rainfall in the Bowringpet and Malur Taluks has been somewhat beneficial; the sky is cloudy. The measures adopted to relieve distress in the affected parts of the district are still continued.

11. Except for cholera in parts of Kolar and small-pox in parts of the Bowringpet and Sidlaghatta Taluks, public health generally good.

12. Rinderpest is reported to be still prevailing in parts of the district. Water and fodder moderately sufficient.

TUMKUR.

8. Market well supplied.

9. *Standing crops.*—Crops under wells in the Maddagiri Taluk; cholum and Bengal gram in tank beds in the Sira, Tiptur and Pavagada Taluks; and sugar-cane in the Turuvekere Sub-Taluk, are reported to be withering for want of rain. The rest are in moderately good condition.

Crops sown.—Sugar-cane in the Koratagere Sub-Taluk; and cholum in the Turuvekere Sub-Taluk.

Crops harvested.—Sugar-cane in the Tumkur Taluk and the Koratagere and Turuvekere Sub-Taluks; cholum in the Maddagiri and Sira Taluks and the Koratagere and Turuvekere Sub-Taluks; and cholum, nati ragi, navane and Bengal gram in the Pavagada Taluk.

10. Prospects of the season appear to be encouraging and rain has fallen in some parts of the district. There is not much change in the general condition of the district which remains the same as in the last week. The measures adopted for relief of distress in the affected parts are still in progress. Prices of food grains are high.

11. Except for cholera, plague and small-pox in certain villages in the district, public health is generally good.

12. "Dod Roga," "Chappe Roga" and "Foot and mouth disease" are prevailing in some parts of the district. Scarcity for water and fodder is being felt in many parts of the district. Temporary wells are being dug in several villages to mitigate water scarcity. Fodder for cattle is being imported in certain villages of the Sira, Tiptur and Kunigal Taluks and the Turuvekere Sub-Taluk. Date leaves are also being used for the same purpose in the taluks of Chiknayakanhalli and Sira. Water is being bailed out from wells for cattle in certain villages of the Maddagiri, Sira, Gubbi and Tiptur Taluks and the Turuvekere Sub-Taluk.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and sown.

Standing crops are reported to be in fair condition. But mulberry in parts of the T.-Narsipur Taluk is reported to be withering.

Crops sown.—Cholum, castor and togari in parts of the Chamrajnagar Taluk; cholum in parts of the Mysore, Gundlupet, T.-Narsipur and Malvalli Taluks; cholum and til in parts of the Nanjangud Taluk; and cholum, til and halasande in parts of the Krishnarajpete Taluk, are being sown.

Crop harvested.—Cotton is being harvested in parts of the Nanjangud Taluk.

10. Prospects of the season, though indifferent in parts, are getting more hopeful with the recent rains. Food stuffs are available in all the taluks, except Nagamangala, where they are reported to have run short. One hundred and fourteen persons in the Mandya Taluk are reported to be under gratuitous relief. It is reported that up to the end of the last week in the Krishnarajpete Taluk, Rs. 376-10-8 have been paid to coolies employed on tank works and that ragi worth Rs. 326-15-7 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore, Hunsur and Nanjangud Taluks, cholera in parts of the Hunsur Taluk and small-pox in parts of the Malvalli Taluk, public health generally good.

12. "Dod Roga" and "Chappe Roga" are prevailing in parts of the district. Tanks in parts of the Mandya Taluk are reported to be running dry. Temporary wells are being sunk wherever difficulty for water is felt. Fodder is scarce in parts of the Mandya Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured in parts of the district.

Standing crops.—Sugar-cane is withering in parts of the Hassan, Belur and Hole-Narsipur Taluks; but it has revived to some extent in parts of the Channarayapatna Taluk owing to the fall of the recent showers there. Kar paddy is in fair condition in the Manjarabad Taluk.

Estimated outturn of harvest.—Sugar-cane in the Channarayapatna Taluk, Yield 12 annas.

10. Prospects of the season generally fair, except in the Channarayapatna and Arsikere Taluks and in parts of the Belur and Hole-Narsipur Taluks, where they are not encouraging. It is hoped that the local showers reported this week will improve the seasonal conditions to some extent. Food stuffs are available.

11. Cholera is reported to be prevailing in some parts of the Hassan and Arkalgud Taluks.

12. Cattle are not in good condition in parts of the district "Dod Roga" is prevalent in parts of the Manjarabad Taluk and the Alur Sub-Taluk. It has abated in the Hole-Narsipur Taluk. About 100 cattle were inoculated during the week in the Arsikere Taluk. Water and fodder are available in limited quantities. Paddy straw continues to be imported into the Arsikere and Channarayapatna Taluks. Date leaves are also being used in the latter taluk. It is reported that the cattle of the latter taluk, which had been taken to the malnad for grazing, have been brought back. Temporary wells have been sunk in tank beds, wherever necessary.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured throughout the disirict.

Standing crop.—Sugar-cane in all parts of the district is in moderately good condition. But in the maidan taluks, it requires more rain.

Crop sown.—Sugar-cane in some parts of the Shimoga, Nagar and Sagar Taluks.

Crop harvested.—Sugar-cane in the Hassan Taluk.

10. Prospects of the season uncertain. Food stuffs are available but their prices continue to be high.

11. Public health generally good.

12. Water and fodder are available for the present. "Dod Roga" is prevalent in some parts of the Shimoga, Channagiri and Honnali Taluks.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Tarikere, Mudgere, Yedahalli and Sringeri, and planting of sugar-cane in parts of Tarikere and Yedahalli, are going on.

Standing crops are in unsatisfactory condition for want of timely and sufficient rain.

Crops harvested and their yield.—

Kadur.—Sugar-cane, yield 8 annas.

Koppa.—Pepper and sugar-cane, yield on a small scale.

Yedahalli—Sugar-cane, yield from 8 to 12 annas.

10. Prospects of the season continue to be the same as in the previous weeks. But during the week there was light rain in all the taluk Head-quarters, except Kadur and Tarikere. Sky is cloudy and people are looking forward anxiously for more rain throughout the district. Food stuffs are available, but their prices still continue to be high.

11. Except for plague in Sollebile village, Koppa Taluk, and cholera in the town of Sringeri, public health generally good.

12. Cattle generally healthy. "Dod Roga" in the Chikmagalur Taluk and "Foot and mouth disease" in the Kadur and Tarikere Taluks, are reported to be declining. Water and fodder are available in the malnad parts; but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops,* except those under *kapilè* wells and channels, are reported to be withering for want of rain.

Crops harvested and their yield.—

Navane and jola in the Challakere Taluk, yield 4 annas.

Paddy in the Holalkere and Hosdurga Taluks, yield from 2 to 6 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. Food stuffs available. Report continues to be the same as in the previous weeks as regards the demand for labour in the affected parts of the district and the measures adopted to relieve the distress. The recent showers of rain during the past and present weeks (though small in quantity), have enabled the raiyats to prepare their lands to some extent. There has been rainfall from ¼ to 1 *hada* (inch) in certain villages. Heavy clouds are seen gathering almost every day for the past few days promising to better the prospects of the season.

11. Public health generally good.

12. Cattle healthy, except in certain parts of the district, where Rinderpest is prevailing. Water and fodder available, except in the affected parts of the district and in Molakalmuru. Fodder being insufficient in certain places is being bought by some at very high rates. Those that cannot afford to pay such high prices take their cattle to forests for grazing. Date leaves are also being used in some places. Water is made available in places where it could not be had by deepening existing wells and by sinking new ones.

* Relief to weavers.

† The Amildar of the Challakere Taluk explains in the taluk return for the week that the figures under these columns for his taluk for the previous week included also amounts disbursed in the Taluk Treasury under the orders of the Deputy Commissioner. Hence the difference.

(*a*) The return was not received from the Sorab Taluk.

N. B.—(1) The figures under "Loans to Artizans" in the Bangalore District is in excess of the allotment sanctioned for the purpose, as advances are made also out of the realizations from the sale of cloths.

(2) Some of the taluks having failed to furnish the required information, the details given above are incomplete.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	*Current.*	
Prices of food grains—Rice	...	7·2	*$5\frac{3}{4}$ to 6	seers per rupee.
Ragi	...	18·1	$10\frac{3}{4}$ to $11\frac{1}{4}$	

* Rangoon rice, 2nd sort, is sold at 8 seers per rupee.

Agricultural operations.—Collection of manure.

Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operation.*—Ploughing and manuring have commenced in parts of the district.

Standing crop.—Condition of sugar-cane is fair in some places in the Hoskote Taluk; good in the Magadi and Kankanhalli Taluks; moderate in the Bangalore and Nelamangala Taluks; and withering for want of water in some places of the Hoskote and Devanhalli Taluks.

Crop sown.—Sugar-cane is being planted in some places in the Nelamangala Taluk.

Crop harvested.—Sugar-cane is being milled in some places in the Hoskote and Anekal Taluks.

10. Prospects of the season are reported to be encouraging in the Hoskote Taluk, moderate in the Bangalore, Nelamangala, Kankanhalli, Magadi and Channapatna Taluks and not discouraging in the Closepet Sub-Taluk. Scarcity is felt in some villages of the Bangalore, Hoskote, Dodballapur and Devanhalli Taluks. Difficulty for water is felt in parts of the Magadi and Anekal Taluks. Some of the tanks in Magadi and Nelamangala have received water-supply for some months.

Number of persons employed in ta[illegible] *works are.*—Fifty-one in the Hoskote Taluk, 339 in the Dodballapur Taluk, 1,953 in the Nelamangala Taluk, 80 in the Magadi Taluk and 201 in the Devanhalli Taluk.

Number of persons in receipt of gratuitous relief are.—Three hundred and sixty-four in the Bangalore Taluk, 115 in the Dodballapur Taluk, 105 in the Nelamangala Taluk and 30 in the Magadi Taluk.

11. Except for small-pox in some parts of the Hoskote and Magadi Taluks and the Closepet Sub-Taluk, measles in the Hoskote and Anekal Taluks and hooping cough in the Magadi Taluk, public health generally good.

12. "Dod Roga" in some places in the Hoskote, Nelamangala, Kankanhalli and Magadi Taluks and in a severe form in the Anekal Taluk; "Galisake Roga" in the Hoskote Taluk and "Neradi Roga" in the Anekal Taluk, are still prevailing. Water and fodder are available for the present. But well water is being used for cattle in parts of the Magadi, Channapatna, Anekal, Hoskote and Devanhalli Taluks.

KOLAR.

8. Market moderately supplied.

Agricultural operations.—Lands are being ploughed in parts of the Bowringpet and Mulbagal Taluks and the Gudibanda Sub-Taluk.

9. *Standing crops* under *kapile* wells are reported to be in fairly good condition.

Crop sown.—Sugar-cane in the Bowringpet and Goribidnur Taluks.

Crops harvested.—Sugar-cane in the Bowringpet and Sidlaghatta Taluks; Bengal gram in the Mulbagal Taluk; and jolum in the Bagepalli and Goribidnur Taluks.

Outturn of harvest.—

Sugar-cane in the Bowringpet and Sidlaghatta Taluks, yield from 4 to 8 annas.
Bengal gram in the Mulbagal Taluk, yield from 2 to 4 annas.
Jolum in the Bagepalli and Goribidnur Taluks, yield from 2 to 8 annas.

10. Prospects of the season not satisfactory. Prices of food stuffs still continue to be very high. The recent rainfall throughout the district has improved the condition to some extent; but more rain is still wanted. The measures adopted to relieve distress in the affected parts of the district are still in progress.

11. Except for plague in one village in the Kolar Taluk, cholera in parts of the same taluk and small-pox in parts of the Bowringpet, Chintamani, Sidlaghatta and Srinivaspur Taluks, public health generally good.

12. Rinderpest is reported to be still prevailing in parts of the Bowringpet, Mulbagal, Bagepalli and Srinivaspur Taluks and in parts of the Gudibanda Sub-Taluk. Water and fodder are sufficient.

TUMKUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured.

Standing crops.—Paddy and cholum under wells in the Maddagiri and Pavagada Taluks, and cholum in tank beds in the Sira and Tiptur Taluks, are reported to be withering. The rest are in moderately good condition.

Crops sown.—Sugar-cane in the Maddagiri Taluk and the Koratagere Sub-Taluk cholum, green gram and black gram in the Chiknayakanhalli Taluk; and cholum, til and gid ragi in the Gubbi Taluk.

Crops harvested.—Sugar-cane in the Tumkur and Gubbi Taluks and the Koratagere Sub-Taluk; cholum and wheat in the Maddagiri Taluk; nati ragi, paddy, cholum and Bengal gram in the Sira Taluk; and paddy, cholum and cotton in the Pavagada Taluk.

10. Prospects of the season "appear to be encouraging, but are still uncertain." Rain has fallen in many parts of the district and agricultural operations have commenced. General condition of the district is not quite satisfactory. Works are still in progress and gratuitous relief is being continued. Prices of food grains are high.

11. Except for cholera, plague and small-pox in certain villages of the district, public health generally good.

12. "Dod Roga," "Chappe Roga" and "Foot and mouth disease" are prevailing in some parts of the district. Scarcity for water and fodder is being felt in many parts of the district. Temporary wells are being dug in several villages to mitigate water scarcity. Fodder for cattle is being imported into certain villages of the Sira, Tiptur and Kunigal Taluks and the Turuvekere Sub-Taluk. Date leaves are also being used for the same purpose in the taluks of Chiknayakanhalli and Sira. Twenty-four cattle in the Turuvekere Sub-Taluk have come back from forests.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and sown.

Standing crops are reported to be in fair condition. But sugar-cane in parts of the Krishnarajpete Taluk is reported to be in need of rain.

Crops sown.—Cholum in all the taluks, except the Hunsur, Yedatore and Heggaddevankote Taluks; ragi, ballar, horse gram, black gram, green gram and halasandi in parts of the Mysore Taluk; castor in parts of the Mysore and Chamrajnagar Taluks; togari in parts of the Mysore, Chamrajnagar, T.-Narsipur and Krishnarajpete Taluks; gingelly in parts of the Mysore, Manjarabad, T.-Narsipur, Krishnarajpete and Nagamangala Taluks; cotton in parts of the Chamrajnagar Taluk; kambu in parts of the Mandya Taluk; these are being sown. Sugar-cane is being planted in parts of the Malvalli Taluk.

Crops harvested.—Paddy under Ramasamudra and Kodimale tanks in the Chamrajnagar Taluk and cotton in parts of the Nanjangud Taluk, are being harvested.

Estimated outturn.—Chamrajnagar Taluk, paddy yield 4 annas.

10. Prospects of the season, though indifferent in parts, are getting more hopeful with the recent rains. Food stuffs are available in all the taluks, except Nagamangala, where they are reported to have run short. One hundred and seven persons in the Mandya Taluk are reported to be under gratuitous relief. It is reported that up to the end of the last week in the Krishnarajpete Taluk, Rs. 437-1-2 have been paid to coolies employed on tank works and that ragi worth Rs. 359-12-4 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore, Hunsur and Nanjangud Taluks, cholera in parts of the Hunsur Taluk and small-pox in parts of the Malvalli Taluk, public health generally good.

12. "Dod Roga" and "Chappe Roga" are still prevailing among cattle in parts of the district. Some tanks in parts of the Mandya Taluk and Narasambudi tank in the Nanjangud Taluk have received from the recent showers a small supply of water that would last for 15 and 10 days, respectively. Temporary wells are being sunk wherever difficulty for water is felt. Fodder is scarce in parts of the Mandya Taluk. Three hundred and twenty head of cattle are reported to have come to the Hunsur Taluk from the Hole-Narsipur Taluk for grazing.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all parts of the district, and in some parts they are being manured and made ready for sowing.

Standing crops.—Sugar-cane is withering in the Hassan Taluk. It is in fair condition in the Hole-Narsipur Taluk and the Alur Sub-Taluk. The recent rains have revived it in the Belur and Channarayapatna Taluks. Kar paddy is in fair condition in the Manjarabad Taluk.

Crop sown.—Kar paddy was sown in parts of the Manjarabad and Belur Taluks.

Outturn of harvest.—Sugar-cane in the Hole-Narsipur Taluk, yield from 8 to 12 annas.

10. Good rain is reported to have fallen in the Channarayapatna Taluk and some tanks have received supply of water for two months. Prospects have also somewhat improved in the other affected parts of the district. Food stuffs are available.

11. Except for fever and dysentery in parts of the Manjarabad Taluk, cholera in parts of the Arkalgud Taluk, and small-pox and measles in parts of the Hole-Narsipur Taluk, public health generally good.

12. Cattle are generally fair. But "Dod Roga" continues still in parts of the Arsikere and Manjarabad Taluks and parts of the Alur Sub-Taluk. Fodder is available in limited quantities. Paddy straw continues to be imported into the Arsikere and Channarayapatna Taluks. Date and sugar-cane leaves are also being used in the latter taluk. It is reported that a sort of "Diarrhœa" has attacked cattle brought back into the Channarayapatna Taluk from the malnad. The recent rainfall has replenished the supply of water to some extent.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured in all the taluks of the district.

Standing crop.—Sugar-cane throughout the district is in moderately good condition; it requires more rain in the maidan taluks.

Crop sown.—Sugar-cane in some parts of the Shimoga and Nagar Taluks.

Crop harvested.—Nil.

10. Prospects of the season uncertain. Food stuffs are available but their prices continue to be high.

11. Public health generally good.

12. Water and fodder are available for the present. "Dod Roga" is prevalent in some parts of the Shimoga, Channagiri and Honnali Taluks.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Mudgere, Yedahalli and Sringeri are going on.

Standing crops.—

In Chikmagalur—Kar paddy and sugar-cane.

In Koppa—Pepper and sugar-cane.

In Mudgere—Kode paddy.

These are in unsatisfactory condition, owing to want of timely and sufficient rain.

Crops harvested and their yield.—

In Koppa.—Pepper and sugar-cane, on a small scale.

10. Prospects continue to be the same as in the previous weeks. But during the week there was slight rain in all the taluks, except Kadur and Tarikere. People are anxiously looking forward for more rain throughout the district. Food stuffs are available, but their prices continue to be high.

11. Except for plague in Sollebile village, Koppa Taluk and cholera in a few villages of the Sringeri Jahghir, public health generally good.

12. Cattle generally healthy. "Dod Roga" in the Chikmagalur Taluk and "Foot and mouth disease" in the Tarikere Taluk, are reported to be declining. Water and fodder are available in the malnad; but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops,* such as, paddy, jola, navane, samé, cotton and sugar-cane in some parts under wells and channels are reported to be in fairly good condition.

Crop sown.—Nil.

Crops harvested and their yield.—

Navane and jola in the Challakere Taluk, yield 4 annas.

Paddy in the Holalkere Taluk, yield 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. Food stuffs available. Report continues to be the same as in the previous weeks as regards the demand for labour and the measures adopted to relieve the distress in the affected parts of the district. Owing to there having fallen recently small showers of rain, both in the taluk head-quarters and in some of the interior villages, raiyats have begun to prepare their lands. They are expecting more rain for sowing operations.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug, Holalkere, Davangere and Hosdurga Taluks, where Rinderpest prevails. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Molakalmuru and Hosdurga Taluks.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	Current.	
Prices of food grains—Rice*	...	7·2	$5\frac{3}{4}$ to 6	seers per rupee.
Ragi	...	18·1	$10\frac{3}{4}$ to 11	

* Rangoon rice, 2nd sort, 8 seers per rupee.

Agricultural operations.—Fields are being ploughed. Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Ploughing and manuring the fields in parts of the several taluks of the district are being carried on.

Standing crops.—Sugar-cane is in fair condition in some places in the Hoskote Taluk. Its condition is good in the Dodballapur, Nelamangala, Kankanhalli and Magadi Taluks and is moderate in the Bangalore, Anekal and Devanhalli Taluks.

Crop sown.—Sugar-cane is being planted in some parts of the Hoskote Taluk.

Crop harvested.—Sugar-cane is being milled in some places in the Hoskote and Anekal Taluks.

10. Prospects of the season are reported to be encouraging in the Hoskote Taluk, good in the Dodballapur, Magadi, Channapatna and Anekal Taluks and moderate in the Bangalore and Kankanhalli Taluks and the Closepet Sub-Taluk. Scarcity is felt in some parts of the Bangalore, Dodballapur, Hoskote and Devanhalli Taluks. Difficulty for water is felt in the Magadi Taluk.

Supply of water received in tanks.—

Nelamangala—1 to 4 months' supply.
Anekal Taluk—15 to 30 days' supply.
Hoskote Taluk—Small tanks received some supply.

Number of persons employed in tank and well works.—284 in the Dodballapur Taluk, 2,212 in the Nelamangala Taluk, 40 in the Magadi Taluk and 203 in the Devanhalli Taluk.

Number of persons in receipt of gratuitous relief.—364 in the Bangalore Taluk, 114 in the Dodballapur Taluk, 16 in the Nelamangala Taluk and 30 in the Magadi Taluk. Food stuffs are available but their prices continue to be high.

11. Except for small-pox in some places in the Hoskote and Magadi Taluks and the Closepet Sub-Taluk, measles in the Anekal and Hoskote Taluks and whooping-cough in the Magadi Taluk, public health generally good.

12. "Dod Roga" in some parts of the Hoskote, Kankanhalli, Magadi, Channapatna, and Anekal Taluks, "Galesake Roga" in the Hoskote Taluk, "Chappe Roga" in the Magadi Taluk and "Neradi Roga" in the Anekal Taluk are prevailing. Water and fodder are available. But well water is being drawn and used for cattle in some places in the Magadi and Channapatna Taluks and the Closepet Sub-Taluk. Straw and ragi are being exported from the Magadi Taluk to Kunigal and other places.

KOLAR.

8. Market moderately supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed.

Standing crops under *kapile* wells are reported to be in fairly good condition.

Crop sown.—Sugar-cane in parts of the Bowringpet and Malur Taluks.

Crops harvested.—Bengal gram in the Mulbagal Taluk and jolum in the Bagepalli Taluk and the Gudibanda Sub-Taluk.

Outturn of harvest.—

Bengal gram in Mulbagal, yield 2 annas. Cholum in the Bagepalli Taluk and the Gudibanda Sub-Taluk, yield from 2 to 8 annas.

10. Prospects of the season not satisfactory. Prices of food stuffs still rule high. The recent rainfall has improved the outlook to some extent; but more rain is needed. The measures adopted to relieve distress in the affected parts of the district are being continued.

11. Except for cholera in parts of the Kolar Taluk and small-pox in parts of the Bowringpet and Mulbagal Taluks, and in parts of the Gudibanda Sub-Taluk, public health generally good.

12. Rinderpest is reported to be prevailing in parts of the Bowringpet, Chintamani, Mulbagal and Bagepalli Taluks and in the Gudibanda Sub-Taluk. Water and fodder are fairly sufficient.

TUMKUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured in most parts of the district.

Standing crops are reported to be in moderate condition in the Taluks of Tumkur, Chiknayakanhalli, Sira, Gubbi and Kunigal and in the Sub-Taluks of Koratagere and Turuvekere. Crops under wells in the Maddagiri and Pavagada Taluks, and cholum in tank beds in the Tiptur Taluk, are withering.

Crops sown.—Cholum, black gram and green gram in the Chiknayakanhalli Taluk; cholum in the Gubbi Taluk; sugar-cane in the Koratagere Sub-Taluk; and cholum, til and gidda ragi in the Turuvekere Sub-Taluk.

Crops harvested.—Sugar-cane in the Tumkur Taluk; cholum in the Maddagiri and Chiknayakanhalli Taluks; nati ragi and cholum in the Sira Taluk; cholum and cotton in the Pavagada Taluk; sugar-cane and cholum in the Koratagere Sub-Taluk; and cholum in the Turuvekere Sub-Taluk.

10. Prospects of the season appear to be encouraging by recent rainfall, but are still uncertain. General condition of the district is not quite satisfactory. Works are still in progress and gratuitous relief is being continued. Prices of food grains are high.

11. Except for cholera and small-pox in certain villages, public health generally good.

12. "Dod Roga," and "Foot and mouth" disease are prevailing in some parts of the district. Scarcity of water and fodder is still being felt in many parts of the district. Temporary wells are being dug in several villages to mitigate water scarcity. Fodder for cattle is being imported into certain villages of the Sira, Tiptur and Kunigal Taluks and the Turuvekere Sub-Taluk. Thirty-seven cattle in the Turuvekere Sub-Taluk have come back from forests.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and sown.

Standing crops are reported to be in good condition. Cholum in parts of the Chinkurli hobli of the Krishnarajpete Taluk is withering for want of rain.

Crops sown.—Gidda ragi in parts of the Krishnarajpete and Mysore Taluks; cholum in parts of the Mysore, Yedatore, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks, gingelly in parts of the Mysore, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks; green gram, black gram, horse gram, halasandi, ballar, togari and castor in parts of the Mysore Taluk and kambu in parts of the Mandya Taluk, are being sown. Sugar-cane is being planted in parts of the Mysore Taluk. Kar paddy is being transplanted in parts of the T.-Narsipur Taluk; and the remaining wet lands in it are being sown with horse gram for manurial purposes.

Crops harvested.—Nill.

10. Prospects of the season, though indifferent in parts, are getting more hopeful with the recent rains. Food stuffs are available in all the taluks, except Nagamangala, where they are reported to have run short. Thirty-two persons in the Mandya Taluk are reported to be under gratuitous relief. It is reported that up to the end of the last week, Rs. 515-1-8 have been paid to coolies employed on tank works, and that ragi worth Rs. 392-3-5 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore, Hunsur and Nanjangud Taluks, cholera in parts of the Hunsur Taluk, and small-pox in parts of the Malvalli Taluk, public health generally good.

12. "Dod Roga" and "Chappe Roga" are still prevailing among cattle in parts o the district. Some tanks in parts of the Mandya Taluk are reported to have received two months' supply of water. Temporary wells are being sunk wherever difficulty for water is felt. Fodder is scarce in parts of the Mandya Taluk.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed throughout the district and manured in parts.

Standing crops.—Kar paddy in the Manjarabad Taluk and sugar-cane in the Channarayapatna and Hole-Narsipur Taluks, and the Alur Sub-Taluk, are in fair condition. Sugar-cane in the Hassan Taluk is withering for want of water.

Crops sown.—Paddy in parts of the Belur and Manjarabad Taluks; gidda ragi, gingelly, jola and green gram in parts of the Channarayapatna Taluk, are being sown.

Estimated outturn of crops.—Sugar-cane, yield from 8 to 12 annas.

10. Prospects of the season have improved; but more rain is eagerly looked for in all parts of the district to enable ploughing the lands and sowing the *mungar* crops. Food stuffs are available.

11. Except for cholera in parts of the Arkalgud Taluk, ague and dysentery in parts of the Manjarabad Taluk and small-pox and measles in parts of the Hole-Narsipur Taluk, public health generally good.

12. Cattle are generally in fair condition, except in parts of the Channarayapatna Taluk, where they are reported to be emaciated. "Dod Roga" is still prevalent in parts of the Arsikere and Hassan Taluks. Water and fodder are available in limited quantities. Temporary wells have been sunk, wherever necessary. Pasture is reported to have sprung up in parts of the Hole-Narsipur Taluk, owing to recent showers. Paddy straw continues to be imported into the Arsikere and Channarayapatna Taluks. In the latter taluk, it is supplemented by date and sugar-cane leaves.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured in all parts of the district.

Standing crops.—Sugar-cane in all the taluks of the district is in moderately good condition. But it requires more rain in the maidan parts.

Crops sown.—Sugar-cane in some parts of the Shimoga and Nagar Taluks.

Crops harvested.—Nil.

10. Prospects of the season uncertain. Rain is anxiously looked for. Food stuffs are available but their prices continue to be high.

11. Except for fever in some parts of the Malnad Taluks, public health generally good.

12. "Dod Roga" still continues in parts of the Shimoga and Honnali Taluks. Water and fodder are available for the present.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in Chikmagalur, Kadur, Mudgere and Yedahalli.

Standing crops.—

In Chikmagalur and Kadur—Kar paddy and sugar-cane.

In Koppa—Pepper and sugar-cane.

In Mudgere—Kode paddy.

No standing crops in other taluks.

The standing crops are in unsatisfactory condition for want of timely and sufficient rain.

Crops harvested and their yield.—

In Kadur—Sugar-cane, yield 8 annas.

In Koppa—Pepper and sugar-cane, yield on a small scale.

10. Prospects of the season continue to be the same as in the previous weeks. People throughout the district are anxiously looking forward for rain. Food stuffs are available, but their prices continue to be high.

11. Public health generally good.

12. Cattle are generally healthy. Water and fodder are available in the malnad; but difficulty is felt in procuring them in the maidan parts of the district.

N. B.—Report not received from Sringeri.

CHITALDRUG.

8. Market well supplied.

9. *Agricultural Operations.*—Raiyats are engaged in preparing their lands in parts of the Hiriyur, Hosdurga and Challakere Taluks, where there were some showers during the past week. Raiyats are anxiously expecting the "Bharani" rains to commence the ploughing and sowing operations.

Standing crops, such as paddy, jola, navane, tobacco and cotton under wells and channels are reported to be in fairly good condition.

Crops sown.—Nil.

Crops harvested and their yield.—

Jola and navane in the Challakere Taluk, yield 4 annas.

Paddy in the Challakere and Holalkere Taluks, yield from 6 to 8 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks. Food stuffs available. On account of demand for labour in the affected parts of the district, several works were started to relieve the distress of the poor and the needy. Takavi loans and gratuitous relief in grains were also given to the poor and helpless raiyats in the affected parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur and Hosdurga Taluks and the Harihar Sub-Taluk.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug, Holalkere, Hosdurga and Davangere Taluks, where 'rinderpest' prevails. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Molakalmuru and Hosdurga Taluks and the Harihar Sub-Taluk. Fodder is insufficient. Those that can afford it, get it at very high rates from places where the same is available; while others take their cattle to forests where fodder could be had. Date leaves are also used for cattle in some parts. Water difficulty is on the increase, but every effort is being made to lessen the hardship by deepening existing wells and sinking new ones.

BANGALORE,

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Public health.

12. Remarks as to the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

	Average for the past five years of the corresponding week.	Current.	
Prices of food grains—Rice* ...	7·2	5¾ to 6	seers per rupee.
Ragi ...	18·1	11 to 11¼	seers per rupee.

* Rangoon rice, 2nd sort, is sold at 8 seers per rupee.

Agricultural operations.—Fields are being ploughed. Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Ploughing and manuring of the fields are being carried out in parts of all the taluks.

Crops sown.—Sugar-cane is being planted in some places of Hoskote and Devanhalli Taluks; gingelly seeds sown in Kankanhalli and Magadi Taluks, and jola in Kankanhalli Taluk.

Standing crops.—Sugar-cane is in good condition in some places of Hoskote, Dodballapur, Nelamangala, Kankanhalli and Magadi Taluks, and moderate in the Bangalore, Anekal and Devanhalli Taluks.

Crops harvested.—Sugar-cane is being milled in some places of Hoskote Taluk. The yield is expected to be 8 annas on an average.

10. *Prospects of the season.*—The prospects of the season are reported to be good in Nelamangala, Magadi, Channapatna and Anekal Taluks, moderate in Bangalore, Kankanhalli, Taluks and Closepet Sub-Taluk and to be encouraging in Hoskote Taluk. Scarcity is reported to be felt in some places of Bangalore, Hoskote and Devanhalli Taluks. Some of the tanks have received some supply of water during the week. One to three months' supply in Hoskote; half to one month in Channapatna Taluks. Water difficulty is still felt in Magadi Taluk.

Number of persons employed in tank and well works:—12 in Hoskote, 140 in Dodballapur, 2,233 in Nelamangala, 40 in Magadi and 214 in Devanhalli Taluks.

Number of persons in receipt of gratuitous relief:—364 in Bangalore, 20 in Dodballapur, 16 in Nelamangala and 40 in Magadi Taluks. Food stuffs are available but their prices continue to be high.

11. But for small-pox in some places of Hoskote, Magadi, Anekal, Devanhalli Taluks and Closepet Sub-Taluk, measles in Hoskote and Anekal Taluks, and hooping-cough in Magadi Taluk, the public health is generally good.

12. "Dod Roga" is prevailing in some places of Hoskote, Kankanhalli, Magadi (severe) Channapatna, Anekal and Devanhalli Taluks, "Galiseke Roga" in some places of Hoskote Taluk, "Chappe Roga" in Kankanhalli Taluk and "Neradi Roga" in Anekal Taluk. Fodder and water are available for the present except that well water is being drawn and used for cattle in some places of Magadi, Channapatna Taluks, and Closepet Sub-Taluk.

KOLAR.

8. Market moderately supplied.

9. *Agricultural operations.*—Ploughing is carried on in many parts of the district.

Standing crops, under *kapile* wells are reported to be in fairly good condition.

Crops sown.—Paddy, jolam and sajje in parts of the Bowringpet Taluk, and sesamum in parts of the Malur Taluks.

Crops harvested.—Bengal gram in the Mulbagal Taluk; jolam in parts of the Bagepalli, Srinivaspur and Gudibanda (Sub) Taluks, and Vaisakhi paddy in parts of the Gudibanda Sub-Taluk.

Outturn of harvest.—Bengal gram in Mulbagal—2 annas; jolam in parts of the Bagepalli, Srinivaspur and Gudibanda (Sub) Taluks—4 to 8 annas. Vaisakhi paddy in the Gudibanda Sub-Taluk—4 to 8 annas.

10. Prospects of the season not satisfactory. Prices of food stuffs rule high. Want of rain is felt all over the district. Relief is being afforded to the needy in the affected parts of the district.

11. Except for small-pox in parts of Mulbagal and Srinivaspur Taluks, and the Gudibanda Sub-Taluk, public health is generally good.

12. Rinderpest is reported to be prevailing in parts of the Bowringpet, Chintamani, Mulbagal, Sidlaghatta and Bagepalli Taluks. Water and fodder are fairly sufficient.

TUMKUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured in most parts of the district.

Crops sown.—Cholum, green gram and black gram in the Chiknayakanhalli Taluk; cholum in the Gubbi Taluk; nati ragi in Pavagada Taluk; cholum in Kunigal Taluk; sugar-cane in Koratagere Sub-Taluk; and gidda ragi, cholum and til in Turuvekere Sub-Taluk.

Crops harvested.—Sugar-cane in Tumkur and Koratagere Sub-Taluk; paddy in Maddagiri, Sira and Pavagada Taluks, and Koratagere Sub-Taluk; cholum in Maddagiri and Pavagada Taluks; nati ragi in Sira Taluk, and cotton in Pavagada Taluk.

Standing crops are reported to be in moderately good condition in the taluks of Tumkur, Chiknayakanhalli, Sira, Gubbi and Kunigal and Koratagere and Turuvekere Sub-Taluks; paddy under wells in certain portions of Maddagiri and Pavagada Taluks is in fair condition and in other portions is withering for want of water in wells.

10. Prospects of season "appear to be encouraging but are still uncertain." General condition of the district is not quite satisfactory. Works are still in progress and gratuitous relief is being continued. Prices of food grains are high.

11. Except for small-pox and cholera in certain villages of the district, public health is generally good.

12. Dod Roga, and Chappe Roga are prevailing in some parts of the district. Scarcity for water and fodder is being felt in many parts of the district. Temporary wells are being dug in several villages to mitigate water scarcity. Date leaves and leaves of trees are being used as fodder in taluks of Chiknayakanhalli and Sira and Turuvekere Sub-Taluk.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and sown.

Standing crops are in good condition. But the crops in parts of Harave hobli in Chamrajnagar Taluk need rain.

Crops sown.—Gidda ragi in parts of Mysore, Krishnarajpete and Nagamangala Taluks; cholum in all the taluks except Hunsur, Heggaddevankote and Seringapatam Taluks; black gram, green gram, horse gram, halasandi and ballar in parts of Mysore Taluk; gingelly in parts of Mysore, Hunsur, Gundlupet, T.-Narsipur, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks; togari and castor in parts of Mysore, Gundlupet and Malvalli Taluks; togari in parts of T.-Narsipur, Mandya and Krishnarajpete Taluks; same in parts of Hunsur Taluk; kambu in parts of Mandya Taluk are being sown. Sugar-cane is being planted in parts of the Mysore Taluk; kar paddy is being transplanted in parts of T.-Narsipur Taluk; and the remaining wet lands are being sown with horse gram and manurial crops.

Crops harvested and their yield.—Nil.

10. Prospects of the season, though indifferent in parts, are getting more hopeful with the recent rains. Food stuffs are available in all the taluks. In Nagamangala the well-to-do raiyats have stock of grain. Two hundred and ninety-nine persons in the Nagamangala Taluk are reported to be under gratuitous relief and the expenditure has amounted to Rs. 1,673-9-5. There are none under relief in the Mandya Taluk. In the Krishnarajpete Taluk Rs. 689-2-0 have been paid to coolies employed on tank works and ragi worth Rs. 421-13-9 has been gratuitously distributed. More rain is needed in villages south of Hura in the Nanjangud Taluk; and Sosale and Bannur hoblis of the T.-Narsipur Taluk.

11. Except for plague in parts of Mysore, Hunsur, Gundlupet and Nanjangud Taluks; cholera in parts of Hunsur Taluk; small-pox and measles in parts of Malvalli Taluk, public health generally good.

12. "Dod Roga" and "Chappe Roga" are still prevailing among cattle in parts of the district, but they are subsiding in the T.-Narsipur Taluk. Cattle are being inoculated in parts of the Malvalli Taluk. Fodder is scarce in parts of the Mandya Taluk. Temporary wells are being sunk wherever difficulty for water is felt.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Ploughing and manuring lands continue throughout the district. Paddy in parts of Manjarabad, Belur and Alur Sub-Taluk; black and green grams, jola and gingelly in parts of Arsikere Taluk; gidragi, jola, gingelly and green gram in parts of Channarayapatna Taluk are being sown.

Standing crops.—Sugar-cane in parts of Belur, Channarayapatna and Hole-Narsipur Taluks and in Alur Sub-Taluk, and kar paddy in parts of Manjarabad Taluk and Alur Sub-Taluk are in a fair condition. Sugar-cane is withering in parts of Hassan Taluk.

Outturn of harvest.—Sugar-cane 8 annas in the Channarayapatna Taluk.

10. Prospects have improved. More rain is required in all parts of the district for sowing the *mungar* crops. It is reported that some of the tanks in the Channarayapatna and Hole-Narsipur Taluks have received some supply of water. Food stuffs are available.

11. Except for ague and dysentery in parts of Manjarabad Taluk, and cholera in parts of Arkalgud Taluk, public health is generally good.

12. Cattle are generally in fair condition, but "Dod Roga" still prevails in parts of Arsikere Taluk and Alur Sub-Taluk. Fodder is available in limited quantities and water-supply has improved owing to recent showers. Paddy straw continues to be imported into the Arsikere and Channarayapatna Taluks.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured throughout the district.

Standing crops.—Sugar-cane in all taluks of the district is in moderately good condition. But requires rain in the maidan parts.

Crops sown.—Paddy in some parts of Sagar Taluk and sugar-cane in Nagar Taluk.

Crops harvested.—Nil.

10. Prospects of the season uncertain. People are anxiously looking forward for rain throughout the district. Food stuffs are available in the market, but their prices continue to be high.

11. Except for cold and fever in some parts of the malnad taluks, public health is generally good.

12. Fodder and water are available for the present. Murrain still continues in parts of Shimoga and Honnali Taluks.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed.

Standing crops.—In Chikmagalur and Kadur, kar paddy and sugar-cane; in Koppa, pepper and sugar-cane; in Mudgere, Kodi paddy. These crops are reported to be in an unsatisfactory condition for want of timely and sufficient rain. No crops in other taluks.

Crops harvested and their yield.—

Kadur—Sugar-cane, yield 8 annas.
Koppa—Pepper and sugar-cane, yield on a small scale.

10. Prospects of the season appear to be somewhat encouraging by recent showers, but are still uncertain. More rain is eagerly looked for in all parts of the district to enable ploughing and sowing. Food stuffs are available, but their prices are still high.

11. Public health generally good.

12. Cattle are generally healthy. "Dod Roga" and foot and mouth disease are declining in the taluks of Chikmagalur and Kadur. Water and fodder are available in the malnad, but difficulty is felt in procuring them in the maidan parts of the district.

CHITALDRUG.

8. Market well supplied.

9. *Agricultural Operations.*—Raiyats were engaged in preparing their lands in parts of the Hiriyur, Hosdurga, Challakere and Holalkere Taluks, where there were some showers and they are anxiously expecting more rain to commence ploughing and sowing operations.

Standing crops, such as paddy, tobacco, sugar-cane and cotton under kapile wells, are reported to be in fairly good condition.

Crops sown.—Nil.

Crops harvested.—Paddy in the Challakere and Molakalmuru Taluks, yield 2 to 8 annas; navané and jola in the Challakere Taluk, yield 2 to 4 annas.

10. Prospects of the season fair, except in parts of the Chitaldrug, Hiriyur, Challakere, Davangere, Jagalur and Hosdurga Taluks. Food stuffs available. On account of demand for labour in the affected parts of the district, several works were started to relieve the distress of the poor and the needy. Takavi loans and gratuitous relief in grains were also given to the poor and helpless raiyats in the affected parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Jagalur, Hosdurga Taluks and Harihar Sub-Taluk.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug, Holalkere, Davangere and Hosdurga Taluks. Water and fodder available, except in parts of the Chitaldrug, Challakere, Hiriyur, Davangere, Molakalmuru, Hosdurga Taluks and Harihar Sub-Taluk. But fodder is insufficient; those that can afford get it at very high rates from places where the same is available; while others take their cattle to forests where it could be had. Date leaves are also used for cattle in some parts. Water difficulty is on the increase, but every effort is being made to lessen it by deepening the existing wells and sinking new ones.

Prices of food grains—Rice* ...	7·2	$5\frac{3}{4}$ to 6	seers per rupee.
Ragi ...	18	11 to $11\frac{1}{2}$	

* Rangoon rice, 2nd sort, is sold at 8 seers per rupee.

Agricultural operations.—Fields are being ploughed. Cattle in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Ploughing and manuring of the fields are being carried out in almost all parts of the district.

Standing crops.—Sugar-cane in some places of Hoskote, Dodballapur, Nelamangala, Kankanhalli and Magadi Taluks, and moderate in Bangalore, Anekal and Devanhalli Taluks. Gingelly and kaki jola in the Kankanhalli Taluk are in good condition.

Crops sown.—Gingelly in the Hoskote, Nelamangala, Kankanhalli, Anekal and Devanhalli Taluks; jola in Nelamangala and Devanhalli and yellu in some parts of Devanhalli.

Crops harvested.—Sugar-cane is being milled in some places of Hoskote. Expected yield 8 annas on an average. Onions and garlic in Devanhalli.

10. Prospects of the season are reported to be good in Nelamangala, Magadi and Anekal; moderate in Bangalore, Kankanhalli and Devanhalli and encouraging in Channapatna and Closepet (Sub) and Hoskote Taluks. Almost all the tanks in the district have received some supply of water. The number of persons in receipt of gratuitous relief is 364 in Bangalore, 20 in Dodballapur, 16 in Nelamangala and 30 in Magadi and the number employed on tank and other works is 10 in Hoskote, 1,099 in Nelamangala and 64 in Devanhalli.

11. But for small-pox in some places of Hoskote, Magadi, Anekal and Closepet, and measles in Hoskote and Anekal, public health is generally good.

12. "Dod Roga" is prevailing in some places of Hoskote, Magadi, Channapatna and Devanhalli. Fodder and water are available for the present. The recent rains have improved the seasonal prospects throughout the district and averted the scarcity felt by the cattle and men for drinking water.

KOLAR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing is carried on in all parts of the district.

Standing crops are reported to be in good condition.

Crops sown.—Jola and haraka in parts of the Bowringpet and Goribidnur Taluks; baragu in parts of Goribidnur and Gudibanda; paddy, gingelly and sajje in parts of the Bowringpet Taluk; gid ragi and navane in Tondebhavi hobli of the Goribidnur Taluk and sesamum in parts of the Malur Taluk.

Crops harvested.—Jola is being harvested in some of the hoblis of the Sidlaghatta, Bagepalli and Srinivaspur Taluks—yield from 4 to 8 annas; and Vaisakhi paddy in Nelavanki hobli of the Srinivaspur Taluk—yield from 2 to 8 annas.

10. Prospects of the season gradually improving. Prices of food stuffs still continue to be very high. Rainfall is general throughout the district. Relief is being afforded to the needy in the affected parts of the district.

11. Except for small-pox in parts of Mulbagal, Srinivaspur and Gudibanda and fever in parts of Gudibanda, public health is generally good.

12. "Rinderpest" is reported to be prevailing in parts of the Bowringpet, Chintamani, Mulbagal, Sidlaghatta, Bagepalli, Srinivaspur and Gudibanda (Sub) Taluks and "Dod Roga" in parts of the Kasaba hobli of the Chikballapur Taluk. Water is sufficient throughout. Fodder is available, except in parts of the Bowringpet and Srinivaspur Taluks, where supply is still reported to be limited.

TUMKUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured.

Crops sown.—Cholum, green and black grams and til in the taluks of Chiknayakanhalli and Tiptur and in the Turuvekere Sub-Taluk; cholum and til in the Gubbi Taluk; cholum in the Kunigal Taluk; and sugar-cane in the Koratagere Sub-Taluk.

Crops harvested.—Paddy in the taluks of Maddagiri, Pavagada and Koratagere Sub-Taluk; sugar-cane in the Tumkur Taluk and Koratagere Sub-Taluk, "nati ragi" in the Sira Taluk.

Standing crops are reported to be in fair condition owing to the recent rainfall.

10. Good rains have fallen all over the district and the prospects of the season have considerably improved. Many of the works started during the previous months are still in progress. Food stocks are available; but their prices are still high.

11. Except for small-pox and cholera in certain villages of the district, public health is generally good.

12. "Dod Roga" is still prevailing in certain parts of Tumkur, Chiknayakanhalli, Gubbi and Tiptur Taluks, and the Turuvekere Sub-Taluk. Water is available except in certain villages of the Pavagada Taluk. Fodder scarcity is being felt in many parts of the district. Fodder is being imported in the taluks of Sira Kunigal and Turuvekere Sub-Taluk. Date leaves and leaves of trees are being used as fodder in the taluks of Chiknayakanhalli, Sira and Turuvekere Sub-Taluk.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and sown.

Standing crops are reported to be in good condition.

Crops sown.—Ragi in parts of the Yedatore Taluk, and cholum, gingelly and groundnut in parts of Malvalli are being sown. Sugar-cane and kar paddy are being planted in parts of the T.-Narsipur Taluk; and the remaining wet lands are being sown with horse gram and other manurial crops. Wet lands in parts of the Nanjangud Taluk are being sown with green gram for manurial purposes.

Crops harvested.—Nil.

10. Prospects of the season are very hopeful. Rainfall has been copious and general. Many tanks have received water and some are discharging. Food stuffs are available in all the taluks. The well-to-do raiyats in Nagamangala have some stock of grain with them still. Two hundred and seventy persons in that taluk are reported to be receiving gratuitous relief and the expenditure has amounted to Rs. 1,866-6-3 up to date. There are none under relief in the Mandya Taluk. Tanks in the Krishnarajpete Taluk having received some supply of water during the week, the earthwork done to tanks is very slight, and Rs. 652-0-2 have been paid to coolies and ragi worth Rs. 445-14-6 have been gratuitously distributed.

11. Except for plague in parts of the Mysore, Yedatore, Gundlupet and Nanjangud Taluks, and small-pox in parts of Malvalli, public health is generally good.

12. "Dod Roga" and "Chappe Roga" are still prevailing in parts of the district, but subsiding in parts of Malvalli and T.-Narsipur. Green grass is springing up all over the district. The anxiety for water and fodder may be considered to have ceased altogether.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Owing to the timely and copious showers that fell in all parts of the district, ploughing and sowing are going on briskly throughout the district.

Crops sown.—Gid ragi and togari in the Hassan Taluk; gid ragi in the Arkalgud Taluk; gid ragi, gingelly, jola, green and black grams in the Channarayapatna Taluk; gid ragi, jola, gingelly, togari and castor in the Hole-Narsipur Taluk; and kar paddy and ragi in the Alur Sub-Taluk are being sown.

Standing crops.—Baravadi and kar paddy in the Manjarabad Taluk; sugar-cane in the Belur, Channarayapatna and Hole-Narsipur Taluks; and kar paddy and sugar-cane in the Alur Sub-Taluk are in a fair condition.

Outturn of harvests.—Sugar-cane in Channarayapatna and Hole-Narsipur Taluks, 8 to 12 annas.

10. Prospects have much improved. Ragi has been general throughout. Most of the taluks have received a good supply of water and some are reported to be discharging. Food stuffs are available.

11. Except for ague and dysentery in parts of the Manjarabad Taluk and cholera in parts of Arkalgud Taluk, public health generally good.

12. Cattle are generally in fair condition. Dod Roga is still reported to exist in parts of Manjarabad Taluk and Alur Sub-Taluk. About 442 head of cattle are reported to have been inoculated during last month in Arsikere, Channarayapatna and Hassan Taluks. Water is available and fodder is also available in limited quantities. It is imported into Arsikere from the State Forests of Shimoga Taluk. Paddy straw also continues to be imported in that taluk and Channarayapatna Taluk. Pasture is coming up in parts of Hole-Narsipur Taluk.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Ploughing and manuring fields continue in all parts of the district.

Standing crops.—Sugar-cane throughout the district is in moderately good condition.

Crops sown.—Paddy in some parts of the Sagar and Nagar Taluks.

10. Rain has fallen in all the taluks in the latter part of the week and has improved prospects considerably. It has enabled the raiyats to pursue their agricultural operations. Food stuffs are available but their prices continue to be high.

11. Public health generally good.

12. Fodder and water are available. Murrain still continues in parts of the Shimoga and Honnali Taluks. It has subsided in the Channagiri Taluk.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed. Sowing of paddy in parts of the Mudgere Taluk and planting of sugar-cane in Shivani hobli of the Tarikere Taluk going on.

Standing crops.—In Chikmagalur, kar paddy and sugar-cane. In Kadur, kar paddy, jola, sugar-cane, baragu, green gram and black gram. In Mudgere, kodi paddy. These are reported to be thriving well. No crops in other taluks.

Crops harvested.—Nil.

10. Prospects of the season appear to be encouraging. During the week rain was general throughout the district which has enabled ploughing and sowing. Food stuffs are available, but their prices are still high.

11. Public health generally good.

12. Cattle are generally healthy. "Dod Roga" and "Foot and mouth" disease are reported to be decreasing. Water and fodder are available in the malnad, but not so in the maidan, where some difficulty is still felt in procuring the fodder.

CHITALDRUG.

8. Market well supplied.

9. *Seeds sown.*—Sesamum and jola in the Challakere, Holalkere and Hosdurga Taluks; castor in the Challakere Taluk; sajje and paddy in Holalkere Taluk. Til and jola are being extensively sown.

Standing crops, such as paddy, ragi, jola, navane and cotton under wells are reported to be in fairly good condition.

Crops harvested.—Paddy in the Challakere, Hiriyur and Molakalmuru Taluks, yield 2 to 10 annas; navane and jola in the Challakere Taluk, yield 2 to 4 annas.

10. Prospects of the season fair. The copious rainfall during the week, throughout the whole district has improved the situation considerably. All the tanks have received two to six months supply of water. The grass has already begun to sprout up. The agricultural classes are busily engaged in ploughing and sowing operations. The out-look is very encouraging. Food stuffs are available.

11. Public health generally good.

12. Fodder and water are available. Cattle healthy, except in parts of Chitaldrug, Holalkere, Davangere, Hosdurga Taluks and Harihar Sub-Taluk, where rinderpest prevails.

* Relief to weavers.

(a) The figures under "Loans to Artizans" include amounts sanctioned and disbursed in the previous weeks in the French Rocks Sub-Taluk, which have been shown for the first time in this week's return.

(b) The return was not received from the Alur Sub-Taluk.

N. B.—(1) Some of the taluks having failed to furnish the required information, the details given above are incomplete.

(2) The figures under "Loans to Artizans" in the Bangalore District are in excess of the allotment sanctioned for the purpose, as advances are made also out of the realizations from the sale of cloths.

Water and fodder are available for the present.

KOLAR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing in all parts of the district.

Standing crops are reported to be in good condition.

Crops sown.—Save in parts of Kolar, Mulbagal and Malur; haraka in parts of Kolar, Bowringpet, Chintamani, Mulbagal, Goribidnur and Srinivaspur; sesamum in parts of Kolar, Bowringpet, Chintamani and Malur; jola in parts of Kolar, Goribidnur and Srinivaspur; gidda ragi in parts of Goribidnur and Srinivaspur; sajje in parts of Chintamani, Malur and Srinivaspur; paddy in parts of Bowringpet and Srinivaspur; and navane and punaji paddy in parts of Goribidnur.

Crops harvested and their yield.—Jola is being harvested in parts of the Chintamani, Bagepalli and Srinivaspur Taluks—yield from 4 to 8 annas.

10. Prospects of the season gradually improving. Prices of food grains remain stationary. No tendency of going down till next harvest. Rainfall is greatest throughout the district. Labour is available to the cooly classes and gratuitous relief is being given to the deserving poor.

11. Except for a few cases of choleric diarrhœa, reported to be prevailing in the Bowringpet Taluk, measles in the Malur Town and small-pox in the parts of Mulbagal, public health generally healthy.

12. Rinderpest is reported to be prevailing in parts of the Chintamani, Mulbagal, Sidlaghatta and Srinivaspur Taluks. Water is sufficient throughout the district. Fodder is available in limited quantities.

TUMKUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being ploughed and manured.

Standing crops are reported to be in fair condition owing to the recent rainfall.

Crops sown.—Cholum, green gram, black gram and til in the taluks of Chiknayakanhalli and Tiptur; cholum in the taluks of Maddagiri, Sira, Gubbi and Kunigal and the sub-taluks of Koratagere and Turuvekere; castor and nati ragi in the Pavagada Taluk; and sugar-cane in the Kunigal Taluk.

Crops harvested.—Paddy in the taluks of Maddagiri, Chiknayakanhalli, Sira and Pavagada and the Koratagere Sub-Taluk; cholum in the Maddagiri Taluk and the Koratagere Sub-Taluk and sugar-cane in the Tumkur Taluk and the Koratagere Sub-Taluk.

10. Prospects of the season have considerably improved. Some of the works started during the previous months are still in progress. Food stocks are available, but their prices are still high.

11. Except for small-pox and cholera in certain villages in the district, public health generally good.

12. "Dod Roga" is still prevailing in certain parts of the Tumkur, Maddagiri, Chiknayakanhalli and Tiptur Taluks. Water is available. Fodder scarcity is diminishing throughout the district.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and sown.

Standing crops are reported to be in good condition.

Crops sown.—Gingelly in parts of the Chamrajnagar, Hunsur, Yedatore, Heggaddevankote and Malvalli Taluks; ragi in parts of the Hunsur and Heggaddevankote Taluks; cholum in parts of the Hunsur and Malvalli Taluks; blackgram and green gram in parts of the Yedatore Taluk; and groundnut in parts of the Malvalli Taluk, are being sown.

Crops harvested.—Nil.

10. Prospects of the season very hopeful. Food stuffs are available in all the taluks. Well-to-do raiyats in the Nagamangala Taluk have some stock of grain with them. Two hundred and seventy persons in that taluk are reported to be receiving gratuitous relief and the expenditure has amounted to Rs. 1,915-6-2 up to date. There are none under relief in the Mandya Taluk. It is reported that in the Krishnarajpete Taluk Rs. 661-14-5 have been paid to coolies employed on tank works and ragi worth Rs. 464-9-2 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore, Yedatore, Gundlupet and Nanjangud Taluks and small-pox in parts of the Malvalli Taluk, public health generally good.

12. "Dod Roga" and "Chappe Roga" are still prevailing in parts of the district. They are subsiding in parts of the Mysore and Malvalli Taluks. Water and fodder are available for the present. Green grass has sprung up in parts of the district.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Ploughing and sowing continue in all parts of the district.

Standing crops.—Sugar-cane in the Hassan, Hole-Narsipur and Channarayapatna Taluks is in fair condition.

Crops sown.—Ragi, togari, gingelly and jola in the Hassan Taluk; paddy in the Manjarabad and Belur Taluks; ragi, paddy, togari, castor and jola in the Arkalgud Taluk; ragi, jola, gingelly, black gram and green gram in the Channarayapatna Taluk; and ragi and paddy in the Alur Sub-Taluk, were sown.

10. Prospects of the season are encouraging. Food stuffs are available, but their prices are still high.

11. Except for plague and dysentery in parts of the Manjarabad Taluk and cholera in parts of the Arkalgud Taluk, public health generally good.

12. Cattle are generally in fair condition. But "Dod Roga" is reported to be still prevalent in parts of the Manjarabad Taluk. Water is available in sufficient quantities. Pasture is springing up in all parts. Supply of water is limited especially in the Arsikere and Channarayapatna Taluks, where it continues to be imported into from outside.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Throughout the district, raiyats are engaged in ploughing and sowing operations.

Standing crop.—Sugar-cane is in good condition in all parts of the district.

Crops sown.—Paddy in parts of the Channagiri, Honnali, Shikarpur, Sagar, Nagar and Tirthahalli Taluks and of the Kumsi Sub-Taluk; and gingelly and green gram in the Honnali Taluk.

Crops harvested.—Nil.

10. Prospects of the season have considerably improved by the recent rains. Food stuffs are available but their prices still continue to be high.

11. Public health generally good.

12. Dod Roga still prevails in some parts of the Shimoga and Honnali Taluks. Medical aid is being given in the affected parts. Water and fodder are available.

KADUR.

8. Market well supplied.

9. *Agricultural operation.*—Lands all over the district are being ploughed.

Standing crops.—

In Chikmagalur—Sugar-cane and kar paddy.

In Tarikere—Sugar-cane.

In Mudgere—Kodi paddy.

These are reported to be in good condition. There are no crops in the other taluks.

Crops sown.—Sowing of paddy in parts of Mudgere, Tarikere and Sringeri and planting of sugar-cane in the Shivane Hobli of the Tarikere Taluk, are going on.

10. Prospects of the season gradually improving owing to good rain having fallen all over the district. Food stuffs are available, but their prices are still high.

11. Public health generally good.

12. Cattle generally healthy. "Dod Roga" and "Foot and Mouth" disease are reported to be decreasing. Water available everywhere. Fodder is coming up in the maidan parts.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops*, such as paddy, jola and navane under wells, are reported to be in fairly good condition.

Crops sown.—Sesamum and jola in the Chitaldrug, Challakere, Holalkere, Hiriyur, Jagalur and Hosdurga Taluks; togari in the Chitaldrug and Challakere Taluks; ragi in the Challakere Taluk; cotton in the Jagalur Taluk; castor in the Challakere and Molakalmuru Taluks; green gram in the Jagalur and Holalkere Taluks; paddy and black gram in the Holalkere Taluk; and sesamum in the Molakalmuru Taluk.

Crops harvested and their yield.—Navane and paddy in the Challakere Taluk—yield 4 annas; and paddy under Marikanave Channels in Hiriyur—yield from 8 and 12 annas.

10. Prospects of the season fair. There was no rain last week except in Jagalur and Holalkere. But owing to the rains of the previous week, raiyats have commenced ploughing and sowing operations. The outlook is encouraging. Signs of distress are disappearing. Food stuffs available.

11. Public health generally good.

12. Cattle healthy except in parts of the Chitaldrug, Holalkere, Harihar and Hosdurga Taluks, where Rinderpest prevails. Water and fodder available.

* Relief to weavers.

† The figures of the previous week for the Tiptur Taluk have been revised. Hence the difference.

‡ The figures under these columns in the previous statements included also amounts sanctioned and disbursed under "Advances for buying bullocks, seeds, etc.," in the Gubbi Taluk; but the latter have been transferred to the proper heads in the present statement. Hence the difference.

$ The figures shown under these columns in the previous statement have been transferred to the head "Advances for restoration of Minor Tanks" in the return from Channagiri Taluk.

N. B.—(1) Some of the taluks having failed to furnish the required information, the details given above are incomplete.

(2) The figures under "Loans to Artizans" in the Bangalore District are in excess of the allotment sanctioned for the purpose, as advances are made also out of the realizations from the sale of cloths.

* Relief to weavers.

† These figures include also amounts sanctioned and disbursed in the previous weeks in the Nagamangala Taluk.

(*a*) The return was not received from the Bangalore City Municipal Office, Chitaldrug District Office and Alur Sub-Taluk.

N. B.—(1) Some of the taluks having failed to furnish the required information, the details given above are incomplete.

(2) The figures under "Loans to Artizans" in the Bangalore District are in excess of the allotment sanctioned for the purpose, as advances are made also out of the realizations from the sale of cloths.

GENERAL CONDITIONS.

---

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M., on the day previous to the Show.

4. Cut Flowers may be delivered up till 2 P.M., on the day of the Show, but not later if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words kinds and varieties may be illustrated as under:—apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. Sugarloaf, Early Drumhead, Enfield Market, etc., are distinct *varieties* of cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be *bonâ-fide* the produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M., on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

15. Similarly while judging is going on no exhibitor is permitted to be in the Exhibition and any exhibitor acting contrary after being asked to retire will have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding medals at the Horticultural Shows are hereby notified to the public :—

The Government of His Highness the Maharaja have sanctioned the grant of medals in addition to the usual money prizes offered at the half-yearly Horticultural Shows, subject to the following conditions :—

(1) The medals will consist of, a gold medal for classes I, II and III, a silver medal for class V and a bronze medal for class VI.

(2) These medals will be awarded by the Judges, at their discretion, at the Summer Show held in July or August in each year.

(3) The following exhibitors will be qualified for the award of a medal :—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes, taking the two shows of the calendar year together.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

(4) No exhibitor who has been awarded a medal in any class will be qualified to receive another medal in that class during the three calendar years succeeding that in which he has received the medal.

(5) No exhibitor will be qualified to receive a medal who is not the *bonâ-fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor, who has merely purchased fruit or vegetables exhibited will be eligible.

(6) It will be open to the Judges to withhold any or all the medals in any year on the ground of deficiency of merit in the exhibits.

GENERAL CONDITIONS.

---

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M., on the day previous to the Show.

4. Cut Flowers may be delivered up till 2 P.M., on the day of the Show, but not later if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words kinds and varieties may be illustrated as under:—apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. Sugarloaf, Early Drumhead, Enfield Market, etc., are distinct *varieties* of cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be *bonâ-fide* the produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M., on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

15. Similarly while judging is going on no exhibitor is permitted to be in the Exhibition and any exhibitor acting contrary after being asked to retire will have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding medals at the Horticultural Shows are hereby notified to the public:—

The Government of His Highness the Maharaja have sanctioned the grant of medals in addition to the usual money prizes offered at the half-yearly Horticultural Shows, subject to the following conditions:—

(1) The medals will consist of, a gold medal for classes I, II and III, a silver medal for class V and a bronze medal for class VI.

(2) These medals will be awarded by the Judges, at their discretion, at the Summer Show held in July or August in each year.

(3) The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes, taking the two shows of the calendar year together.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

(4) No exhibitor who has been awarded a medal in any class will be qualified to receive another medal in that class during the three calendar years succeeding that in which he has received the medal.

(5) No exhibitor will be qualified to receive a medal who is not the *bonâ-fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor, who has merely purchased fruit or vegetables exhibited will be eligible.

(6) It will be open to the Judges to withhold any or all the medals in any year on the ground of deficiency of merit in the exhibits.

GENERAL NOTE.

The following is a brief summary of the more important variations in the figures:—

PART I—Agricultural Statistics.

1. There is an increase of 3,189 acres in the total area (column 2—Table A-1 area according to professional survey), due chiefly to the revision settlement operations in the Channagiri and Molakalmuru Taluks and to minor corrections made in the Akarband by the Survey Department.

2. The total area of the State is nearly 19 million acres of which no returns have been rendered for about 1⅓ millions comprising alienated villages and Jahgirs. Out of the balance of about 17½ million acres, nearly 2 millions are under Forest proper, *i. e.*, State Forest and Plantations, not including District Forests, against 1,933,611 acres in 1906-07. This increase is due to reservation of fresh areas under State Forests. It should be explained that though in the Explanatory Memorandum issued with Government Order No. 3473-8—R. 1100, dated 6th October 1897, under para 5 "Forest" means any land classed or administered as Forest and includes also District Forests, yet as the latter are not separately mapped, Amrut Mahal, Gomal and Kharab lands which under the Forest Regulation and Rules are treated as District Forests, are shown in the next column. The rights and privileges of raiyats in the latter relate mostly to grazing and dry fuel, while almost all other produce is collected by the Forest Department. Thus the area which should come under Forests in column 2, if properly classified, would be far in excess of the above total. The total extent of free grazing and hulbanni lands being about 4,855,000 acres and State Amrut Mahal Kavals about 427,000 acres as per area return furnished by districts, the aggregate total of lands really administered by the Forest Department would be about 7¼ million acres.

The area actually available for cultivation is about 8½ million acres or about half the total area for which returns are furnished. The total occupied area amounts to about 7⅓ million acres, of which 6 millions were cultivated during the year, an extent of about 1⅓ million acres forming assessed waste.

PART IV—Rainfall.

3. The rainfall during the year does not compare favourably with that in the previous year in the maidan districts of Bangalore, Kolar, Tumkur and Chitaldrug but was better in the two malnad districts of Shimoga and Kadur, the average for the State being 39·01 inches as against 44·42 inches for the previous year and 36·79 inches, the average for 38 years from 1870 to 1908.

PART I.

4. The total net area cropped (Table A-2) during the year 1907-08 was 6,011,671 acres, exhibiting a decrease of about 18,800 acres as compared with that of the previous year.

The total area irrigated (col. 13), *viz.*, 927,438 acres, was also less than that of the previous year by 9,193 acres.

5. *Areas under different crops.*

Dealing only with the principal crops, there was an increase in the area under the following heads as shown against each of them :—

Ragi	94,154	acres.
Oil-seeds	11,350	,,
Condiments and spices	15,136	,,
Fibres	6,130	,,
Sugar-cane	4,184	,,

While there was decrease under the following heads :—

Rice	12,926 acres.
Gram	49,145 „
Other food grains including pulses	66,060 „
Orchards and garden produce	25,512 „
Miscellaneous food crops	20,487 „

TABLE C.

6. The incidence of Land Revenue (excluding cesses) per head of the population for the whole State, including wholly or partially revenue-free areas, was Rs. 1-13-2 during the year as against Rs. 1-12-9 in the previous year, while the incidence in the fully assessed area works out at Rs. 1-14-5 per head as against Rs. 1-13-10 in the previous year.

TABLE D.

7. The number of raiyatwari holdings decreased from 1,041,378 in 1906-07 to 1,030,594 in the year under review, and their gross area was 6,909,066 acres as against 6,845,525 acres in the previous year. The average area per holding was 6·70 acres with an average assessment of 8·93 rupees as against 6·57 acres and 8·75 rupees, respectively, in the previous year.

The number of estates under "wholly or partially revenue-free tenure" was 95,337 with an aggregate area of 1,788,329 acres as against 96,536 with 1,786,259 acres in the previous year.

TABLE E.

8. There were during the year, 1,318 transfers of land involving 7,250 acres, by order of Courts as against 1,363 involving 9,793 acres in the previous year. Transfers by private contract or gift, numbered 15,954 comprising 85,080 acres as against 14,163 with 75,399 acres in 1906-07.

TABLE G.

9. While all other returns are for the official year the return relating to coffee alone is for the calendar year. The year 1907 was a good one for coffee as the yield during the year, *viz.*, 13,581,220 lbs. (about 136 lbs. per acre) was more than double that (*viz.*, 5,964,544 lbs.) of the previous year, while the area under crop was less than that of the previous year by 1,313 acres.

TABLE H.

10. The area under cinchona is purely nominal, the extent cultivated during the year being the same as in the last year, *viz.*, 112 acres.

PART II—Estimated out-turn of certain selected crops.

11. There was a decrease of 94,000 khandies in the out-turn of paddy during the year which was due to decrease in the area under crop. For the State as a whole, the average out-turn was about the same as in the previous year, *viz.*, 9·8 against 10 annas.

The area under paddy was greater than in the previous year in all the districts except Bangalore, Tumkur and Chitaldrug, where there was a decrease of about 6,000, 6,500 and 8,600 acres, respectively. But the out-turn was larger only in the districts of Mysore, Kadur and Shimoga. The crop must have fared very badly in the Bangalore District where the yield was so low as 118,298 khandies as against 252,386 khandies in the previous year.

12. Although the total area under ragi during the year rose by about 94,000 acres, there was a fall of about 708,000 khandies in the out-turn. The area under crop increased in all the districts except Kolar and Kadur, but the out-turn was poorer in all the districts except Hassan, Kadur and Shimoga. The crop in the Tumkur District fared very badly, the out-turn being about 50 per cent of the previous year in spite of an increase of about 41,000 acres in the area under crop. The out-turn for the whole State averaged at 7·4 annas against 9·1 in the previous year.

9. *Table D.*—The form prescribed by the Government of India is intended to show the principal varieties of tenure held direct from Government. For Mysore (where the prevailing tenure is raiyatwari and the accounts are kept villagewar), the first four classes and classes VII and VIII will be left blank, all raiyatwari holdings will be included in class V, the heading thereof being altered from "Peasant proprietors paying separately" to "small holdings held separate and direct from Government (raiyatwari tenure)" and all inams (Jahgirs, whole Inam and Kayamgutta villages and minor inams in Sirkar villages) will be entered in class VI. Lease-holders of gold mines will be shown under class IX "others."

(*a*) (1), Number of estates.—This represents practically the number of separate pattas issued or khates recorded in the Land Revenue Register. Two or more estates belonging to the same proprietor, if they are separately recorded in the Revenue Ledgers and form the subjects of separate pattas, will be separately reckoned for this return.

(*b*) (2), Number of villages.—This shows the total number of villages (primary of course) populated and unpopulated, *i. e.*, the areas constituted as villages by the Survey and Settlement Department.

(*c*) (3), Number of holders.—One proprietor may be reckoned twice or oftener as the owner of two or more estates separately recorded according to the number of pattas held by him.

(*d*) Item 5½, Gross assessment.—Between items 5 and 6 of the Government of India form, an item numbered 5½ should be opened to show "gross assessment." This in the case of raiyatwari lands will be the survey assessment and water-tax, and in the case of alienated lands it will be combined quit-rent and water-rate (if any) payable to Government: in both cases without deducting remissions and other deductions, if any.

10. *Table E.*—This table is intended to show the number of voluntary and compulsory transfers of ownerships of lands and the area so transferred. By "voluntary transfers" are meant transfers made by actual contract or gift. Transfers by inheritance are not to be taken into account, nor non-permanent transfers such as leases, mortgages, etc. Only permanent transfers (for instance by sale or gift) should be included when the parties concerned apply for and obtain transfer of "Revenue Registry." These voluntary transfers will be entered in columns 4 and 5 and columns 8 and 9 (private contract or gift). On the other hand under heading "By order of Court," columns 2 and 3 and columns 6 and 7 are included—

(1) Changes of registry under decrees of Civil and Revenue Courts whether the decrees were passed on disputes regarding title or by reason of debts incurred by the judgment-debtors, and

(2) All cases in which lands are sold for arrears of revenue due to Government and purchased by private parties.

(*b*) Cases in which lands sold for arrears of revenue due to Government are bought by Government will be excluded from this table.

The particulars contained in columns 2 to 21 should be entered for each district opposite to details under column 1 "Class of tenure," *viz.*, (*a*) Revenue-paying and (*b*) wholly or partially revenue free.

The information contained in Table E will be entirely based upon that *furnished for each village* in Village Account Form No. 6 (Statement of Increase and Decrease) and its enclosure.

* Revised figure.

Column 15.—*Others (oil-seeds)*.—Castor oil-seeds, inferior sesamum (hutchellu), groundnut or nelakadalekayi, honge, ippe, etc.

Column 17.—*Condiments and spices*.—Pepper, cardamon, chillies, cummin seeds, coriander seeds, ginger, mustards, turmeric, onions, garlic, mentya, etc.

Column 22. *Others (Fibres)*.—Pundi, sanabu, etc.

Column 27.—*Others (Dyes)*.—Rangumale, etc.

Column 29.—*Coffee* should be both malnad and maidan. The area covered by both mature and immature plants should be entered.

Column 36.—*Fodder crops*.—Kaki jola, etc.

Column 37.—*Orchards and garden produce*.—Mango, apples, figs, plantains, oranges, pomegranates, etc. The area of cocoanut, areca and betel-leaf gardens should also be included.

Column 38.—*Miscellaneous food crops*.—Vegetable gardens, potatoes, etc.

Column 39.—*Miscellaneous non-food crops*.—Mulberry, etc.

6. *Table A-4*.—This table deals with agricultural stock and should include live-stock in Municipalities. Oxen and buffaloes not old enough for work or to produce young should be treated as "Young stock" in this return.

Until 1898-99, statistics of live-stock were collected every year by the shanbhog and patel of each village by inquiry and inspection, as a part of the year's jamabandi routine. Government directed, in their Order No. 7601—615, dated 24th April 1899, a quinquennial census to be taken and the repetition of the figures of such census as statistics for the ensuing four years. Consequently the figures contained in the statement for the two years 1906-07 and 1907-08 are those obtained at the Census of September 1904.

7. *Table B*.—This is a statement showing the average for the year of the prices current of certain articles. It is printed in this collection, as Part III.

8. *Table C*.—This table indicates the relation between area, population and land revenue or in other words the mean burden of the State assessment on the land assessed to it and on the community at large. The tenure to which this table (for the Mysore State) relates is entirely raiyatwari.

(*a*) Column 3 (*a*) represents the area of alienated villages, plus the area of unoccupied assessed waste land in Sirkar villages (4 of Table A-2). The area of minor inams is not, however, included in this column, as a proportionate deduction cannot be made in the corresponding population.

(*b*) Column 3 (*b*) represents the area withdrawn from cultivation and should therefore exhibit the total of the areas shown in columns 2 and 3 of Table A-2.

(*c*) Column 4 (*a*) exhibits the area of occupied lands (Sirkar and minor Inam) in Government villages and should therefore equal the sum total of the figures in column 5 and column 6 of Table A-2 (current fallows and net area cropped during the year).

(*d*) Column 4 (*b*) exhibits the area actually cultivated. The figure under column 6 of Table A-2 will therefore be repeated here.

(*e*) Column 5 should exhibit the total realizable Land Revenue including Miscellaneous Land Revenue of the whole district for the year after excluding arrears for past years. The figure to be entered here will therefore be that which represents the fixed demand under these heads *plus* Miscellaneous Land Revenue and *minus* remissions under defined rules, and *minus* also irrigation cess merged in the assessment as shown in the list appended to Government Proceedings No. R. 212, dated 30th July 1894.

(*f*) Columns 6 and 11.—The population according to the most recent decennial census will be entered in column 6 subject to such alterations as are necessitated by any change in the constitution of the districts, and the figures in column 11 are subject to such alteration as may be necessitated by alteration in the area of "fully assessed land" by the resumption of alienated villages or other causes.

(*g*) Column 7 is arrived at by column 5 being divided by column 6.

(*h*) Column 8 does not include Miscellaneous Land Revenue and Land Revenue on alienated villages which are included in column 5.

(*i*) Column 9 is arrived at by column 8 being divided by column 4 (*a*).

Column 10 is arrived at by column 8 being divided by column 4 (*b*).

Column 12 is arrived at by column 8 being divided by column 11.

EXPLANATORY MEMORANDUM ON THE ANNUAL AGRICULTURAL STATISTICAL RETURNS A TO E AND INSTRUCTIONS FOR COMPILING THEM.

1. The revenue year commences on 1st July and ends on 30th June. The returns are due in this office on or before the 15th August following.

2. *Table A.*—Table A consists of four sections, *viz.*, A-1, A-2, A-3 and A-4, and contains figures for districts (pages 1-9) as well as for taluks (pages 25-105).

3. *Table A-1.*—Column 2 shows the gross area as ascertained by the Survey and Settlement Department, and is subject to correction according as errors are discovered in re-survey of tracts.

(*a*) Column 3 shows the areas of alienated tracts (such as Jahgir, Jodi, Sarvamanyam and Kayamgutta villages) for which the statistics required for the other sections of the table are not at present forthcoming in whole or in part. When such statistics become available, the area in this column will be reduced and that in column 4 will correspondingly be increased.

(*b*) Column 4 gives the remainder which is dealt with in Tables A-2 and A-3.

4. *Table A-2.*—Column 2, "Forest" means any land classified or administered as forest under the Forest Rules, and includes District Forests and State Forests and Plantations separately mapped. Details of these should be invariably noted at foot of the return.

(*a*) Column 3 includes land absolutely unfit for cultivation, land reserved as pasture (gomal lands and kavals of sorts), public topes and Government plantations, and also all lands covered by buildings, roads, water, etc., or otherwise devoted to uses other than agriculture. When with due sanction any of these areas are made available for cultivation, they should be transferred from this column to column 5 or 6. The extent of "Pot Kharab" forming part of survey numbers should be included under this column, the same being excluded from columns 4, 5 and 6.

(*b*) Column 4 shows the area of assessed unoccupied land.

(*c*) Columns 5 and 6 show the areas of assessed occupied land not cultivated ("Kabuli-kanjar") and cultivated respectively as found in the abstract at foot of the Pahani Account (Village Account Form No. 3). Minor Inams in Government villages are included herein. In Mysore there is no system of fallows properly so called. Column 5 will therefore show land in occupation kept uncultivated from whatever cause.

(*d*) The total of these five columns will, of course, equal the figure shown in column 4 of Table A-1.

(*e*) Columns 8 to 12 show only the actual area of irrigated land, areas (if any) cropped more than once being reckoned but once.

(*f*) Columns 14 to 17 should contain the actual area of irrigated crops, areas cropped more than once being counted as separate areas for each crop.

5. *Table A-3.*—This is based entirely on the Pahani Account (Village Account Form No. 3), and shows the gross cultivated area under each crop irrespective of irrigation and double cropping, the area under the latter being included in the statement but subtracted in column 42. The area dealt with is that shown in column 6 of Table A-2. In cases where two or more crops are grown together, an estimate is made of the area covered by each, and the areas so estimated are separately returned. The estimate is made by the shanbhog on his own judgment. The areas comprised in this return are the areas actually sown, whether the crop comes to maturity or not. The failure of the crop should affect not its area but its out-turn. Where fields owing to the failure of the first sowings have been devoted to other crops, the area sown by the first sowing should be omitted. The crops to be selected for inclusion in certain heads of this table are as follows:—

Column 9.—*Gram* (pulse) should include horse gram, Bengal gram, green and black grams.

Column 10.—*Other food grains including pulses.*—Same, haraka, navane, avare or ballar, tuvar or togari, tadagani or alasandi, etc.

13. There was a decrease in the area under horse gram of about 13,800 acres, while there was an increase in out-turn of about 16,000 khandies. In the districts of Mysore and Kadur, there was an increase in out-turn notwithstanding decrease in area, while in the Chitaldrug District there was a decrease in out-turn in spite of an increase in area.

14. The area under cholum during the year was greater than in the previous year by about 5,000 acres, and there was an increase of 18,000 khandies in the out-turn. The Mysore District yielded a better crop, the out-turn being about 80,500 khandies more than in the previous year notwithstanding a slight decrease (1,400 acres) in the area under crop.

15. The total area under sugar-cane was 44,550 acres exhibiting an increase of 4,200 acres over that of the previous year, with an excess of about 107,800 maunds of jaggory in the out-turn.

PART III—Prices of some principal articles of food.

16. The prices of important food-grains, (*viz.*, rice, ragi, cholum and Bengal gram) were generally higher during the year under review as compared with the previous year except during the first two or three months.

Taking the annual average price of rice, 2nd sort, and ragi in 1886 to be 100, the prices that obtained in 1907-08 are represented by 163 and 220 respectively.

EXPLANATORY MEMORANDUM ON THE STATISTICS RELATING TO AREA AND YIELD OF PRINCIPAL CROPS.

The estimates of out-turn of crops comprised in the following pages are based upon the Village Account Form No. 3 (Pahani Takhta).

2. In this account, the area, assessment and other particulars of each field are entered from the permanent village accounts; and for each survey number, the estimated area under each crop is entered by actual field inspection every year. The inspection is to be made twice in the year to correspond with cultivation and crop time. An abstract is subjoined to the account showing the aggregate estimated area under each of the fifteen principal crops enumerated in the prescribed form.

3. In 1897, the opportunity was taken to utilize this account for estimating the year's yield of the harvest under each of five selected crops, *viz*., paddy, ragi, horse gram, cholum and sugar-cane. It was ordered that this estimate should be made by tabulating the area under each crop in the village, in a form which was prescribed as an enclosure "to the Pahani Takhta, Village Account Form No. 3." It was directed that as a rule, that is to say, except when the Deputy Commissioner would otherwise direct under Section 10 (*a*) of the Mysore Famine Code, the return should correspond with the two pahani inspections, *viz*., once before the jamabandi about the second fortnight of October while the crops are standing, and a second time after the cultivation season is over at the end of January following. Under these orders, the return is, in the first instance, prepared for each village by its shanbhog and submitted to the taluk office, where, after being examined, it is compiled for the entire taluk and transmitted to the Deputy Commissioner who, in his turn, submits to this office an abstract statement talukwar for his district before the end of April every year.

4. The out-turn is estimated for each village taken separately by the shanbhog and patel who from their intimate knowledge of the locality, may be relied upon to judge in this matter as well as possible for the purposes of a rough approximate estimate.

5. The out-turn is stated in annas, *viz*., '20 annas,' '16 annas,' '8 annas' and '4 annas' and less which would respectively represent 'bumper,' 'average,' 'middling,' and 'bad harvests.'

6. The aggregate estimated area under each crop as per pahani abstract is distributed under these four classes, and arithmetically reduced to the equivalent area under a normal, that is to say, a fair average or 16 anna crop. The standard actual yield of a normal crop per acre (16 annas) in a fairly good season is fixed for the taluk as a whole, after careful local inquiry once for all, and not afterwards altered without the previous sanction of Government. The estimated out-turn for the entire taluk is calculated on this basis, and the results for the years 1906-07, and 1907-08 are exhibited in the following pages.

(For full details of the method, see the following standing orders on the subject :—

(1) Government Proceedings No. 6150—R. 2096, dated 9th January 1897.

(2) Government Proceedings No. 7866—R. F. 130-93, dated 10th March 1897.

(3) Government Proceedings No. 5713—R. F. 130-93, dated 21st February 1899.)

9. *Agricultural operations.*—Ploughing is being continued in some places in the Bangalore, Hoskote, Dodballapur, Nelamangala, Magadi, Anekal and Devanhalli Taluks and the Closepet Sub-Taluk.

Standing crops.—Sugar-cane is in good condition in some parts of the Bangalore, Hoskote, Nelamangala and the Anekal Taluks and moderate in the Devanhalli Taluk, punaji paddy in the Dodballapur and Nelamangala Taluks, jola in the Dodballapur, Nelamangala and Devanhalli Taluks and gingelly seed in the Dodballapur, Nelamangala and Devanhalli Taluks are in good condition. Gingelly and sugar-cane are withering in some parts of the Magadi Taluk for want of rain.

Damage to crops.—Insects in some places in the Anekal Taluk are doing damage to the gingelly crop.

10. Prospects of the season are good in the Hoskote, Magadi and Anekal Taluks, moderate in the Bangalore and Nelamangala Taluks and the Closepet Sub-Taluk and hopeful in the Channapatna Taluk. Rain is generally wanted throughout the district. Scarcity prevails in some places in the Bangalore and Devanhalli Taluks.

Number of persons employed in tank and well works.—Twelve in the Hoskote Taluk, 261 in the Dodballapur Taluk, 83 in the Nelamangala Taluk, 30 in the Magadi Taluk and 50 in the Devanhalli Taluk.

Number of persons in receipt of gratuitous relief.—Three hundred and sixty-six in the Bangalore Taluk, 20 in the Dodballapur Taluk and 12 in the Nelamangala Taluk.

Food stuffs are available, but their prices continue to be high.

11. Except for small-pox in some places in the Hoskote, Magadi and Anekal Taluks and the Closepet Sub-Taluk, cholera in Banahalli (Hoskote Taluk) and measles in the Hoskote Taluk, public health generally good.

12. "Dod Roga" in some parts of the Hoskote, Nelamangala, Magadi, Anekal and Devanhalli Taluks and the Closepet Sub-Taluk, "Galisake Roga" in the Hoskote Taluk and "Neradi Roga" in the Anekal Taluk are prevailing. 339 cattle in the Anekal were inoculated against Rinderpest. Water and fodder are generally available.

KOLAR.

8. Market well supplied.

9. *Agricultural operations.*—Lands all over the district are being ploughed and prepared for sowing.

Standing crops are reported to be in good condition.

Crops sown.—Sajje in parts of the Bowringpet and Mulbagal Taluks; jola in parts of the Bowringpet and Sidlaghatta Taluks; gid ragi in parts of the Sidlaghatta and Goribidnur Taluks and the Gudibanda Sub-Taluk; haraka in parts of the

Sidlaghatta and Srinivaspur Taluks; paddy in parts of the Bowringpet, Mulbagal, Malur and Srinivaspur Taluks; and the Gudibanda Sub-Taluk; avare in parts of the Goribidnur Taluk and ground-nuts in parts of the Sidlaghatta Taluk.

Crops harvested and their outturn.—Jola in parts of the Bagepalli and Srinivaspur Taluks, yield from 4 to 8 annas. Gid ragi to a small extent in parts of the Bowringpet Taluk, yield 12 annas. Paddy under *kapile* wells in parts of the Goribidnur Taluk, yield from 8 to 10 annas.

10. Prospects of the season are encouraging. Prices of food stuffs continue to rule high. Gratuitous relief is being afforded to the needy and there is no lack of labour for the cooly classes in the district.

11. Except for cholera in parts of the Bowringpet and Malur Taluks and small-pox in parts of the Mulbagal and Goribiduur Taluks, public health is generally good.

12. Rinderpest is reported to be prevailing in parts of the Bowringpet, Bagepalli and Goribidnur Taluks and the Gudibanda Sub-Taluk. Water and fodder sufficient.

TUMKUR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing is being continued all over the district.

Standing crops are reported to be in fair condition, but castor and togari in the Pavagada Taluk require more rain.

Crops sown.—Cholum in the Tumkur Taluk; paddy, cholum, castor, haraka and baragu in the Gubbi Taluk; castor and haraka in the Tiptur Taluk; castor, ragi, cholum, til, togari and sajje in the Pavagada Taluk; paddy, castor, ragi and cholum in the Koratagere Sub-Taluk; and gid ragi, paddy cholum, til, green gram and black gram in the Turuvekere Sub-Taluk.

Crops harvested.—Paddy in the taluks of Maddagiri, Chiknayakanhalli, Sira and Pavagada and in the Koratagere Sub-Taluk; nati ragi in the Sira Taluk; and sugar-cane in the Koratagere Sub-Taluk.

10. Prospects of the season are hopeful. Food stuffs are available, but their prices are still high.

11. Except for small-pox in parts of the Maddagiri, Chiknayakanhalli and Tiptur Taluks, public health is generally good.

12. "Dod Roga" is still prevailing in certain parts of the Maddagiri, Chiknayakanhalli, Sira, Tiptur and Pavagada Taluks. Water is available. Fodder is reported to be fairly sufficient for the present.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Ploughing is being continued all over the district.

Standing crops are reported to be in good condition; but they are in need of rain in parts of the Hunsur, Heggaddevankote, Gundlupet and Nanjangad Taluks.

Crops sown.—Ragi and gingelly in parts of the Heggaddevankote Taluk; paddy (ಬರಭತ್ತ) in wet lands and haraka and paddy (ಮುರಡಿಗನಭತ್ತ) in dry lands in parts of the Mandya Taluk and haraka and paddy in parts of the Krishnarajpete Taluk, are being sown. Sowing of paddy seedlings (*Hage*) is going on in parts of the Seringapatam and T.-Narsipur Taluks.

Crops harvested.— Nil.

10. Prospects of the season are encouraging. The weather has been monsoonish for the past four or five days and high wind is prevailing. Food stuffs are available in all the taluks. It is reported that in the Krishnarajpete Taluk up to the end of last week Rs. 748-2-8 have been paid to coolies employed in tank works and that ragi worth Rs. 510-1-9 has been gratuitously distributed to relieve distress.

11. Except for plague in parts of the Mysore, Gundlupet, Nanjangud and T.-Narsipur Taluks, public health generally good.

12. "Dod Roga" and "Chappe Roga" are still prevailing among cattle in parts of the district. Water and fodder are available for the present throughout the district.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Ploughing, harrowing and weeding are continued in all parts of the district. Gid ragi is being transplanted in parts of the Hassan Taluk.

Standing crops.—Gid ragi, togari and sugar-cane in the Hassan Taluk; ragi and paddy in the Manjarabad Taluk; ragi, paddy, togari, avare and gingelly in the Arkalgud Taluk; ragi, paddy and sugar-cane in the Belur Taluk; ragi, jola, gingelly, black gram, green gram and sugar-cane in the Channarayapatna Taluk; jola, black gram, green gram, gingelly and chillies in the Arsikere Taluk; and ragi, paddy and sugar-cane in the Alur Sub-Taluk, are in good condition.

Crops sown.—Paddy in the Hassan Taluk and the Alur Sub-Taluk.

Outturn of crops.—Sugar-cane is estimated to yield 12 annas.

10. Prospects of the season are encouraging. More rain is required in parts of the Hassan and Arsikere Taluks. Food stuffs are available, but their high prices do not show any tendency to fall.

11 Except for ague, dysentery and measles in parts of the Manjarabad Taluk and cholera in parts of the Alur Sub-Taluk, public health generally good.

12. Cattle are generally in fair condition. But "Dod Roga" exists in parts of the Hassan, Manjarabad and Arsikere Taluks. Water-supply is sufficient in all parts. Pasture and fodder are available in small quantities. Fodder continues to be imported into the Arsikere and Channarayapatna Taluks.

SHIMOGA.

8. Market fairly well supplied.

9. *Standing crops.*—Sugar-cane crop throughout the district and gingelly and green gram in the Honnali and Channagiri Taluks are in good condition. The standing rice crop has been benefited by the recent rains.

Crops sown.—Paddy was sown during the week in several places.

Crops harvested.—Nil.

10. Prospects of the season have improved considerably. The South-west monsoon appears to have set in early this year. Food stuffs are available but their prices still continue to be high. Paddy is being exported from the Sagar Taluk towards Gersoppa.

11. Public health generally good. But ordinary fever is prevailing in the Tirthahalli Taluk.

12. "Dod Roga" prevails in parts of the Shimoga Taluk; while in the Honnali Taluk it is decreasing. Water and fodder are available.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all parts of the district.

Standing crops are reported to be in good condition.

Crops sown.—Paddy, avare, ragi, coriander and jola in Chikmagalur; paddy in Koppa and Yedahalli and paddy and ragi in Mudgere are being sown.

Crops harvested and their yield.—

In Chikmagalur—Kar paddy on a small scale.

In Kadur—Sugar-cane, yield 8 annas.

10. Prospects of the season are hopeful. Food stuffs are available, but their prices are still high.

11. Public health generally good.

12. Cattle generally healthy. Water available everywhere. Fodder is becoming available in the maidan parts.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops*, such as jola, sesamum, paddy, wheat, togari, castor, ragi, green gram, black gram and cotton are reported to be in fairly good condition.

Crops sown.—Jola, green gram and black gram in the Chitaldrug and Holalkere Taluks; paddy in the Chitaldrug and Davangere Taluks; ragi in the Chitaldrug and Challakere Taluks; cotton in the Chitaldrug Taluk sesamum in the Challakere, Hiriyur, Holalkere, Davangere and Jagalur Taluks and the Harihar Sub-Taluk; jola in the Hiriyur, Challakere and Jagalur Taluks; castor in the Challakere, Hiriyur, Holalkere and Jagalur Taluks; togari in the Challakere and Holalkere Taluks; and wheat in the Jagalur Taluk.

Crops harvested and their yield.—Paddy in the Challakere and Hiriyur Taluks, yield from 6 to 12 annas.

10. Prospects of the season are fair. Food stuffs are available.

11. Public health generally good.

12. Cattle healthy, except in parts of the Chitaldrug Taluk, where Rinderpest prevails. Water and fodder available.

* Relief to weavers.

† These figures were being hitherto entered wrongly under "Advances for restoration to minor tanks" in the return from Channagiri Taluk and they have been transferred to the proper head in the present statement.

N. B.—(1) Some of the taluks having failed to furnish the required information, the details given above are incomplete.

(2) The figures under "Loans to Artizans" in the Bangalore District are in excess of the allotment sanctioned for the purpose, as advances are made also out of the realizations from the sale of cloths.

GENERAL CONDITIONS.

---

1. In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, at least four days prior to the Show, what number of pots they intend to enter and for what prize they intend to compete. Entry forms are supplied on application to the Superintendent and exhibitors are requested to use these.

2. The large foliage groups should be ready arranged two days before the Show.

3. Plants intended for competition should be delivered in the Conservatory before 4 P.M., on the day previous to the Show.

4. Cut Flowers may be delivered up till 2 P.M., on the day of the Show, but not later if intended for competition.

5. No prize shall be awarded unless there are at least two competitors for it, except in cases of rare excellence, when the Judges will use their own discretion.

The number of exhibits in all classes and sections should exceed the number of prizes offered, otherwise the Judges will be authorised to reduce the full value of such prizes.

6. It shall also be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

7. Obtrusive staging, overcrowding, packing to conceal blemishes, and artificial support to blooms, etc., will be judged as defects to an exhibit, preference being given to natural growth and artistic arrangement.

8. Where a number limit is laid down, any exhibit exceeding that number shall be disqualified.

9. Where one plant of each kind or variety is specified as a condition, any exhibit containing duplicates shall be disqualified.

NOTE.—For the purpose of the exhibition the words kinds and varieties may be illustrated as under:—apples, oranges, figs, grapes, etc., are distinct *kinds* of fruits. Ribston Pippin, Blenheim Orange, Golden Reinette, etc., are distinct *varieties* of apples. Roses, Chrysanthemums, Dahlias, etc., are distinct kinds of flowers. Marechal Niel, Crimson Rambler, La France, etc., are distinct *varieties* of roses. Cabbage, Beans, Beet, Carrot, etc., are distinct *kinds* of vegetables. Sugarloaf, Early Drumhead, Enfield Market, etc., are distinct *varieties* of cabbages.

10. Two or more persons may not compete for prizes separately with plants, etc., from the same garden.

11. If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

12. All exhibits sent for competition must be *boná-fide* the produce of, or have been raised by, the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name can compete for prizes but not for medals.

13. Exhibitors will not be permitted to remove their exhibits until the Show is closed, and gardeners and others found offering articles for sale before 6 P.M., on the day of the Show shall be summarily ejected.

14. No one can be a Judge in any class in which he may be an exhibitor.

15. Similarly while judging is going on no exhibitor is permitted to be in the Exhibition and any exhibitor acting contrary after being asked to retire will have his exhibits disqualified.

16. The names of exhibitors can only be attached to exhibits when the judging has been completed.

The following Rules for awarding medals at the Horticultural Shows are hereby notified to the Public:—

The Government of His Highness the Maharaja have sanctioned the grant of medals in addition to the usual money prizes offered at the half-yearly Horticultural Shows, subject to the following conditions:—

(1) The medals will consist of, a gold medal for classes I, II and III, a silver medal for class V and a bronze medal for class VI.

(2) These medals will be awarded by the Judges, at their discretion, at the Summer Show held in July or August in each year.

(3) The following exhibitors will be qualified for the award of a medal:—

(*a*) The exhibitor of the best all-round exhibit in the appropriate class or classes, taking the two shows of the calendar year together.

(*b*) The exhibitor of an exhibit of more than ordinary excellence in any group.

(*c*) The exhibitor of any specially meritorious novelty.

(4) No exhibitor who has been awarded a medal in any class will be qualified to receive another medal in that class during the three calendar years succeeding that in which he has received the medal.

(5) No exhibitor will be qualified to receive a medal who is not the *boná-fide* cultivator of his exhibit or the actual occupant of the garden in which the exhibit was raised, *e.g.*, no contractor, who has merely purchased fruit or vegetables exhibited will be eligible.

(6) It will be open to the Judges to withhold any or all the medals in any year on the ground of deficiency of merit in the exhibits.

DISTRICT REPORTS.

8. Markets how supplied.
9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.
10. Prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.
11. Public health.
12. Remarks as to the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE CIVIL AND MILITARY STATION.

		Average for the past five years of the corresponding week.	Current.	
Prices of food grains—	Rice	7·2	$6\frac{1}{4}$ to $6\frac{1}{2}$	seers per rupee.
	Ragi	17·9	$11\frac{1}{2}$ to 12	seers per rupee.

Rangoon rice, 2nd sort, $7\frac{1}{2}$ seers per rupee.

Agricultural operations.—Fields are being ploughed. Cattle are in good condition. Water and fodder sufficient.

BANGALORE CITY AND TALUKS.

8. Market generally well supplied.

9. *Agricultural operations.*—Ploughing is being continued in some places in the district.

Standing crops.—It is reported that punaji paddy is in good condition in the Dodballapur Taluk; and that the condition of sugar-cane is good in the Kankanhalli Taluk, moderate in the Bangalore, Anekal and Devanhalli Taluks and withering for want of rain in the Magadi Taluk. The condition of gingelly is good in the Kankanhalli Taluk, moderate in Anekal and withering in the Magadi Taluk and the Closepet Sub-Taluk.

Crops sown.—Punaji paddy in some places in the Nelamangala Taluk; ragi in the Dodballapur Taluk and paddy and sugar-cane in the Channapatna Taluk, are being sown.

Damage to crops.—Damage is being done by insects to gingelly in some places of the Devanhalli Taluk.

10. Prospects of the season are reported to be good in the Magadi and Anekal Taluks, moderate in the Bangalore and Nelamangala, and Devanhalli Taluks and the Closepet Sub-Taluk and hopeful in the Channapatna Taluk. Rain is badly wanted throughout the district. Scarcity, which prevailed in some places in the Bangalore and Devanhalli Taluks, is subsiding.

Number of persons employed in tank and well works.—Ninety-one in the Dodballapur Taluk, 102 in the Nelamangala Taluk and 55 in the Devanhalli Taluk.

Number of persons in receipt of gratuitous relief.—Three hundred and fifty in Bangalore and 20 in Dodballapur. The prices of food stuffs are very high, as usual.

11. Except for sore-eyes in some places in the Magadi Taluk and small-pox in the Anekal Taluk and the Closepet Sub-Taluk, public health generally good.

12. "Dod Roga" in the Nelamangala, Kankanhalli and Devanhalli Taluks and the Closepet Sub-Taluk and "Neradi Roga" in the Anekal and Devanhalli Taluks are prevailing. Water and fodder are moderately available.

KOLAR.

8. Market well supplied.

9. *Agricultural operations.*—Ploughing is being continued all over the district and lands are being manured and kept ready for sowing.

Standing crops are said to be in fair condition.

Crops sown.—Paddy in parts of the Bowringpet, Sidlaghatta, Malur and Srinivaspur Taluks and the Gudibanda Sub-Taluk; haraka in parts of the Sidlaghatta and Bagepalli Taluks; ragi in parts of the Chikballapur and Goribidnur Taluks; and sajje and chillies in parts of the Bagepalli Taluk.

Crops harvested and their outturn.—Paddy in parts of the Bagepalli Taluk, yield 8 annas; and paddy under *kapile* wells in the Goribidnur Taluk, yield from 8 to 10 annas.

10. Prospects of the season are encouraging. Food stuffs are available, but their prices continue to be high. Want of rain is felt all over the district. Labour is available for the cooly classes.

11. Except for small-pox prevailing in parts of the Mulbagal and Srinivaspur Taluks, public health generally good.

12. Rinderpest is reported to be prevailing in parts of the Bowringpet, Bagepalli, Goribidnur and Srinivaspur Taluks and the Gudibanda Sub-Taluk. Water and fodder are available.

TUMKUR.

8. Market well supplied.

9. *Standing crops* are reported to be in fair condition, but dry crops in the Pavagada Taluk are beginning to wither for want of rain.

Crops sown.—Ragi and paddy in the Tumkur Taluk; ragi, castor and cholum in the Maddagiri Taluk; ragi, avare and togari in the Chiknayakanhalli Taluk; paddy, haraka, castor and cholum in the Gubbi Taluk; avare, togari, castor and paddy in the Tiptur Taluk; nati ragi in the Pavagada Taluk; ragi, avare, togari and cholum in the Koratagere Sub-Taluk; and paddy in the Turuvekere Sub-Taluk.

Crops harvested.—Paddy in the Maddagiri Taluk; baragu in the Tiptur Taluk; and paddy and sugar-cane in the Koratagere Sub-Taluk.

10. Prospects of the season are hopeful. Food stuffs are available, but their prices are still high.

11. Except for small-pox in parts of the Chiknayakanhalli and Tiptur Taluks, public health generally good.

12. "Dod Roga" is still prevailing in certain parts of the Chiknayakanhalli, Tiptur and Pavagada Taluks. Water is available. Fodder is reported to be sufficient for the present.

MYSORE.

8. Market fairly well supplied.

9. *Agricultural operations.*—Lands in parts of the Seringapatam, Yedatore, T.-Narsipur, Malvalli, Mandya, Krishnarajpete and Nagamangala Taluks are being ploughed.

Standing crops are in urgent need of rain all over the district.

Crops sown.—Ragi, gingelly and togari in parts of the Heggaddevankote Taluk and paddy in parts of the Malvalli and Mandya Taluks are being sown.

Crops harvested.—Til and black gram in parts of the T.-Narsipur Taluk are being gathered.

10. Prospects of the season fair. Food stuffs are available in all the taluks. It is reported that in the Krishnarajpete Taluk up to the end of last week Rs. 767-13-11 have been paid to coolies employed on tank works and that ragi worth Rs. 536-8-1 has been gratuitously distributed to relieve distress.

11. Except for plague in a few places in the district and small-pox in parts of the Mysore Taluk, public health generally good.

12. "Dod Roga" in parts of the Chamrajnagar, Nanjangud, Seringapatam, Gundlupet and Malvalli Taluks and "Dod Roga," "Sappe Roga" and "Foot and mouth" disease in parts of the Mysore Taluk are still prevailing among cattle. Water and fodder are available for the present throughout the district.

HASSAN.

8. Market fairly well supplied.

9. *Agricultural operations.*—Harrowing is continued still in parts of the Hassan and Arkalgud Taluks. Land is being prepared, etc., for sowing *hingar* crops in the Channarayapatna and Arsikere Taluks.

Standing crops.—Gid ragi, togari, castor, avare, gingelly, paddy and sugar-cane are generally in good condition.

Crops sown.—Paddy is being sown in the Hassan Taluk. Paddy in the Manjarabad Taluk and the Alur Sub-Taluk and gid ragi in the Hassan and Hole-Narsipur Taluks are being transplanted.

Crops harvested.—Kar paddy in the Manjarabad Taluk and sugar-cane in the Channarayapatna Taluk are being harvested—yield of sugar-cane is estimated at 12 annas.

10. Prospects of the season are fair. Early rain is required in almost all parts of the district for the standing crops and for the sowing of *hingar* crops. Food stuffs are available, but their prices remain high.

11. Except for plague in part of the Hassan Taluk and cholera in parts of the Alur Sub-Taluk, public health is generally good.

12. Cattle are generally in fair condition. "Dod Roga" still exists in parts of the Manjarabad Taluk. Water-supply is sufficient. Pasture is generally available. Fodder is getting scarce. It continues to be imported to a small extent into the Arsikere and Channarayapatna Taluks.

SHIMOGA.

8. Market fairly well supplied.

9. *Agricultural operations.*—Transplanting of paddy is going on in the Sagar, Nagar and Tirthahalli Taluks.

Standing crops.—Sugar-cane throughout the district and gingelly, green gram, baragu and castor in the Honnali and Channagiri Taluks, are in good condition.

Crops sown.—Sowing of paddy has been completed in the Sorab and Tirthahalli Taluks, and ragi and jolam are being sown in the Honnali, Channagiri and Sorab Taluks.

Crops harvested.—Nil.

10. Prospects of the season are hopeful. Food stuffs are available but their prices still continue to be high.

11. Except for cholera, which is decreasing in the Honnali Taluk, public health is generally good.

12. "Dod Roga" is decreasing in the Honnali and Shimoga Taluks. Water and fodder are available.

KADUR.

8. Market well supplied.

9. *Agricultural operations.*—Transplanting of paddy is going on in Koppa and Sringeri.

Standing crops.—

In Chikmagalur—Paddy, ragi, jola, sugar-cane, coriander, togari, avare, wheat, garlic, onion and potato.

In Kadur and Tarikere—Paddy, jola, coriander, ragi, black gram, green gram, sugar-cane, gingelly, castor, baragu and tadagani.

In Koppa and Sringeri—Paddy.

In Mudgere—Paddy and ragi.

In Yedahalli—Paddy and sugar-cane, these are reported to be in good condition.

Crops sown.—Gingelly, jola, paddy, wheat and kusumbe in Kadur and paddy, ragi, black gram and jola in Tarikere, are being sown.

Crops harvested and their yield.—

In Chikmagalur—Kar paddy, yield 12 annas.

In Kadur—Sugar-cane, yield on a small scale.

In Mudgere—Kode paddy, yield from 10 to 12 annas.

10. Prospects of the season are fair. Food stuffs are available, but their prices continue to rule high.

11. Public health is generally good.

12. Cattle are generally healthy. But it is reported that in the Harur village of the Koppa Taluk a certain kind of throat disease is prevailing among cattle. Water and fodder are available.

CHITALDRUG.

8. Market well supplied.

9. *Standing crops*, such as ragi, jola, togari, paddy, cotton, castor, green gram, black gram and sessamum, are reported to be in fairly good condition.

Crops sown.—Ragi in the Chitaldrug and Holalkere Taluks; jola in the Chitaldrug, Davangere and Jagalur Taluks; paddy, togari and cotton in the Chitaldrug Taluk; castor in the Chitaldrug, Holalkere and Jagalur Taluks; wheat and sessamum in the Jagalur Taluk; and avare in the Holalkere Taluk.

Crops harvested and their yield.—Paddy in the Hiriyur Taluk, yield 12 annas; jola in the Molakalmuru Taluk, yield from 4 to 8 annas.

10. Prospects of the season fair. Food stuffs available.

11. Public health generally good.

12. Cattle healthy, except in parts of the Hiriyur and Holalkere Taluks, where rinderpest prevails. Water and fodder available.
